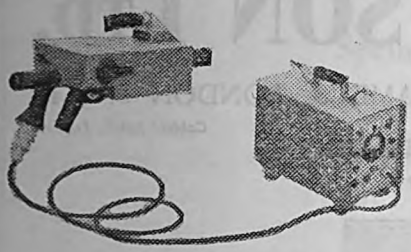
Developments in 1964

Barr & Stroud continue to develop and manufacture new products for the Armed Forces and for industry, some of which are illustrated here.



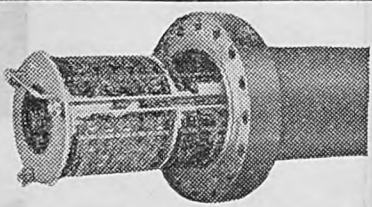
LASER RANGEFINDER

Barr & Stroud, who invented the optical rangefinder, have an agreement with Hughes Aircraft Company, who pioneered the laser principle, to develop laser rangefinders. Laser rangefinders have advantages over conventional instruments. They are extremely accurate at longer ranges and are virtually impossible to detect when in use.

The illustration (taken early in 1964) shows a prototype of a field model, designed to be carried and used by one man.

PERISCOPE TELEVISION

An interesting industrial application of the Barr & Stroud low light television system is the installation at the European Dragon nuclear reactor at Winfrith, where it is combined with a periscope to view right inside the reactor pressure vessel. Both optics and electronics are specially designed to give absolute reliability under the most rigorous conditions.



MORSE CODE AUTOMATIC KEYING DEVICE

This is a miniaturised device to key, automatically, a short predetermined morse code message to be sent from a transmitter or flashing light. It contains neither moving parts nor vacuum tubes and therefore is very reliable. It is particularly suitable for incorporation in distress signalling units.

HEATED WINDOWS

The Barr & Stroud wire heated windows have been developed for the armed forces and are resistant to thermal and mechanical shock. They are particularly suitable for optical instruments as they combine high light transmission with freedom from distortion.

NOTES

Officers and others who may notice errors or omissions in the List are invited to communicate direct with

The Editor of the Navy List,
Ministry of Defence (N.P. 2),
Old Admiralty Building,
Whitehall,
London, S.W.1,

mentioning the ship or page in question. Communications should be marked " On Her Majesty's Service," and need not be stamped.

The Navy List is published four times a year—in the Spring, Summer, Autumn and Winter.

The Spring edition is the full edition, on sale to the public, and is published in February. The other editions are abridged and contain only the alphabetical list of officers of the R.N., R.M. etc., the list of ships and air squadrons, etc., with their key officers and a few other pages, but the Autumn edition also contains the seniority lists of R.N., R.M., W.R.N.S., Q.A.R.N.N.S. and Commonwealth officers. The Summer, Autumn and Winter editions are published in May, August and November respectively.

The Navy List of Retired and Emergency List Officers is published in November every other year, the next edition being 1965.

The rates of pay, regulations, &c., are contained in a special sale publication entitled "Appendix to the Navy List," which is published annually in August.

Officers who succeed to peerages, baronetcies, or courtesy titles should immediately notify the Editor in order that the necessary alterations may be made in the Navy List and official records.

The degrees shown after Officers' names in the Navy List are not necessarily a complete list of those held, but, generally speaking, are confined to degrees of an honorary nature conferred specially upon an Officer, and those which are so related to the professional duties of an Officer as to give some indication of his professional qualifications.

This edition of the Navy List is corrected to include those promotions, appointments, etc., promulgated on or before 10th December, 1964, as becoming effective on or before 31st January, 1965.

The above list is issued for the information of Captains of Her Majesty's Ships with reference to the provisions of Article 1252 of the Queen's Regulations and Admiralty Instructions, under which they are authorised to ascertain whether British Merchant Ships (including Fishing Vessels) flying the Blue Ensign of Her Majesty's Fleet are legally entitled to do so.

2. The detailed regulations issued by the Ministry of Defence (Navy Department) and the Ministry of Transport lay down the following conditions relative to the wearing of the Blue Ensign:—

The Blue Ensign *is not to be worn if*—

(*a*) from any circumstances, the Officer to whom the Warrant was issued is not in command of the ship;

(*b*) the number of persons qualifying as "reservists" (see *Note* below), in addition to the Commanding Officer, is less than the following requirement:—

(i) in a ship other than a fishing vessel, one reservist officer,

(ii) in a fishing vessel, four reservists,

unless it can be shown by the endorsements on the Agreement or by entries in the official log, that the reduction in the number has been caused by death, sickness, desertion, or joining a British Man of War, or by some unavoidable casualty.

3. Commodores on the active or retired lists of the Royal Naval Reserve or Commonwealth Naval Reserves qualify for the privilege in their own right, without the requirement of a number of reservists.

4. Article 1252 of Queen's Regulations and Admiralty Instructions prescribes the action to be taken by the Captain of one of Her Majesty's Ships if a merchant ship is found to be wearing the Blue Ensign without the Warrant or otherwise not complying with the foregoing regulations.

Note.—"Reservists" can include Officers and men of the Royal Naval Reserve or of a Commonwealth Naval Reserve, time-expired ratings who have completed 20 years' service in the Royal Naval Reserve, members of the Royal Naval Special Reserve, Officers on the retired or emergency lists of the Royal Navy or of a Commonwealth Navy, men belonging to the Royal Fleet Reserve, Royal Naval Pensioners and Royal Marine Pensioners.

Applications for admission should be made to the Director of Greenwich Hospital at the address given below as soon as boys reach the age of 10 and before the age of 10½. Applications on behalf of over-age boys can be considered only where there are exceptionally strong compassionate circumstances, e.g., death of a parent. After educational and medical examinations, entries to the School are made in September, January and May, and places are allotted as they become available after the boy reaches the age of 11½.

No fees are charged for boarding facilities or clothing. The current fee for tuition is £100 a year. Parents and guardians are responsible for maintenance during the School holidays, for fares to and from School, and for reasonable pocket money. It comprises both grammar school and secondary modern streams, with subsequent VIth Form courses for the more able boys; the routine arrangements provide for transference between streams according to progress made. Curricula are based on five-year courses leading to the appropriate school-leaving examinations, i.e., the Ordinary level of the General Certificate of Education for grammar school streams and (from 1966) the Certificate of Secondary Education for the secondary modern streams: boys selected to enter Form VI then continue for a further two, or sometimes three, years, working for the G.C.E. examinations at Advanced level, success in which qualifies them academically for entry to the universities and progessions, and for Cadetships in the Armed Forces.

(*b*) to applicants of male sex under 30 years of age on 1st January of the competing year who have served in the Royal Navy, Army or the Royal Air Force.

Since 1945 the Fund has received valuable assistance from King George's Fund for Sailors, the Army Benevolent Fund and the R.A.F. Benevolent Fund in carrying out this object.

Since 1951 it has administered also for the King George's Fund for Sailors, the male section of the South African Women's Auxiliary Service Memorial Scholarships, under similar conditions, but for service in the Royal Navy only.

Kitchener Medical and Dental Services Scholarships, for which the money is provided by the Services, are awarded similarly each year, two each for each service:

(*a*) to sons of officers and men or women or of ex-officers and men or women of Her Majesty's Regular Forces;

(*b*) to sons of officers and men or women or ex-officers and men or women of the Reserve and Auxiliary Forces who served in the Great War of 1914–18 and/or the World War of 1939–45, who are over 17 and under 20 years of age on 1st January of the year of competing (but the Committee may consider applicants over 20 who had before that age begun an approved medical or dental course) and who require financial assistance to undergo a course of medical or dental education with a view to obtaining commissions in the Medical or Dental Branches of the Royal Navy, Army or the Royal Air Force.

The scholarships are granted on the conditions that the scholar, on becoming qualified to practise medicine and surgery or dentistry, will apply at once for a commission, under current regulations, in the Medical or Dental Branch of the Service for which he was selected and that if granted such a commission he will render not less than five years' actual service on full pay; if, however, he does not continue in the service and serve for at least 15 years, the money spent by the Service on his scholarship will be deducted from any gratuity that may be due to him on relinquishing his commission.

Applications for both classes of scholarships can be received only in January or February each year, and must be made on an application form obtainable during those months *from the Secretary at the above address.*

10 RATES OF PAY AND MARRIAGE ALLOWANCE FOR NAVAL RATINGS (INCLUDING MEMBERS OF THE WOMEN'S SERVICES) AND ROYAL MARINES (OTHER RANKS)

The basic rates of pay in all branches depend on the period for which a man is committed to serve. Those on engagements for periods of nine years or more will receive the "Standard rate of pay," those serving for less than nine years will receive the lower "seven year rate of pay." In deciding which scale a man is to receive account is taken of their previous service rendered. Pay also varies according to the qualifications held, the classification being denoted alphabetically in the following tables.

SECTION I

SERVICE RETIRED PAY FOR PERMANENT OFFICERS OF THE ROYAL NAVY AND ROYAL MARINES

(*Note.*—On and after 1st April, 1964, the powers conferred on the Admiralty by relevant Orders in Council are exercisable by, or on behalf of, the Secretary of State for Defence.)

1. *Scope of Regulations.* The provisions of this Section relate with effect from 1st April, 1964, to officers holding permanent commissions in the Royal Navy or Royal Marines, including officers of the Shore Wireless Service and officers transferred to the Royal Navy from the Royal Naval Reserve or the former Royal Naval Volunteer Reserve, officers of the former Air Branch eligible for retired pay, and officers on the Supplementary List who have been granted pensionable or permanent commissions, who retire from the active list on or after 1st February, 1964. Subject to the provisions of the Forfeiture Act, 1870, and the Admiralty Pensions Act, 1921, they relate also to retired officers whose commissions are terminated or whose names are removed from the List of Retired Officers because of misconduct. They do not apply to officers holding temporary or short service commissions or officers on the Supplementary List who have not been granted pensionable or permanent commissions. Nor do they apply to regular seamen granted temporary Special Duties or Branch or Warrant rank before 1st December, 1951, who are eligible for retired pay under previous codes and who, on retirement on or after 1st February, 1964, will be awarded pensions under the regulations for ratings unless the previous provisions for the award of retired pay are more favourable.

2. *Retirement for age or non-employment.* An officer retiring on or after attaining the age limit fixed for service in his rank and branch, or, it having been decided that further employment is not available for him, retired compulsorily before attaining that age limit, may be granted retired pay, provided that, unless the special provisions set out in paragraph 6 are relevant, he has completed at least 16 years' reckonable service as defined in paragraphs 27 to 31 below. In the event of eligibility for full pay continuing after formal retirement, the award will take effect from the day following that in respect of which full pay was last payable.

3. *Rank.* The rate of retired pay will be based on the officer's rank for retired pay purposes, as defined in paragraphs 22 to 26, and on the length of his reckonable service calculated in accordance with paragraph 31.

4. *Rates of retired pay.* Subject to the provisions of this Section, retired pay may be awarded at the following rates:—

5. *Interpolation.* When an officer's reckonable service exceeds a given number of years (up to and including 33 years) by one or more complete quarters of a year, his retired pay will be increased by that number of quarters of the difference between the rate for the number of years completed and the rate that would have been awarded had a further complete year been served.

6. *Late entrants*

(*a*) If an officer was appointed to a permanent commission before 1st April, 1960, at an age later than that of the normal entrant and, in consequence of his late entry, has not completed sixteen years' reckonable service at the time of compulsory retirement for age or non-employment, as provided in this Section, retired pay may nevertheless be granted at the discretion of the Ministry of Defence provided he has completed at least 15 years' qualifying service.

(*b*) Retired pay will be awarded at the rate appropriate to 16 years' reckonable service with one deduction at the appropriate rate shown below for each year, and proportionately by quarters of a year, by which his reckonable service is less than 16 years:—

	£ *a year*
Lieutenant	20
Lieutenant-Commander ..	25
Commander	30

7. *Voluntary Retirement.* An Officer with at least 16 years' reckonable service who retires at his own request on or after reaching the age of 40 years and before reaching the age of 50 years may be granted retired pay at the rates set out in paragraphs 4 and 5 abated by 7½ per cent. At other ages the retired pay will be as indicated in paragraphs 4 and 5. Officers transferred from the Reserves or from temporary service or while holding Supplementary List or Short Service commissions will not be eligible for retired pay on voluntary retirement unless they have in addition rendered five years' service from the date of transfer to the permanent list.

8. *Invaliding*

(*a*) An Officer with at least 16 years' reckonable service will, on invaliding, be granted retired pay at the rates set out in paragraphs 4 and 5.

Digitized by Google

(*b*) An Officer who has not given 16 years' reckonable service but has completed ten years' qualifying service will also be awarded retired pay on invaliding. The rate of retired pay will be calculated by making deductions from the rate appropriate to 16 years' reckonable service for each year by which his reckonable service falls short of 16 years. The deductions will be as follows:—

Officers on the Special Duties List

	£ *a year*
Sub-Lieutenants	27 10s.
Lieutenants	35
Lieutenant-Commanders ..	40

Other Officers

	£ *a year*
Lieutenants	35
Lieutenant-Commanders ..	40
Commanders	45

Proportionate reductions will be made in respect of quarters of a year.

9. *Retirement for Incapacity, Unsuitability or Inefficiency*

(*a*) *Not within an officer's control.*—An officer who is retired for incapacity, unsuitability, or for inefficiency, not due to causes within his own control, and having at least 16 years' reckonable service, may be granted retired pay as for a compulsory retirement on account of non-employment.

(*b*) *Within an officer's control.*—An officer who is retired for incapacity, unsuitability or inefficiency due to causes within his own control, but not amounting to misconduct, and having at least 16 years' reckonable service, may be granted an award of retired pay at such rate as the Ministry of Defence may determine, but not in any event exceeding the rate which would have been admissible had he retired voluntarily.

10. *Retirement, etc. for misconduct*

(*a*) An officer who is retired for misconduct with at least 16 years' reckonable service, may be granted retired pay at such rate as the Ministry of Defence may determine, but not in any event exceeding 90 per cent of the rate of retired pay which would have been admissible had he retired at his own request.

(*b*) *Dismissal, etc.*—An officer with at least 16 years' reckonable service who is dismissed the Service or dismissed with disgrace by sentence of Court Martial or whose name has been removed from the List of Officers or who has been allowed to resign his commission to avoid trial by Court Martial, may be granted a compassionate allowance at Ministry of Defence discretion, but not in any event exceeding 90 per cent of the rate of retired pay which would have been admissible had he retired at his own request.

11. The Ministry of Defence may, in the exercise of their discretion under sub-paragraph 9(*b*) and paragraph 10, grant a gratuity, or compassionate gratuity, in place of retired pay or compassionate allowance.

12. *Special rules relating to officers promoted from the lower deck.*—An officer promoted to a permanent commission while serving on a normal regular engagement and who serves continuously until retired may be granted either:

(*a*) Retired pay under the conditions set out in this Section, provided he has served for not less than 5 years on a permanent commission; or

(*b*) Retired pay under the current rules for the award of ratings' pensions.

SECTION II
TERMINAL GRANTS IN ADDITION TO SERVICE RETIRED PAY

13. Any officer retired from the active list on or after 1st February, 1964, and awarded retired pay under Section I may be awarded a terminal grant, in addition to his retired pay, under the following conditions:—

(*a*) The standard rate of grant will be three times the annual amount of the retired pay awarded.

(*b*) Except as provided in paragraph 47, an officer can qualify only once for a grant.

(*c*) The grant will be free of income tax.

14. A terminal grant under paragraph 13 shall not be admissible in the case of an officer to whom sub-paragraph 10(*b*) applies, but a tax-free compassionate grant not exceeding three times the annual amount of the compassionate allowance may be awarded at the discretion of the Ministry of Defence.

15. In the event of eligibility for full pay continuing after formal retirement, payment of terminal grant will not be made before the day following that in respect of which full pay was last payable.

SECTION III
SERVICE GRATUITIES FOR PERMANENT OFFICERS

General List, Medical, Dental and Instructor Officers

16. Permanent officers other than those on the Special Duties List may, on retirement on or after 1st February, 1964, if ineligible for service retired pay, be granted a gratuity as follows:—

(*a*) On compulsory retirement for age or non-employment or on retirement at own request, with at least 10 years' qualifying service:—

	£
For the first 10 years' qualifying service	1,250
For each further year's qualifying service, an addition of	250

Officers transferred to the Permanent List from the Reserves or from temporary service or while holding Supplementary List or Short Service or Extended Service Commissions, will not be eligible for gratuities on voluntary retirement unless they have rendered five years' service from the date of transfer to the permanent list.

Digitized by Google

(*b*) On invaliding with less than the ten years' service required to qualify for retired pay, a gratuity at the rate of £200 for each complete year of qualifying service.

(*c*) If retired on account of incapacity, unsuitability or inefficiency not due to causes within his control:—

(1) If with 10 or more years' qualifying service, a gratuity as in sub-paragraph (*a*) above;

(2) If with less than 10 but not less than two years' qualifying service, a gratuity at the discretion of the Ministry of Defence, not exceeding £100 for the first two years' qualifying service with additions at the rate of £100 for each additional complete year of qualifying service.

(*d*) If retired for incapacity, unsuitability or inefficiency or other cause within his own control, but not amounting to misconduct, with at least 10 years' qualifying service, a gratuity of such amount as the Ministry of Defence may determine, but not in any event exceeding the amount which would have been admissible under sub-paragraph (*a*) above had the officer retired at his own request.

(*e*) If retired for misconduct, or on termination of commission for any of the reasons set out in sub-paragraph 10(*b*), with at least 10 years' qualifying service, a gratuity, or a compassionate gratuity, if the Ministry of Defence so decide and of such amount as they may determine, but not in any event exceeding 90 per cent of the award which would have been admissible had the officer retired at his own request.

Special Duties List (SD) Officers

17. On retirement on or after 1st February, 1964, with insufficient service to qualify for retired pay, officers on the Special Duties List may be granted a gratuity as follows, subject to the completion of a minimum period of twelve years' actual service from age 18:—

(*a*) If permitted to retire at their own request, a gratuity on the following scale:—

(1) *Rating Service*

For each year of qualifying service in excess of five years up to ten years	£14
For each year of qualifying service in excess of ten years up to 14 years	£35
For each year of qualifying service in excess of 14 years up to 17 years	£49
For each year of qualifying service in excess of 17 years	£56

(2) *Officer Service*

For each year of qualifying service as Commissioned Officer (Branch List), R.N. or R.M., or Sub-Lieutenant (S.D.), R.N., or Second Lieutenant (S.D.), R.M. £104 normally, but £139 for each complete year served after completion of 12 years' total service.

For each year of qualifying service as Senior Commissioned Officer (Branch List), R.N. or R.M., or Lieutenant (S.D.), R.N. or R.M., or above £188

(*b*) If retired on account of incapacity, unsuitability or inefficiency not due to causes within his own control, a gratuity as in sub-paragraph (*a*) above.

(*c*) If retired for incapacity, unsuitability or inefficiency or other cause within his own control, but not amounting to misconduct, a gratuity of such amount as the Ministry of Defence may determine but not in any event exceeding the amount which would have been admissible under sub-paragraph (*a*) above had the officer retired at his own request.

18. An Officer with sufficient service to qualify for an award of retired pay, or for an award of pension on ratings' scales (with special increments for service as officer), will not be eligible for an alternative award of gratuity on the foregoing scale.

19. If retired on or after 1st February, 1964, for misconduct, or on termination of commission for any of the reasons set out in paragraph 10 (*b*) of Section 1, with at least twelve years' actual service from age 18, a gratuity or a compassionate gratuity may be allowed at the discretion of the Ministry of Defence, but not in any event exceeding 90 per cent of the award which would have been admissible under paragraph 17, had the officer retired voluntarily.

20. Any officer who has served on a rating's engagement, conferring eligibility for a rating's gratuity on completing at least ten years' service after age 18, will have a reserved right to an award under paragraphs 17 and 19, on completion of ten years' such service instead of twelve years'.

21. If invalided with less than ten years' qualifying service and with insufficient service to qualify for pension on the ratings' scale, a gratuity at the rate of £166 for each complete year of qualifying service may be granted.

SECTION IV
RANK AND SERVICE

Rank for Retired Pay Purposes

22. Subject to the following paragraphs, the rank for retired pay purposes shall be the substantive rank held by the officer on his retirement, provided that, unless the officer is invalided, the rank had been held on the active list for the following minimum period:—

(1) Admiral; General, Royal Marines	1 year
(2) All other officers	2 years

If the substantive rank has been held for less than the period specified, the rank for retired pay purposes shall be the highest substantive rank which (with periods spent in higher substantive rank) satisfies the condition. On invaliding, the rank for retired pay purposes shall be the substantive rank held by the officer on his retirement.

23. Service as Acting Captain, Royal Navy, may be reckoned towards the requirement of six years' service as Captain irrespective of the date of substantive promotion.

Additions to Retired Pay for Service in Paid Acting Rank

24. Subject to the general conditions in paragraph 25 below, paid acting and temporary rank held by officers of the Royal Navy, Royal Marines and Women's Royal Naval Service and members of Queen Alexandra's Royal Naval Nursing Service may reckon for increase of retired pay as follows:—

(*a*) For each complete year (subject to a maximum of three) for which the paid acting or temporary rank was held, there may be added one-third of the difference between the retired pay for which the officer is eligible and the retired pay for which he would have been eligible had his rank for retired pay been one rank above his substantive rank.

Digitized by Google

(*b*) Where an officer has failed to complete two years in a substantive rank required to qualify him for the retired pay of the rank, such service may reckon for retired pay as if it had been acting or temporary rank.

25. *General Conditions*

(1) Service from 3rd September, 1939, will count.

(2) In no case shall service in an acting or temporary rank earn a rate of retired pay higher than would have been earned if the acting or temporary rank had been substantive.

(3) The "complete years" referred to in sub-paragraph 24(*a*) need not be continuous in time but may be made up of broken periods.

26. The Ministry of Defence may fix a date after which periods in acting or temporary rank will no longer be reckoned for additions to retired pay.

27. *Definitions of Service*

The following periods may be included in assessing qualifying and reckonable service for the purpose of the foregoing paragraphs:—

(*a*) Subject to paragraph 30, full pay service (including mobilised or embodied service or for the purpose of training) as an officer, rating or other rank of the Royal Navy, the Royal Marines, the Army or the Royal Air Force or of the Auxiliary and Reserve Forces, and of the former Armed Forces of India or Burma, or of the Armed Forces of the Commonwealth or a Colony, provided that such service would be reckonable as qualifying service under Army or Royal Air Force regulations; except broken periods each of less than six months' duration.

(*b*) While a permanent regular officer, periods in appointments not remunerated from Navy Votes which the Ministry of Defence consider can reasonably be regarded as part of an officer's career as such. They shall be appointments to which the officer brings his naval knowledge and from which he acquires additional experience and which have been officially offered to him as part of his naval service.

(*c*) Periods before 1st August, 1938, on unemployed pay, or on half-pay not following the sentence of a Court Martial or the expiration of full pay sick leave, will reckon as service in full up to a maximum of six months in any one period or two years in all. Any such service not reckoning in full under the above rule will reckon as a third, subject to a maximum of six years, such service reckoning as two years.

28. Loss of seniority or time forfeited by sentence of Court Martial or Disciplinary Court will not involve loss of service for retired pay or gratuity.

29. Service preceding a five-year interval in service shall not be included unless specially allowed by the Ministry of Defence, and eligibility to reckon such previous service will normally be determined at the time of resumption of service. Where, during a break in service the officer has been a member of the Royal Naval Reserve, the Royal Naval Volunteer Reserve, or other reserve of any of the Forces, undertaking or liable for periodical training, the period of such membership will not be considered an interval in service for the purpose of deciding whether the previous service is admissible.

30. *Previous service for which a non-effective award has been received*

(*a*) In the case of previous service in respect of which the officer received a service gratuity, or in any case of previous service other than in the Royal Navy, the Royal Marines, the Army, or the Royal Air Force, it may be stipulated as a condition for allowing such service to reckon for retired pay, that the officer shall make a payment to Naval Funds, either in a lump sum or otherwise. In default of such payment as may have been stipulated, the previous service will not be allowed.

(*b*) If an officer has continued to draw concurrently with full pay the retired pay or other analogous award payable in respect of previous service, the further service will normally not confer eligibility for improved benefits on final termination of employment.

31. *Counting of service*

(*a*) Air Traffic Control Officers	
For service as Acting Sub-Lieutenant and above	£180
For service in lower ranks	£135
(*b*) Other officers	£180

39. *General*

Should the Officer fail to complete the full period of Active List service which he has undertaken, an award may nevertheless be made as follows:—

(*a*) If his service is terminated on account of disability not due to causes within his own control, he will be granted a gratuity proportionate to the length of Active List service he has actually completed.

(*b*) If his service is terminated for non-employment, or for incapacity, unsuitability or inefficiency not due to causes within his own control, or if he is permitted voluntarily to terminate his service within six months of the completion of the full period of Active List service he has undertaken, he may be awarded either a gratuity proportionate to the length of Active List service he has actually completed or a reduced gratuity at such rate as the Ministry may determine.

(*c*) In other circumstances, no gratuity will in any event be payable to Pilot or a Observer unless he has completed at least eighteen months' satisfactory service and is in possession of the flying badge, nor to an officer of any other Branch unless he has completed at least one year's satisfactory service. If he is thereafter permitted voluntarily to terminate his service more than six months before the conclusion of the period he had undertaken, he may be allowed, at Ministry discretion, such gratuity as may be determined, but not in any event exceeding three-quarters of the amount proportionate to the length of his actual service on the Active List.

(*d*) If his service is terminated owing to disability due to causes within his own control or to inefficiency or other cause within his own control but not amounting to misconduct, he may be allowed, at Ministry discretion, such gratuity as may be determined but not in any event exceeding the amount which would have been admissible had he been allowed to terminate his service voluntarily.

(*e*) If his service is terminated on account of misconduct, the special payment of a compassionate gratuity shall be within the discretion of the Ministry according to the circumstances of his case, but the award will not in any event exceed 90 per cent of the gratuity which would have been admissible had he left voluntarily.

40. No part of a short service gratuity will be payable to the officer's estate or otherwise in the event of his death before completion of the period of Active List service he had undertaken.

41. If an officer serving on a short service commission continues on full pay beyond the period of Active List service which he had undertaken, payment of the gratuity will be deferred until the end of such further service.

42. A short service commission officer who is granted a permanent commission will not be eligible for any gratuity in respect of his service on a short service commission, but his service on that commission may count towards an ultimate award of retired pay or gratuity as a permanent officer. If, after receipt of a gratuity in respect of short service, an officer is granted a permanent commission, his previous service will not be reckonable towards an ultimate award of retired pay or gratuity as a permanent officer, unless satisfactory arrangements are made for the refund of the short service gratuity.

43. Service on a short service commission in the medical, dental or education branches of the Royal Navy may, in certain circumstances, be treated as contributory service under the National Health Service (Superannuation) Regulations or under the Teachers' (Superannuation) Acts, as appropriate. Where service is so treated, both the employer's and the officer's contributions will be advanced by the Ministry, and the total amount so advanced will be deducted from the gratuity for which the officer is eligible under the provisions of this Section. When contributions have been so advanced but, as a result of being transferred to the permanent list, the officer does not qualify for gratuity under this Section, no refund of contributions will be required from the officer, but service which counts for service retired pay or gratuity may not also count as reckonable service for purposes of pension under the appropriate civil superannuation scheme.

SECTION VI

RETIRED OFFICERS OF THE ROYAL NAVY AND ROYAL MARINES

Re-employment in Peace-time

44. Except as provided in paragraphs 49 and 50, an officer who is on retired pay may, while re-employed in or for training or on any authorised naval duty for periods not exceeding six consecutive months or aggregating six months or less in any twelve months, continue to draw his retired pay concurrently with any pay to which he is entitled, but payment of retired pay may be suspended when there is doubt about the duration of the period of re-employment. No retired pay will be payable when the period of re-employment exceeds six months, and where the retired officer has commuted any part of the retired pay which would have been liable to suspension had he not commuted, a deduction equivalent to the amount commuted will be made from his pay.

45. An officer whose service retired pay has been suspended under paragraph 44 and who, having been placed on the retired list before 1st February, 1964, is re-employed on or after that date without an actual break in service, will be eligible on reversion to the retired list for awards of retired pay and terminal grant under the provisions in Sections I and II as appropriate for officers retiring on or after 1st February, 1964, assessed on the basis of former service added to re-employed service.

46. An officer whose service retired pay has been suspended under paragraph 44 and who, having had a break in service, is in re-employment on or after 1st February, 1964, may receive on reversion to the retired list an award of retired pay assessed on the basis of former service added to re-employed service as follows:—

(*a*) Under the provisions in Section I as appropriate for officers retiring on or after 1st February, 1964, provided that the period of re-employment is not less than three years, or that the officer originally retired on or after that date; but

(*b*) If the officer originally retired before 1st February, 1964, and the period of re-employment is less than three years, normally under the provisions of the 1962 Code, as appropriate for officers retiring on or after 1st February, 1962; except that, if the officer's previous rate of retired pay was awarded under an earlier code, assessment will instead be made in accordance with the provisions of that code.

If, during the period of re-employment, an officer has carried out duties clearly appropriate to a higher rank than the substantive rank which he last held on the active list and has received the pay and allowances appropriate to such higher rank, this service may be allowed to reckon for assessment of a revised rate of retired pay on a similar basis to that laid down for an Active List officer in paragraphs 24 and 25.

If the officer had originally retired at his own request, re-assessed retired pay under either (*a*) or (*b*) above will be on the basis of voluntary retirement, unless he is invalided from re-employment.

47. An officer whose retired pay has been suspended under paragraph 44 may receive, on reversion to the retired list on or after 1st February, 1964, terminal grant or additional terminal grant for each complete year of the period of re-employed service (with a maximum of ten years) at the rate of one-tenth of the difference between three times the annual amount of retired pay awarded on termination of re-employment and the terminal grant (if any) previously awarded.

48. An officer who originally retired at his own request with a gratuity only, may receive an additional gratuity of £180 for each completed year of re-employed service.

Re-employment in Emergency

49. On recall for service at a time of imminent national danger or of great emergency, or when re-employed with the armed forces on general mobilisation, one-half of the retired pay of a retired officer will remain in issue concurrently with the pay and allowances appropriate to his rank on re-employment. Any portion of the retired pay that has been commuted will be recovered from the retired pay remaining in issue, or, when this is insufficient to meet the liability, from his pay to the extent of the deficiency.

50. For the purpose of applying the provisions of paragraph 49 to a retired officer compulsorily recalled at a time of national emergency when general mobilisation has not been announced, the operative period will be determined by the Ministry in consultation with H.M. Treasury.

(*a*) certain posts on the staff of the Hydrographic Department and Directorate of Weapons, Compass (Naval) at the Ministry of Defence.

(*b*) the post of Civilian Equipment Officer in H.M.S. "Vernon."

2. Service in any of the aforesaid appointments before retirement from the R.N. or R.M. will count for increase of retired pay under the ordinary regulations from time to time in force for Officers on the Active Lists of the R.N. and R.M., and increased retired pay under these regulations will accrue only in respect of service rendered in any of the appointments after retirement from the R.N. and R.M.

3. The retired pay of all retired Officers of the R.N. and R.M. serving in any of these appointments will be suspended during such service, and their service will count for increase of retired pay on the scales and subject to the conditions set forth hereunder, subject, however, to the provisos that:—

(*a*) an Officer who has been retired from the Active List of the R.N. or R.M. with a special rate of retired pay higher than that permissible under the ordinary regulations in force at the date of retirement for an Officer of like age, rank and service, shall not on the final cessation of his service in any of the above-mentioned appointments receive retired pay in excess of the greater of the two following sums:—

(1) the retired pay for which he would have been eligible had he on retirement from the Active List of the R.N. or R.M. been awarded the rate of retired pay permissible under the ordinary regulations in force at the date of such retirement for an Officer of like age, rank and service and permitted to count the whole of his subsequent service for increase of retired pay under Rules 5 and 6 hereof, or

(2) the actual rate of retired pay awarded to him on retirement from the Active List without any addition for subsequent service.

(*b*) an Officer of the R.M., who at the date of his retirement from the R.M. had earned retired pay in excess of the maximum at that date permissible in the case of a Lieutenant-Commander, R.N., shall not count his further service for increase of retired pay.

4. All Officers in any of the appointments referred to in these regulations who have not previously been discharged to retired pay at their own request or for some other reason, may be retained on pensionable terms, at the discretion of the Defence Council or Admiralty Board, up to age 65.

5. An Officer who is discharged to retired pay at his own request, or on completion of any period for which he may have been appointed or as unfit for further employment from any cause other than those specified in rule 6, may have the retired pay earned by his service before retirement from the R.N. or R.M. increased by one-sixtieth of the pay and allowances of the appointment held on discharge for each complete year of service after retirement in any of the appointments to which these regulations relate.

6. An Officer who is discharged to retired pay on account of age, or medical unfitness, or abolition of office, or reduction or reorganisation of establishment may have the retired pay earned by his service before retirement from the R.N. or R.M. increased:—

(*a*) if with 10 or more years' service after retirement in any post to which these regulations relate, by one-sixtieth of the pay and allowances of the appointment held on discharge for each complete year of service after retirement;

(*b*) if with less than 10 years' service after retirement in any post to which these regulations relate, by one-fiftieth of the pay and allowances of the appointment held on discharge for each complete year of service after retirement, provided that the total addition shall not exceed ten-sixtieths of such pay and allowances.

7. Officers on the Active List of the R.M. who are appointed to any of the posts to which these regulations relate, shall be seconded from the corps of the R.M. until they reach the rank of Lieutenant-Colonel, when they will become supernumerary. They will be subject to the same rules as regards qualifications for promotion and retirement for age in any rank as other Officers of the R.M.

8. The widows and children of deceased Officers who have served in any of the appointments to which these rules apply, shall be eligible at the discretion of the Ministry for the award of pensions or other grants under the regulations from time to time in force for Officers of the Royal Navy and Royal Marines except that for the purpose of determining eligibility of any applicant for a pension or other grant, service on the Retired List in an appointment to which these rules apply shall be regarded as equivalent to service on the Active List. In assessing a widow's pension account may be taken of any higher rank attained by the Officer while on the Retired List if thereby the widow would receive a higher rate of pension than would otherwise be the case.

General

Officers' service retired pay and the service element of disability retired pay are commutable under the provisions of the Pensions Commutation Acts, 1871 to 1882, subject to such restrictions as may be imposed. Those eligible for this facility include commissioned, branch and subordinate officers of the Royal Navy and Royal Marines, officers of the Women's Royal Naval Service and members of Queen Alexandra's Royal Naval Nursing Service of the rank of nursing sister and above.

2. The following are not commutable:—
Good Service Pensions;
Naval Pensions;
Naval Compassionate Pensions;
Greenwich Hospital Pensions;
Additional retired pay for disability;
Disability element of disability retired pay;
Increases awarded under the Pensions Increase Schemes.

3. Retired pay or pension commuted is finally surrendered, in the same way that the amount received in commutation becomes the absolute property of the officer.

4. No officer will be allowed to commute any portion of his retired pay who:—
(*a*) is holding, or is about to hold, any appointment under the Crown the terms of which involve the suspension of his retired pay; or
(*b*) during time of war, is employed on active service or is eligible for such employment.

5. The Defence Council, or Admiralty Board on their behalf, have full discretionary power to accept or refuse applications. They would, for instance, be likely to be refused in cases of neglect or desertion of family; stoppage of pension by Bankruptcy orders; of persons likely to go abroad and leave their families a burden on the public; and suchlike cases.

6. It is no longer necessary for any officer to be aged 40 years or over in order to commute.

7. These rules and the table of rates are liable to be changed without notice.

Maximum amounts commutable

8. The amounts stated in the following subparagraphs refer to basic service retired pay and awards as listed in paragraph 2 will not be taken into account for this purpose.
(*a*) No officer will be allowed to commute more than half his retired pay if £300 or over.
(*b*) No officer will be allowed to commute so much of his retired pay if between £180 and £300, as would reduce it below £150.
(*c*) An officer whose total retired pay is less than £180, may commute an amount not exceeding £30, provided that the total amount uncommuted is not thereby reduced below £120.
(*d*) An officer promoted from active service rating or from the ranks, to temporary commissioned rank in the Royal Navy or Royal Marines, or to temporary commissioned rank in the Royal Naval Volunteer Reserve, may, however, commute up to a third of his service retired pay, subject to the amount uncommuted not being reduced below £60.

Method of applying

9. Applications should be made on the prescribed application form, which can be obtained from the Ministry of Defence, Principal Director of Accounts (Naval), 4/RP, Warminster Road, Bath, Somerset. An application is deemed to be made on the date on which this form, duly completed, is received at the Ministry of Defence during the hours of public business, but not before the date from which payment of retired pay commences.

10. An officer who has been adjudicated bankrupt, or has had a Receiving Order made against him, or is indebted to public funds, must disclose the facts and circumstances at the time of his application.

11. If any applicant for commutation wilfully makes any false declaration in relation thereto he shall be liable to forfeit all claim to his retired pay or the value thereof, and to imprisonment, or fine, or both.

Procedure following recommendation by the Defence Council or Admiralty Board

12. If the Defence Council, or Admiralty Board on their behalf, recommends commutation, the officer will be informed, and his letter of application will be forwarded to the Pensions Commutation Board (hereinafter called the Board), 19 Old Jewry, London, E.C.2, from whom he will receive further instructions. The fact that an application has been recommended to the Board must not be taken to imply that it will necessarily be approved.

13. The Board will require the applicant to give such information as to his age, health and habits as is usual when assuring lives with assurance companies and he will be required to submit himself for personal examination by the Board's medical officer in London. An officer living in Scotland, Northern Ireland or the Republic of Ireland may, if the Board see fit, be examined by their medical advisers in Edinburgh, Belfast or Dublin.

14. An officer resident abroad who wishes to be exempted from personal attendance may apply to the Board accordingly, stating his reasons; his application will be submitted to H.M. Treasury, whose decision will be final. He may be allowed to commute as a privilege provided that suitable arrangements for medical examination, etc., can be made.

15. If, at the expiration of seven months from the date on which the application was made, the applicant has failed to furnish information required by the Board or to attend for medical examination, his application will be deemed to have been withdrawn. No further action will be taken on it without a renewed application and a further recommendation from the Defence Council or Admiralty Board on their behalf.

16. An officer may withdraw his application at any time before he has been examined by the Board's medical officer on payment of any expense not exceeding £2 which may have been incurred by the Board.

Procedure following decision on the application

17. If the Board are unable to recommend commutation and the Treasury concur, the applicant will be informed accordingly. If the application is granted, he will be informed of the amount to be paid as soon as it has been fixed by the Treasury on the recommendation of the Board. A fee of one per cent. will be charged on the amount awarded, provided that such fee shall never be less than £1 1s. nor more than £10 in any case.

18. Officers must not assume that the recommendation of the Board will necessarily be approved by the Treasury, and should make no arrangements depending on commutation until informed by letter from the Board of the amount awarded. The approved sum will be available for payment immediately. The applicant will, however, have the option of withdrawing his application on payment of a fee of £2 within 30 days after the date of despatch of the notice of award. In exceptional circumstances or where the distance is so great as to make it impossible for a reply by post to be received within

Digitized by Google

30 days, the time may be extended by such period as the Treasury directs. If the applicant does not withdraw his application and pay the fee within that period, the decision will be considered final, and the commutation will take place absolutely.

19. An applicant will continue to draw the retired pay which he has applied to commute until the date upon which the warrant for the Treasury award is handed by the Board to the National Debt Commissioners or until seven months have elapsed from the date upon which an application to commute was received at the Ministry of Defence, whichever is the earlier.

Effects of commutation

20. If an officer who has commuted a part of his retired pay is re-employed, the amount commuted will be deducted from his full pay during the period of his re-employment.

21. Officers are reminded that, under existing Pensions Increase Schemes, increases are not admissible on any part of retired pay that has been commuted, unless the commutation (i.e. the actual award of the capital sum) took place after the scheme came into operation.

22. The claim of an officer to be awarded a Naval Compassionate Pension or a Greenwich Hospital Pension will not be affected by his having commuted.

23. The widows and children of officers who commute will be granted pensions according to the normal rules provided that the widows were married, and the children were born, before the date of commutation and that they are otherwise eligible. Where marriage took place after commutation (but prior to reassessment of retired pay) widows' and children's pensions may be reduced in proportion to the decrease in retired pay resulting from commutation.

Commutation rates

24. The table for determining commutation rates is at present as follows, subject to an addition of years of age in the case of impaired lives:—

PENSIONS AND GRATUITIES TO WIDOWS AND DEPENDANTS OF NAVAL AND ROYAL MARINE OFFICERS

1. The award of pensions and allowances to the widows and dependants of officers whose deaths are, or were, attributable to service after 2nd September, 1939, is governed by the regulations of the Ministry of Pensions and National Insurance, which appear on page 51.

2. The following scheme of ordinary (i.e., non-attributable) pensions applies to the families of Naval and Royal Marine officers, provided that the husband was entitled to half pay or service retired pay, or if the husband dies while serving, would have been so entitled if he had been invalided on the day he died.

(*a*) For the widow—One-third of the husband's half pay or retired pay as defined in paragraph 3, or the rate provided for in paragraph 4, whichever is the more favourable.

(*b*) For each child under 18 years of age (unless motherless)—One-third of the widow's pension.

(*c*) For each motherless child—Two-thirds of the rate which the widow received or would have received.

3. For the purpose of paragraph 2 above, the rate of half pay or retired pay will be the rate (including Pensions Increase if any) which was in payment to the husband at the date of his death; or, if more favourable, the rate which would have been in payment at that date if he had not commuted any part of his half pay or retired pay and if he had already qualified for the Pensions Increase for which he would have been eligible had he reached the age of 60. When death occurs while serving, the rate will be the award which would have been made if the husband had been invalided on the date on which he died.

4. If the rates of pension calculated in accordance with paragraphs 2 and 3 above would be less than those set out below, the latter will be payable.

Widow of	*Annual Rates* £ s. d.
Admiral of the Fleet	646 17 0

Lieutenant-Commander, R.N./Captain, R.M./Lieutenant-Commander (S.D. List) and Captain, R.M. (S.D. List) after nine years' service in the rank/Chaplain with ten but less than 14 years' service	181 3 0
Lieutenant-Commander (S.D. List) and Captain, R.M. (S.D. List) with less than nine years' service in the rank*/Lieutenant R.N. and R.M./Lieutenant, R.N. and R.M. (S.D. List) ..	142 9 0
Sub-Lieutenant, R.N. (S.D. List)/Second Lieutenant, R.M. (S.D. List)	103 11 0

* Widows of Officers serving as Captain, R.M. (S.D. List) or eligible for promotion thereto after less than eight years' service in the rank of Lieutenant under arrangements extant before 1st January, 1957, may, as a reserved right, be awarded a pension at the rate of £181 3s. per annum, provided that the husband's service as Captain amounted to at least one year more than the qualifying period for his automatic promotion to Captain (S.D. List).

5. The minimum period of service required will be as for service retired pay, viz., normally 16 years, or 10 years if the officer is invalided or dies while serving.

6. The assessment of rank (including credit for paid acting and temporary rank) will also be as for service retired pay.

7. If the death of the husband is due to service and the family is therefore awarded an "attributable" pension, an "ordinary" family pension will not be payable. Instead a "modified" family pension at one-half of the "ordinary" rate as given in paragraphs 2 or 4 will be awarded in addition to the "attributable" pension. The minimum award which will be payable to the widow of a Sub-Lieutenant (S.D.) and Second Lieutenant (S.D.) will be £58 8s. 0d. A child's "modified" pension will be one-third of the widow's "modified" pension. For motherless children the rate will be two-thirds of the "modified" pension which the widow received or would have received.

8. In addition to an ordinary or a modified pension, an age increase of up to £20 a year is payable to widows who have attained the age of 70.

General Conditions for Award, etc.

9. The marriage must have taken place before retirement (or, where there is subsequent re-employment entitling the member to a revision of his service retired pay, before the termination of the re-employment).

10. Pensions cannot be claimed as a right. In cases where the wife was separated from her husband, and in certain other circumstances, awards will be discretionary.

11. A widow's pension will cease on her remarriage, but, if she again becomes a widow, the award may be restored at the discretion of the Admiralty Board.

12. Children's pensions will be given where the widow is (or would, if living, have been) eligible for pension. In addition to children of the Officer, adopted children and step-children will, subject to certain conditions, be eligible. Pensions will be payable normally up to age 18 in respect of the children of Officers, but may be paid beyond those ages in certain circumstances (e.g. during further education).

Gratuities to Widows, etc.

13. This is a benefit for the widows of regular Officers who die while serving on full pay on the active list (including those serving on the Supplementary List, or on short service or extended service commissions).

14. The amount of gratuity will be as follows:—

(*a*) where a Terminal Grant or additional Terminal Grant would have been payable on invaliding, 90 per cent of the award to which the Officer would have been entitled at the time of his death.

Digitized by Google

(b) where no Terminal Grant would have been payable, the following scale to apply:—

	£
Less than 4 years' service	275
After 4 years' service	360

4. The amount of a Naval Compassionate pension will depend on the circumstances of the case and the funds available, but will not normally exceed £100 per annum. In very exceptional circumstances, however, a larger pension may be awarded, but in no case exceeding £200 per annum.

5. Greenwich Hospital pensions will be awarded under the same general conditions as above; they will not exceed £100 per annum.

PENSIONS AND GRATUITIES TO NAVAL RATINGS (INCLUDING MEMBERS OF THE WOMEN'S SERVICES) AND ROYAL MARINES (OTHER RANKS)

I.—General Regulations

1. The following Regulations are supplementary and subordinate to the Regulations for the award of Pensions or Gratuities in respect of Service or Disability published in Orders in Council.

2. All pensions are tenable only during good behaviour, and may be suspended or forfeited by reason of misconduct on the part of the pensioner, but the Secretary of State for Defence, at his discretion, may restore, either wholly or partially, any pension which has been suspended or forfeited.

3. Any pensioner who is convicted of a serious offence connected with the Service, e.g. obtaining payment of pension by false pretences, or of certain grave criminal offences, e.g. such as involve treasonable activities or embezzlement of public funds, will have his pension forfeited or suspended indefinitely. A pensioner who is convicted of any other criminal offence resulting in sentence of imprisonment exceeding 6 months will have his pension suspended during his imprisonment and restored on release, but restoration may be delayed for habitual offenders.

4. A pension may be restored and paid to, or applied for the benefit of the pensioner's wife, children, or other dependants, for the period of his imprisonment.

5. Any assignment, sale, or contract relating to a Naval or Greenwich Hospital pension is void.

6. When a pensioner who has commuted part of his pension re-enters the Royal Navy or Royal Marines and ceases to draw pension (thus counting the further time for increase of pension), he shall be required to refund the value of the commuted pension for the period of his re-employment. He shall be given the option of refunding the money by deduction from Naval pay whilst serving.

7. Pensioners in the categories enumerated below will be paid quarterly in advance, but if they so desire payment may be made weekly in advance on the strict understanding that their choice of payment weekly, once made, is irrevocable:—

(*a*) Men and boys pensioned from a date commencing before the 1st January, 1936.

(*b*) Continuous service ratings whose re-engagement to complete time for pension dated from not later than 30th September, 1935*; non-continuous service ratings serving on that date under an engagement which will enable them to complete 22 years' pensionable service; and all ranks of the Royal Marines who, not later than 30th September, 1935, re-engaged for a second period or completed 10 years' pensionable time by that date and declared in writing, not later than 30th September, 1935, their intention of re-engaging as soon as such re-engagement is open to them (provided, in each instance, that no break in service occurs on or after the 1st August, 1935).

8. The widows or legal representatives of pensioners to whom the provisions of paragraph 7 apply, may be allowed to receive their pensions up to the end of the quarter in which the pensioners died, provided such pensions shall not already have been paid, and provided there be no stoppage against the pension on account of maintenance in a hospital, or other reason. If any such pensioner shall have received his pension up to the end of the quarter in which he died, and his death takes place within 2 days from the end of the quarter, a month's pension may be paid to the widow on special authority from the Ministry of Defence.

9. All pensioners, other than those in the categories enumerated in paragraph 7, will receive payment of pension weekly in advance. The pension of men and boys finally entered, or re-entered, after a break in service, on or after 1st August, 1935, will cease at the end of the pension week on which death occurs but for all others the benefits mentioned in paragraph 8 may be allowed.

10. The arrangements for weekly payment in advance apply to pensioners resident in the United Kingdom, the Channel Islands and Eire. Pensioners resident abroad who do not wish, or are ineligible to receive payment of their pensions quarterly in advance, will, generally, be paid monthly in arrear.

11. Any pensioner guilty of violence or outrage towards any person employed in paying the pensioner, shall be punished by the loss of either of a part or of the whole of his pension, in addition to any other punishment which the law may inflict for such offence.

12. A pensioner who neglects to draw his pension for four successive quarters, will be struck off the pension list and not replaced unless he accounts satisfactorily for such omission, and the Ministry of Defence, at their discretion, will grant or withhold the arrears, or any portion thereof, but in no case will arrears be paid for a longer period than 2 years, unless the man shall have been serving in the Navy in a rating which entitled him to receive his pension while so employed.

13. No restriction is placed on Naval pensioners proceeding abroad but, except with the special permission of the Ministry of Defence, they may not draw their pensions if they acquire foreign nationality or serve under a foreign flag.

14. In special circumstances, and with the consent of the pensioner, the Ministry of Defence may order a man's pension, or any portion of it, to be paid to or on behalf of his wife, or, if he have no wife, to or for the benefit of his child or children.

15. An advance of naval pension, not exceeding six months, may be made to a pensioner for the purpose of assisting him to emigrate to any of Her Majesty's possessions abroad. This advance is payable only when authorised by the Ministry of Defence.

II.—Pensions and Gratuities for Long Service

1964 CODE

1. The provisions of the 1964 Pension Code apply to R.N. ratings, R.M. other ranks, W.R.N.S. ratings and members of the N.N.A.S. who were discharged to pension on or after 31st January, 1964 (cease pay date).

PENSIONS

2. The minimum periods required to qualify for pensions are as follows:—

(*a*) *For Long Service Pension*—22 years' reckonable service from age 18.

(*b*) *For Service Pension on Invaliding*—12 years' reckonable service from age 18; to be eligible those invalided must, in addition to having rendered the minimum period of service, have also re-engaged to complete time for pension.

* This is to be deemed to include candidates for mechanician who have re-engaged for a second period of 12 years, and Yard Craft ratings with 10 years' pensionable service on 30th September, 1935.

Digitized by Google

3. Except as provided in paragraphs 4 and 5 the rates of pension will be based on the length of reckonable service and on the highest paid rank held for an aggregated period of two years or more during the five years preceding termination of full pay service.

4. In the case of those invalided, pension may be based on the length of reckonable service and on the substantive rank held at the time of discharge, if this is more favourable than the rule in paragraph 3.

5. Where a rating or R.M. other rank has been disrated for misconduct or reverted for inefficiency or unsuitability during the five years preceding termination of full pay service and does not regain the rank, the rank on which pension is based on final discharge will be determined by the Ministry having regard to the circumstances of the case.

6. Those whose services are terminated for misconduct or for inefficiency within their own control and who have completed not less than 22 years' reckonable service may be granted such portions of the service pension and terminal grant assessed under paragraphs 3 to 10 as the Ministry of Defence may determine, but when the services are terminated for misconduct the amount will not in any event exceed 90 per cent of the award which would have been admissible had the discharge been on other grounds.

7. Subject to paragraph 10, the rates of pension will be calculated as follows:—

		Weekly	
		For each of the first 22 years of reckonable service	*For each additional year of reckonable service*
		s. d.	s. d.
Men			
Able Rating	or equivalent Royal Marine Rank	2 6	5 0

Regimental Sergeant Major R.M.		5 4	10 8
Women			
Wren	or equivalent Naval Nursing Auxiliary Section Rank	2 1	4 2
Leading Wren		2 9	5 6
Petty Officer Wren		3 6	7 0
Chief Wren		4 0	8 0

8. *Addition for Aircrew Service.* For each year of reckonable service whilst employed on aircrew duties an addition may be made to the pension as calculated in paragraphs 3–7 as follows, subject to paragraph 10:—

	Weekly
	s. d.
Pilots and Navigators	1 1
Other Aircrew Categories ..	11

A Naval Rating Pilot if discharged unsuitable for aircrew duties after a minimum of 18 years' reckonable service will be eligible for a proportionate service pension on the normal scale plus the appropriate addition in respect of aircrew service.

9. *Addition for Commissioned Service.* Where a rating or R.M. other rank has had previous commissioned service an addition may be made to the pension as calculated in paragraphs 3–7 at the following rates for each year of commissioned service, subject to a maximum of six years such service and to the provisions of paragraph 10:—

Men .. 2s. 10d. } a week for each year of
Women .. 2s. 5d. } commissioned service

10. *Maximum Rates of Pension.* Rates of pension as provided for in paragraphs 3–7 will be subject to maxima of £14 15s. 0d. a week for men and £12 10s. 9d. a week for women. If additions are granted under paragraphs 8 and 9 the maxima will be £15 10s. 0d. a week for men and £13 3s. 6d. a week for women.

11. *National Retirement Pensions*

Men and women who (*a*) enter the Royal Navy on or after the 1st July, 1949, or (*b*) re-enter on or after the 1st July, 1949, after a break in service, except those who re-enter within 12 months of being invalided or those who have already been granted pension before re-entry, will have a deduction made from their pension at the rate of 4d. a week for each year of service; subject to a maximum of 16s. a week, on becoming eligible for a National Retirement Pension on attaining the age of 65, in the case of men, or on attaining the age of 60, in the case of women. No adjustment of pension will, however, be made in the case of pensioners living outside the United Kingdom and not actually receiving National Retirement Pensions.

Where men and women have been paying graduated contributions under the National Insurance Act, 1959, and are subsequently contracted out of the Scheme and cease to make such payments on undertaking to re-engage to complete time for pension, any graduated pension already earned will be payable at the due time. Service pension, however, will be abated from age 65 (60 for women) by the amount of any graduated pension earned by the contributions paid whilst in the Service as well as by part of the National Retirement Pension as provided above. Where, however, the graduated pension amounts to 2s. a week or less it will be ignored for this purpose.

12. *Commutation.* A pensioner who wishes to commute part of his pension may apply for permission to do so at any time, provided it is for a purpose which will be to his *distinct and permanent advantage.* Approval to commute is at the discretion of the Defence Council, or Admiralty Board on their behalf, on such terms and conditions as may be prescribed. Commutation is not permitted for investment, and not normally for the repayment of a bank loan, settlement of debts or reduction of a mortgage (but see paragraph 15).

13. The pensioner must have a good expectation of life. He will be called on to attend an examination by a service medical board, and will be required to meet any expenses involved. If he fails to reach the required medical standard he will either be refused permission to commute, or allowed to do so at a less advantageous rate, provided all other conditions are satisfied.

14. He will not be permitted to reduce his basic pension below 14s. 0d. a week, or 21s. 0d. in the case of Regimental Sergeant-Majors. Greenwich Hospital Special Pensions, Naval Disability Pensions, and additions to basic pensions awarded under the Pensions (Increase) Schemes cannot be commuted and cannot form part of the minimum basic pension to be retained uncommuted.

15. Pensioners who make application within 6 months of leaving the Service may (subject to medical fitness) be allowed to realise up to £600 for any one, or combination, of the following projects:—

(*a*) house purchase—deposit, legal fees, reduction of mortgage

Digitized by Google

(*b*) purchase of furniture or other household necessities

(*c*) purchase of a motor vehicle if it is required in connection with the pensioner's business.

16. Application forms may be obtained from the Ministry of Defence, PDA(N), Branch 28, Bath, Somerset. Applications from serving men are accepted only during the month preceding the date of final discharge, and no decision will be given until after discharge.

17. The commuted sum shall be calculated at a rate not exceeding that shown for this purpose in the tables below.

GRATUITIES

19. Subject to the following provisions those discharged without entitlement to service pension, on or after 31st January, 1964, provided they have completed not less than 12 years' reckonable service, from the age of 18 or date of entry if later, may be awarded a service gratuity on the following scale:—

20. Those invalided without sufficient service to qualify for a service pension who have not less than three years' reckonable service from date of entry may be awarded a service gratuity on the following scale:—

	Men's Scale £	*Women's Scale* £ s.

Service given before the age of 18 years may be included as if it were reckonable service, subject, where such service is allowed to count to a maximum gratuity entitlement of £160 for men and £136 for women.

21. *Special Provision for Naval Aircrew Categories*

R.N. ratings who render or have rendered aircrew service, who are discharged without entitlement to service pension, *provided they have completed not less than* 12 *years' reckonable service from age* 18 *or date of entry, if later, will be eligible* for special gratuities at the following rates:—

„ II (U) ..	At the rate of £50 a year for each year of aircrew service
Telegraphists (Aircrew)	
Naval Airman (Aircrew)	
Seaman U.C. (Aircrew)	

Digitized by Google

22. These special gratuities are in lieu of, not in addition to, the ordinary rates of gratuity in paragraphs 19 and 20 and are also subject to the general conditions given in paragraphs 24 to 27 for the payment of such gratuities. Ratings who have rendered both aircrew and other service will be awarded either a gratuity calculated at the special rates based on the limited period during which they have rendered aircrew service or a gratuity at the ordinary rates based on the whole of their reckonable service, whichever is the more to their advantage.

23. Should a rating be invalided while on aircrew service the minimum requirement of 3 years' service under paragraph 14 will not apply and the special gratuity appropriate to the length of aircrew service rendered will be awarded.

24. *Reckonable Service*

In calculating reckonable service for the purpose of service gratuities all satisfactory periods of service may be aggregated, subject to the provisions of the "5 year break" rule.

Where the total reckonable service is not in complete years the residual period of less than a year will be reckonable in calculating the amount of the gratuity. The award for the residual part of a year will be calculated, according to the number of days, as a proportion of the increase for the next complete year at the appropriate point on the scale.

25. *Voluntary Discharge*

Men discharged voluntarily will be eligible for gratuities under the same conditions as for men discharged on completion of engagement.

26. *Other Discharges*

Men discharged S.N.L.R. or for unsuitability, inefficiency or misconduct are not entitled to any gratuity, but, at the discretion of the Ministry, gratuities not in any case exceeding the rate which would have been payable on voluntary discharge, may be paid in special cases. If a naval rating or a Royal Marine dies whilst serving no gratuity will be payable.

27. *Reserved Rights*

Ratings at present serving on an engagement, which carries entitlement to a service gratuity after 10 years' reckonable service, will continue to be eligible for the appropriate gratuities under earlier Pension Codes if they leave with more than 10 but less than 12 years' service.

Women who were serving on extended service engagements and who undertook a new engagement of a further period of 4 years in the permanent service will be entitled to the non-effective benefits that would have been payable under the Extended Service Engagement, or those referred to in paragraph 19 above whichever is the more favourable to them. Any gratuity payable under paragraph 10 will be increased by £25.

III.—Disablement Pensions and Gratuities

1. The award of pensions and gratuities in respect of disablement attributable to service during the 1914/18 War and after 2nd September, 1939, is dealt with by the Ministry of Pensions and National Insurance. Information is given on page 51.

2. Awards in respect of disablement arising from service before the 1914/18 War and during the period 1st October, 1921 to 2nd September, 1939 are made by the Navy Department, Ministry of Defence, from which further information may be obtained.

IV.—Long Service Pensions, Terminal Grants and Gratuities to Ratings of the Royal Navy Locally Entered at Hong Kong.

1. The provisions of this Section apply to all ratings locally entered at Hong Kong who were discharged from the Naval Service after 31st December, 1962 (cease pay date).

Pensions

2. Service pensions will consist of the sum of elements for service and rank assessed at the following rates *and increased after assessment by* 33⅓ *per cent*:

In assessing rank element all paid rank will be taken into account.

3. A service pension assessed as in paragraph 2 may be granted to a rating who is:—

(*a*) discharged, otherwise than for misconduct or inefficiency within his own control, if he has completed at least 22 years' reckonable service;

(*b*) invalided while serving on a non-continuous service engagement, provided he has completed at least 12 years' reckonable service.

4. Where a rating is discharged for misconduct or inefficiency within his own control the grant of a pension and its amount will be at Ministry of Defence discretion.

5. A rating may be allowed, subject to the approval of the Commander, Far East Fleet, or Commodore-in-Charge, Hong Kong, commutation in whole or in part of the pension for which he may be eligible under the above provisions. The lump sum payment where such commutation is allowed will be equal to ten times the annual value of the pension surrendered, provided the rating's age does not exceed 60 years. Where the age exceeds 60 years at the time of commutation, the lump sum will be reduced by 1/60th for each year or part of a year in excess of that age.

6. The provisions of the Pensions Increase Schemes 1944/47, 1952, 1956, 1959 and 1962 will not apply to pensions awarded under this Section.

9. The terminal grant of a rating who is discharged for misconduct or inefficiency which is within his own control and is awarded a pension under paragraph 4 will be of such amount as the Ministry of Defence may determine.

10. Rank for assessing the grant will be the highest paid rank held for a period of two or more years during the five years preceding discharge.

13. A service gratuity will not be payable when the rating re-engages for further service or is discharged for the purpose of giving further service in the Armed Forces.

14. If a rating dies while serving no gratuity will be payable under this Section.

15. Ratings, who on 31st March, 1958, were serving on an engagement which carried eligibility under previous regulations for a service gratuity at the 10 and 11 year points will continue to be eligible for a gratuity of £17 10s. 0d. or £26 5s. 0d. as appropriate if they are discharged before completing 12 years' reckonable service.

GENERAL

16. Reckonable service for the purpose of determining entitlement to pensions and gratuities and for assessing the rates will be as for Naval ratings generally. In calculating reckonable service all satisfactory periods of full pay service may be aggregated except that service preceding a five year interval in service will not be reckonable service unless specially so allowed by the Ministry of Defence. No period in respect of which a gratuity other than a War Gratuity has already been paid may be allowed to reckon unless such gratuity is repaid either as a lump sum or by deductions from pay.

17. Applications on Form S.409 for the award of service pensions and gratuities, accompanied by Service Certificates, completed as far as possible up to the anticipated date of discharge, are to be forwarded to the Principal Director of Accounts (Naval) not less than three months before the date of discharge. Authority for the payment of pension or gratuity will be issued by the Principal Director of Accounts (Naval) to the Cashier, H.M. Dockyard, Hong Kong.

18. Requests for commutation of pension under paragraph 5 should be submitted through the usual channels to the Commander, Far East Fleet. Where commutation is permitted, a copy of the Fleet Commander's approval is to be forwarded to the Principal Director of Accounts (Naval). Except where the award of pension has already been made, the approval of commutation should accompany the Form S.409. Payment will be authorised by the Principal Director of Accounts (Naval) in the manner described in paragraph 17.

VII.—Locally Entered Ratings of the Royal Navy Disablement Pensions and Gratuities

1. The following arrangements are effective from 31st March, 1965, and apply to all R.N. Locally Entered ratings for whom no other specific arrangements have been made. They will, therefore, cover St. Helenian, Bantu, Somali, Goan, and Hong Kong ratings.

Disablement Pensions and Gratuities Allowable for Attributable Invaliding.

2. Disablement pensions for R.N. Locally Entered ratings will be at the rates shown below for total disablement, with proportionate reductions for smaller degrees of disablement.

(*a*) Where the degree of disablement is assessed at 20 per cent and upwards the invalid may be awarded a pension, either temporarily or permanently according to the circumstances of the case, on the basis of a maximum scale of 67s. 6d. a week for Petty Officers, 66s 3d. a week for Leading ratings and 65s. 0d. a week for lower ratings for total disablement (100 per cent); lower degrees of disablement carry proportionately reduced rates.

(*b*) If the degree of disablement be assessed at less than 20 per cent, the invalid may be awarded a gratuity appropriate to the degree of disability but not exceeding £219 18s.

(*c*) The award of disablement compensation is subject to the same conditions as for invalids generally.

Gratuities for Minor Injuries for which Hurt Certificates are granted.

3. Gratuities may also be granted on discharge at Ministry of Defence discretion in respect of slight permanent injury due to the service, for which a Hurt Certificate was granted, when discharge is totally unconnected with the injury, and any other compensation awarded is based on length of service only.

VIII.—Ratings Locally Entered at Singapore Disablement Pensions and Gratuities

1. The following arrangements are effective from 1st January, 1960, in respect of attributable disablement:—

Disablement Pensions

2. Where the degree of disablement is assessed at 20 per cent or more, the rating may be awarded a pension, either temporarily or permanently according to the circumstances of the case. The following table gives the pension rates for 100 per cent disablement; lower degrees of disablement carry proportionately reduced rates:—

Rank	*Monthly* $
Able Rating	70.00
Leading Rating	75.60
Petty Officer	81.20
Chief Petty Officer	86.80

The disablement pension is to be added to any service pension for assessment of cost of living allowance.

3. A monthly allowance may be paid in respect of a wife and/or up to six children. Where the husband's disablement is assessed at 100 per cent, the wife's allowance is $15.40 and each child's allowance $11.75, pro rata for other assessments. The allowance may be granted to children under the age of 17 and at the discretion of the Ministry of Defence to those over 17 who cannot support themselves because of an infirmity which arose before they reached that age, or as to students or apprentices.

4. Allowances may also be approved for treatment, constant attendance, wear and tear of clothing, lowered standard of occupation and education of children under the general conditions applicable to members of the Federation Armed Forces.

Gratuities

5. Where the degree of disablement is assessed at less than 20 per cent, the rating may be awarded a gratuity appropriate to the degree of disablement but not exceeding $1040, or a temporary allowance with or without a terminal gratuity.

Class I.—All seamen and marines who have been granted naval pensions for life.

Class II.—All seamen and marines who have served with good characters for 12 years continuously, or with short intervals.

Class V.—Seamen and marines whose claims may be considered special and exceptional, not coming within the above-mentioned classes.

3. Seamen and Royal Marines coming within any of the above classes, whose claims to the benefits of Greenwich Hospital have been allowed may, after examination and having regard to the applicants' means, be allowed special pensions from the funds of Greenwich Hospital not exceeding 5s. a day.

Special pensions may be drawn by men residing in the Commonwealth.

4. Civil and Army pensioners who, in consequence of naval or maritime service, may be eligible for the benefits of Greenwich Hospital, may be granted special pensions.

5. Time served in the Army shall not be allowed to reckon with subsequent naval service for the benefits of Greenwich Hospital.

7. *Persons ineligible.*—The following persons shall not be considered eligible for the benefits of Greenwich Hospital:—

8. All applications for the benefits of Greenwich Hospital shall be made to the Director of Greenwich Hospital, 13 Devonshire Square, London, E.C.2. A medical survey will be held on each applicant under 70 years of age to ascertain the degree in which he can contribute towards his own support, and on this report a decision will be formed by the Admiralty Board as to the claims of the applicant upon the funds of Greenwich Hospital.

B.—Pensions to Widows and Gratuities to Dependants

Under the Greenwich Hospital (Widows' Pensions and Dependants' Gratuities) Order, 1960, widows of Seamen and Marines may be granted pensions and Dependants may be granted gratuities subject to the following conditions:—

1. In cases of exceptional financial distress Pensions of up to 15s. per week may be granted by the Admiralty Board out of the funds of Greenwich Hospital to the widow of any person deceased, whether before or after the passing of the Greenwich Hospital Act, 1947, while serving, or having served, as a non-commissioned officer, Petty Officer or man of the Royal Navy or Royal Marines or of any naval reserve force. Awards of these pensions will be granted only in very exceptional necessitous circumstances.

2. Owing to the limited funds available for this benefit, the total number of awards in force at any one time will be small. Priority will be given to the following classes, and awards will normally be restricted to these classes:—

(*a*) widows of men who have given not less than 22 years' service in the Royal Navy or 21 years in the Royal Marines;

(*b*) widows of men who, having given a shorter period of service, died while serving, or were invalided.

Awards will be made on a temporary basis, and will be subject to periodical review at such intervals as the Admiralty Board may decide.

3. A widow in receipt of a pension in respect of the attributability of her husband's death to Her Majesty's Service will be ineligible for the above pension.

4. If a widow re-marries her pension will cease.

5. Pensions and allowances are tenable subject to good behaviour and are granted at the discretion of the Admiralty Board. They cannot be claimed as a right. Any assignment, sale or contract relating to a pension is void.

6. Widows without children under 15 years of age shall, if so required, be medically surveyed by an approved Surgeon and Agent in order to ascertain the degree, if any, and probable duration of any infirmity.

7. Widows will be required to make a declaration quarterly or whenever it be considered necessary, before a duly authorised person, as to their continued widowhood and distressed circumstances.

8. The number of Greenwich Hospital widows pensions in force shall be such number as the available funds of Greenwich Hospital may admit.

9. In the event of men specified in paragraph 1 of these Regulations dying as widowers or without having been married, but leaving parents or other relatives dependent upon them, gratuities not exceeding £50 may be given at the discretion of the Admiralty Board to such parents or relatives (provided the total expenditure on such gratuities shall not exceed in any one year the sum of £500). No gratuity will be payable in any case where the death of the man has been accepted as attributable to Service.

PENSIONS AND GRATUITIES TO THE WIDOWS, CHILDREN AND CERTAIN OTHER DEPENDENT RELATIVES OF NAVAL RATINGS AND ROYAL MARINES (OTHER RANKS)

Attributable Pensions

1. Awards in respect of deaths attributable to service after 2nd September, 1939, is governed by the regulations of the Ministry of Pensions and National Insurance which are shown on page 51. The regulations governing the award of pensions in respect of deaths attributable to the conditions of service between 1st October, 1921 and 2nd September, 1939, were last promulgated in the June 1956 edition of the Appendix to the Navy List.

Service Pensions (Non-Attributable Death)

2. The following scheme of ordinary pensions applies to the families of R.N. ratings and R.M. other ranks who gave service on long service engagements after 31st August, 1950, provided that the husband was entitled to a service pension, or, if he dies while serving, would have been so entitled if he had been invalided on the day he died. The condition regarding service after 31st August, 1950, does not apply for widows of Regimental Sergeants-Major, R.M.

(*a*) For the widow—One-third of her husband's service pension as defined in paragraph 3, or the rates set out in paragraph 4, if more favourable.

(*b*) For each child under 16 years of age (unless motherless)—One-third of the widow's pension.

(*c*) For each motherless child under 16 years of age—Two-thirds of the rate which the widow received or would have received.

3. For the purpose of paragraph 2 above, the rate of service pension will be the rate which was in payment to the husband at the date of his death, with the addition of pension increase, if not already in payment, or, if he had commuted, the full pension with pension increase. When death occurs whilst serving, the rate will be the amount to which he would have been entitled if he had been invalided on the day of his death.

4. If the rates of pension calculated in accordance with paragraph 2 would be less than those set out below, the latter will be payable:—

	Pension (Weekly) £ s. d.
Regimental Sergeant Major, R.M.	1 10 3
Quartermaster Sergeant, R.M.	1 8 0
Chief Petty Officer/Colour Sergeant, R.M.	1 5 9
Petty Officer/Sergeant, R.M.	1 2 5
Leading Rating/Corporal, R.M. and below	16 10

5. In addition, an age increase of up to 7s. 8d. a week is payable to widows aged 70 or over.

Service Pensions (Attributable Death)

6. If the death of the husband is due to service and the family is, therefore, awarded an "attributable" pension, an "ordinary" pension will not be payable. Instead a "modified" family pension at one-half of the "ordinary" rates as given in paragraphs 2 and 4 above will be awarded in addition to the "attributable" pension. In no case, however, will the "modified" family pension be less than the rates set out below:—

	Pension (Weekly) £ s. d.
Regimental Sergeant Major, R.M.	1 0 2
Quartermaster Sergeant, R.M.	18 8
Chief Petty Officer/Colour Sergeant, R.M.	17 2
Petty Officer/Sergeant, R.M.	14 11
Leading Rating/Corporal R.M. and below	11 2

7. In addition, an age increase of up to 7s. 8d. a week is payable to widows aged 70 or over.

8. A child's "modified" pension will be one-third of the widow's "modified" pension. For motherless children the rate will be two-thirds of the "modified" pension which the widow received or would have received.

General Conditions for Award

9. A pension cannot be claimed as a right. It may be withheld or reduced at the discretion of the Admiralty Board if the wife was separated from her husband at the time of his death, and in certain other circumstances.

10. A widow is ineligible for a pension if the marriage took place after her husband's final discharge from pensionable naval service.

11. A widow's pension will cease on her re-marriage, but if she again becomes a widow, the pension may be restored at the discretion of the Admiralty Board.

12. Children's pensions will be given where the widow is (or would, if living, have been) eligible for pension. In addition to children of the rating or other rank, adopted children and step-children will, subject to certain conditions, be eligible. Pensions will be payable normally up to age 18 in respect of the children of Regimental Sergeants-Major, R.M., and up to age 16 in respect of the children of naval ratings and Royal Marines, but may be paid beyond those ages in certain circumstances (e.g. during further education).

Gratuities to Widows, etc.

13. This is a benefit for the widows of regular ratings and other ranks who die while serving or during re-employment.

The amount of the gratuity will be as follows:—

(*a*) where a Terminal Grant would have been payable on invaliding, 90 per cent of the Terminal Grant to which the rating or other rank would have been entitled.

Digitized by Google

(*b*) where an additional Terminal Grant would have been payable on invaliding, 90 per cent of that amount.

(*c*) where no Terminal Grant would have been payable, the following scale to apply:—

	£
Less than 4 years' service	100
4 years' service	120
5 ,, ,, ...	140
6 ,, ,, ...	160
7 ,, ,, ...	180
8 ,, ,, ...	200
9 ,, ,, ...	220
10 ,, ,, ...	240
11 ,, ,, ...	260

Thence by increments of £20 for each additional year of service which would have reckoned for service gratuity.

14. Normally the gratuity will be payable in full to the widow. It may, however, be withheld or reduced where the widow was separated from her husband. Where there are children not dependent on the widow, part of the gratuity may be withheld from her and paid for the benefit of the children. Where there are children but no widow, the gratuity may be paid in whole or in part for the benefit of the children. Children dependent on women members of the Forces who die while serving will similarly be eligible for gratuities in certain circumstances.

GRATUITIES TO RELATIVES OF LOCALLY ENTERED RATINGS

Attributable Death

1. A pension or an allowance will not be issuable in respect of the death of a locally entered rating, but provided the conditions as regards relationship, ages of children, and dependency are satisfied, a gratuity of such amount as the Admiralty Board may decide, but not exceeding the amount of 2 years' pay attaching to the substantive rating and any Good Conduct badges held at the date of death, subject to a maximum of £315, assessed under normal conditions, may be granted to dependent relatives of a deceased rating whose death is certified by the competent medical authority to have been caused by the conditions of his service.

2. The following dependent relatives only will be eligible for consideration for the award of a gratuity:—

(*a*) Widow.

(*b*) Children, including step-children and illegitimate children, under 14 years of age.

(*c*) Parents who are in pecuniary need or are incapable of self-support through age or infirmity, and who were wholly or partly dependent on the deceased rating at the time of his death, provided that the deceased did not leave a widow or eligible child.

(*d*) Brothers and sisters who were largely dependent on deceased rating at the time of his death, provided that they are in pecuniary need, and provided that the deceased rating did not leave a widow or eligible child.

3. These arrangements apply to all locally entered ratings for whom no other specific arrangements have been made. They therefore cover Ceylonese, West Africans, St. Helenians, Bantus, Somalis, Goanese and Hong Kong ratings.

Ratings entered at Singapore

The grant of a pension or gratuity and the amount of the award will be at the discretion of the Admiralty Board.

Attributable Death

1. A pension may be awarded to the widow and/or other dependent relatives. The maximum awards payable to widows are as follows:—

Rank	*Monthly rate of basic pension*
Able Rating	$56.00
Leading Rating	$57.50
Petty Officer	$58.50
Chief Petty Officer	$60.00

2. An allowance of $16.80 a month may be paid in respect of each eligible child, or, in the case of motherless children, $21 a month up to the age of 15 and $30.80 a month above that age. An allowance of $40.60 a month may be granted to children over 17 who cannot support themselves because of an infirmity which arose before they reached that age.

Education allowance may be awarded.

3. Cost of Living Allowance is payable on dependent's pensions.

4. A gratuity may be paid, in addition, to the widow of a rating who is killed in action or while flying on duty, or who dies within 7 years of injuries sustained in such circumstances. The maximum gratuities payable are as follows:—

Rank	*Gratuity*
Able Rating	$466
Leading Rating	$513
Petty Officer	$560
Chief Petty Officer	$606

Non-Attributable Death

When a rating dies while serving, his widow or other dependent relative may be considered for the award of a gratuity of up to the amount of his basic pay for one year. SCHEDULE II

1. This Schedule relates to Officers' service retired pay, or the service portion of disability retired pay, awarded or assessed under the provisions of Orders in Council of the 22nd January, 1920, and 11th October, 1923, 4th May, 1935, and in subsequent Orders in Council, authorising scales of service retired pay or service portions of disability retired pay based upon the consolidated rates of retired pay authorised by Order in Council of the 4th May, 1935; including also additional Retired Pay granted to Retired Officers in respect of certain salaried appointments, under the provisions of Orders in Council of 13th December, 1921, 26th May, 1925, and 23rd July, 1931, and subsequent amending Orders in Council, and to Service Retired Pay assessed on any consolidated scale introduced not earlier than 1935 and not later than 18th December, 1945, but shall not apply to retired pay granted to certain Officers retired under the Special Retirement Schemes sanctioned by Orders in Council of the 14th July, 1922, and 16th January, 1924, whose retired pay was specifically exempted from subsequent periodical review.

It also relates to pensions payable under Order in Council of the 27th October, 1936, and previous Orders relating to Riggers and Yardcraft personnel and to pensions payable under Order in Council of the 27th October, 1936, and previous Orders relating to certain Shipwrights, except that it does not relate to any such pensions payable by reason of death or retirement before the 21st February 1922, nor retired pay awarded or assessed at men's pension rates.

2. Such awards, excluding any increase admissible under the First Schedule hereto, may be increased by 10 per cent.

Where an increase of the award is admissible under the provisions of the First Schedule, the amount of the latter increase shall be limited to the excess, if any, over the increase authorised by this paragraph.

3. Any pension increased or further increased under paragraph 2 of this Schedule shall, as so increased, be regarded for the purposes of the Pensions Increase Scheme, 1952, as if assessed under the regulations in force before the 1st September, 1950.

4. In computing the increases permissible under paragraph 2, any sum commuted from the original retired pay shall be added to the existing rate, and eligibility for increase shall be determined by, and the rate of increase assessed on, the total so obtained.

5. In relation to an award which is, or would but for this paragraph be, increased by virtue of paragraphs 1 and 2 of this Schedule, shall have effect as if the references in paragraph 3 of the General Provisions in Schedule III to such an addition included any excess of the said emoluments over what they were on the 3rd September, 1939, or what in the opinion of the Admiralty* they would have been on that day had the office or employment then existed; so, however, that no pension shall by virtue of this paragraph be less than it would have been if this paragraph had not been introduced.

Note: On and after 1st April, 1964, the functions of the Admiralty are exercisable by, or on behalf of, the Secretary of State for Defence, the Defence Council or the Admiralty Board, as appropriate.

SCHEDULE III

Special Provisions

1. The retired pay of an Officer who, under regulations in force prior to Order in Council of the 22nd January, 1920, was granted a higher rate of retired pay than that for which he would have been eligible under the provisions of that Order, shall not be increased under the provisions of Schedule II to an amount greater than that for which he would have been eligible had he been granted the appropriate rate under the provisions of the said Order in Council.

General Provisions

1. Where the amount to which a pension may be increased is less than the amount to which the pension might have been increased had it been smaller, the pension may be increased to the latter amount.

2. In calculating, for the purpose of Orders in Council of the 13th August, 1920, or the 8th December, 1924, the amount of any pension, any increase for which provision is made by this Order in Council shall be disregarded, and where the amount of any pension has been increased under the aforesaid Orders of the 13th August, 1920, or the 8th December, 1924, or by any other corresponding enactment, the increase for which provision is made by this Order in Council shall be calculated upon the amount of the pension as so increased.

3. Where a pension has been increased by virtue of an addition since the 3rd September, 1939, to the emoluments of any office or employment in respect of which, or on retirement from which, the pension is payable, and the said addition was an addition by way of war bonus or other similar allowance, the increase authorised under the First and Second Schedules shall be calculated as if the pension had not been increased by reason of the said addition, and

(a) if the amount of the increase authorised under these Schedules, when so calculated as aforesaid, is equal to or less than the amount by which the pension has been increased by reason of the said addition, the pension shall not be increased under these Schedules; and

(b) in any case, the amount of the increase authorised by these Schedules, after being so calculated as aforesaid, shall be reduced by the amount by which the pension has been increased by reason of the said addition.

3A. (i) Where the amount of a pension is determined by reference to a rate of emoluments received on or after 1st April, 1947, or by reference to an average rate of emoluments received over a period of service beginning on or after 1st April, 1946, no increase of the pension shall be payable under these Schedules.

(ii) Where the amount of a pension is determined by reference to an average rate of emoluments received over a period of service (later referred to as "the relevant service") part of which was served before 1st April, 1946:—

(a) For the purpose of calculating the amount of any increase under these Schedules, the pension shall be deemed to be of the like amount as the pension which could have been granted if it had fallen to be determined by reference to the average rate of emoluments received over so many years of the relevant service as were begun before 1st April, 1946;

(b) The amount of the increase which could be granted apart from this sub-paragraph (b) shall be reduced in the proportion which the relevant service less the years begun as aforesaid, bears to the whole of the relevant service.

4. Where part of a pension has been surrendered by the pensioner for the purpose of enabling a grant to be made of a pension to the wife or husband of the pensioner under any arrangement whereby a pension is payable to the wife or husband of the pensioner during the pensioner's lifetime, then for the purpose of determining the percentage by reference to which the authorised increase of each of these pensions is to be calculated under the First and Second Schedules, each of the pensions shall be deemed to be of an amount equal to the aggregate of the two pensions

5. Any general conditions attaching to the grant or continuance of retired pay or pension under Naval Regulations shall also apply to the grant or continuance of any increase to such retired pay or pension awarded under the provisions of this Order in Council.

6. Except where express provision to the contrary is made, no increase of pension under the First or Second Schedules above shall be admissible in the case of a pension awarded or assessed under any Scheme brought into operation on or after 19th December, 1945, or re-assessed in respect of war service under any such Scheme.

(*c*) Where a pensioner is in receipt of more than one pension to which this Schedule applies, the aggregate increase on all such pensions shall be restricted to the increase which would have been given on a single pension equal to their total. (*n*) the service retired pay of Officers of the former Royal Indian Navy.

3. In the case of Officers' retired pay assessed under regulations having effect from a date after 31st August, 1950, where the award takes into account service in ranks or equivalent ranks above that of Commander, the increase shall be the following percentage of the basic pension:—

Provisions regarding the calculation of the increase

5. For the purpose of assessing the admissible increase, the basic pension shall be the pension currently in payment less any portion of the award which is an increase under any former Pensions Increase Order-in-Council.

Where an Officer's retired pay has been re-assessed in respect of war service, the basic pension shall be the award as so re-assessed and currently in payment, notwithstanding that Pensions Increase may have been imputed in its calculation, but alternatively the Officer may, in place of the re-assessed award, receive the retired pay and increase (including increases under former Pensions Increase Orders-in-Council) otherwise admissible.

Where men's service pensions have been re-assessed in respect of 1939–45 War service the basic pension shall be the award as so re-assessed and currently in payment.

6. Where any part of a pension is commuted after 31st March, 1956, the amount so commuted may nevertheless be included, as if it were still part of the pension, in assessing the increase permissible.

7. The grant of an increase of pension under this Schedule shall not affect entitlement to increase of pensions under former Pensions Increase Orders-in-Council and any increase granted under this Schedule shall be disregarded in assessing the increase admissible under those Orders-in-Council.

8. Where the terms of any former Pensions Increase Orders-in-Council require that, for the purpose of determining the rate of increase payable severally on a pension and on some other pension drawn by the same individual, the awards shall be aggregated, the rules for such aggregation, and for the allocation of the total permissible increase between the pensions, shall be as provided in the Pensions Increase Act corresponding to that Order-in-Council (as amended by the Pension Increase Act 1956).

SCHEDULE II

Special Provisions

The retired pay and additional retired pay granted to Officers in respect of service in certain salaried appointments made under the provisions of Orders-in-Council dated 13th December, 1921, 26th May, 1925 and 23rd July, 1931, and subsequent amending Orders-in-Council, may be increased as follows:—

(*a*) the retired pay earned by service on the active list shall be increased by the amount of pensions increase appropriate at the date of the Officer's final retirement; the additional retired pay earned by service in the salaried appointment after being placed on the retired list shall then be added to the original retired pay, increased as above, and the whole amount treated as a civil pension dating from final retirement: but

Digitized by Google

(*b*) where the total under (*a*) above is wholly or partially excluded from further increase by reason of the date of final retirement or the amount of retiring salary, the minimum increase will be the amount of increase which could be given on the rate of retired pay awarded for service on the active list.

2. In the case of the pensions specified at (*d*), (*e*), (*f*), (*g*) and (*m*) of Schedule I the award may be increased only to the extent to which a corresponding award under the Superannuation Acts would have been increasable under the provisions of the Pensions (Increase) Act, 1956.

SCHEDULE III

General Provisions

Any general conditions attaching to the grant or continuance of a pension shall also apply to the grant or continuance of any increase to that pension.

2. The expression "the relevant date" in Schedule I means 1st January, 1950 when the pension is calculated on average pay and emoluments of £1,500 a year or more and 1st April, 1954 in all other cases.

2. The amount of the increase shall be the appropriate percentage, as set out in Clause 3, of the pension currently in payment to the pensioner, including any pensions increase awarded or admissible under former Pensions Increase Orders-in-Council. For the purpose of the calculation only, a fraction of a pound in an annual rate of pension will be treated as a whole pound, and a fraction of sixpence in a weekly rate of pension will be treated as a whole sixpence. The pension increase, however, will be added to the actual pension in payment.

Any part of the pension which has been commuted before the 1st August, 1959, shall be disregarded in assessing the increase permissible and where commutation is effected on or after 1st August, 1959, the amount so commuted may nevertheless be included as if it were still part of the pension in assessing the increase permissible.

3. The appropriate percentage increase shall be as follows:—

(*a*) for pensions (other than family pensions) assessed in accordance with regulations which were in force before 1st April, 1956, 12 per cent;

(*b*) for pensions (other than family pensions) assessed in accordance with regulations introduced after 31st March, 1956, but excluding any awards made under regulations introduced on or after 4th November, 1958, 4 per cent;

The officer, however, may be granted instead his service retired pay award with, in lieu of the said addition, the appropriate pensions increase thereon.

SCHEDULE II

Special Provisions

The retired pay and additional retired pay granted to officers in respect of service in certain salaried appointments made under the provisions of Orders-in-Council dated 13th December, 1921, 26th May, 1925, and 23rd July, 1931, and subsequent amending Orders-in-Council may be increased as follows:—

(*a*) The retired pay earned by service on the active list shall be increased by the amount of pensions increases appropriate at the date of the officer's final retirement: the additional retired pay earned by service in the salaried appointment after being placed on the retired list shall then be added to the original retired pay, increased as above, and the whole amount treated as a civil pension dating from final retirement; but

reason of the date of final retirement or the amount of retiring salary, the minimum increase will be the amount of increase which could be given on the rate of retired pay awarded for service on the active list.

2. In the case of the pensions specified at (*d*), (*e*), (*f*), (*g*), (*m*) and (*n*) of Schedule I, the award may be increased only to the extent to which a corresponding award under the Superannuation Acts would have been increasable under the Pensions (Increase) Act, 1959.

(*e*) Pensions payable under Order in Council of 20th November, 1959, and previous Orders relating to European and Indian members of the Hong Kong Dockyard Police if beginning before the relevant date.

(*j*) Meritorious service annuities payable to Royal Marines when the recipient is also receiving another pension increasable under this Schedule.

(*k*) Retired Officers' naval pensions and good service pensions.

(*l*) Any award increased or increasable under Orders in Council of 13th August, 1920, or 8th December, 1924.

(*o*) Service retired pay of Officers of the former Royal Indian Navy.

2. Subject to the provisions of Clause 3, the increase comprises:—

(*a*) the appropriate percentage, as set out in Clause 4, of the retired pay or pension being paid to the pensioner at the time when the increase becomes payable, including any pension increase awarded or admissible under former Pensions Increase Orders in Council; and

(*b*) the additional increase as set out in Clause 5 to all pensioners who receive the percentage increase in (*a*) and who either have already reached or subsequently attain the age of 70; provided that, in the latter case, the additional increase is to take effect and become payable only when the pensioner attains the age of 70.

3. (*a*) In implementing the provisions of sub-Clause 2 (*a*), and in applying the provision of sub-Clause 5 (*b*) of this Schedule to sub-Clause 2 (*b*), a fraction of a pound in an annual rate of pension will be treated as a whole pound and a fraction of sixpence in a weekly rate of pension will be treated as a whole sixpence, for the purpose of the calculation only. The increase is to be added to the actual pension in payment.

(*b*) Where commutation is effected on or after 1st January, 1963, the amount commuted is to be included as if it were still part of the pension, in assessing the increase permissible.

4. The amounts of the percentage increases under sub-Clause 2 (*a*) are to be as follows:—

(*a*) Twelve per cent. for—

(1) the service retired pay or pension of officers of the Women's Royal Naval Service, Queen Alexandra's Royal Naval Nursing Service and Nursing Service Reserve and the Naval Nursing Auxiliary Section, and for men's and women's service pensions, and for family pensions, assessed in accordance with regulations which were effective before 1st April, 1959;

(2) the service retired pay or pension of officers (other than women officers and permanent and temporary officers on the Special Duties List in receipt of awards designated in sub-paragraph 4 (*b*) (1) following) assessed in accordance with regulations which were effective before 1st April, 1960;

(3) the family pensions of widows and children of naval ratings and Royal Marine other ranks awarded at minimum rates effective from 1st April, 1959.

(*b*) Six per cent. for—

(1) the service retired pay or pension of women officers and permanent and temporary officers on the Special Duties List, if increased in accordance with regulations introduced with effect from 1st April, 1959 and in force before 1st April, 1960. Officers on the Special Duties List to whom this sub-Clause relates may however be granted instead service retired pay under regulations in force before 1st April, 1959, with the appropriate pensions increase thereon;

(2) men's and women's service pensions and the pensions named in sub-Clauses 1 (*i*) and (*j*) if assessed in accordance with regulations introduced with effect from 1st

April, 1959, and in force before 1st April, 1962.

(*c*) four per cent. for officers' service retired pay in the categories named in sub-Clauses 1 (*a*) and (*b*) assessed in accordance with regulations introduced with effect from 1st April, 1960, and in force before 1st April, 1962, whether or not the awards were made before the latter date.

(*d*) in the case of family pensions assessed under regulations introduced with effect from 1st April, 1959, the same percentage as would have been awarded to the officer, rating or other rank from whose service the family pension derives, had he been alive on 1st January, 1963, and the relevant conditions were satisfied; provided, however, that where it is more favourable a family pension may be increased instead by an amount equal to the amount by which the pension falls short of the minimum rate of family pension effective from 1st January, 1963, which may be awarded in respect of an officer, rating or other rank of the same rank or rate. No increase to be awarded under this Schedule in respect of death on or after 1st January, 1963.

5. (*a*) Subject to sub-Clause 5 (*b*) hereunder, the additional increase under sub-Clause 2 (*b*) is to be as follows:—

(1) for pensions defined in sub-Clause 4 (*a*): £20 a year or, in the case of pensions assessed at weekly rates, 7s. 8d. a week.

(2) for pensions defined in sub-Clause 4 (*b*): £10 a year or, in the case of pensions assessed at weekly rates, 3s. 10d. a week.

(3) for pensions defined in sub-Clause 4 (*c*): £7 a year or, in the case of pensions assessed at weekly rates, 2s. 8d. a week.

(4) for pensions defined in sub-Clause 4 (*d*): the increase which would have been awarded to the officer, rating or other rank from whose service the pension derives, had he been alive on 1st January, 1963, and of the same age as the pensioner; provided that, where an increase is granted to give a pension equivalent to a pension increased under sub-Clause 4 (*a*), the additional increase shall be as for a pension defined under sub-Clause 5 (*a*) (2); and provided that, where it is more favourable to the pensioner, additional increase may be granted instead of an amount equal to the amount by which the pension falls short of the minimum rate of family pension applicable to pensioners aged 70 years or more, effective from 1st January, 1963, which may be awarded in respect of an officer, rating or other rank of the same rank or rate.

(*b*) No additional increase under this Clause is to exceed one quarter of the pension payable to the pensioner before receiving any increase payable under Clause 2.

6. Where a pensioner receives more than one pension to which this Schedule applies, the aggregate increase under sub-Clause 2 (*b*) on all such pensions is to be restricted to the increase which would have been given on a single pension equal to their total and beginning at the time when the earliest of them began. The increase on each individual pension is to be calculated by dividing the aggregate increase between the pensions in proportion to the increases which would have been given apart from this restriction.

SCHEDULE II

Special Provisions

The retired pay and additional retired pay granted to officers in respect of service in certain salaried appointments for which provision is made in Orders in Council dated 13th December, 1921, (No. 207*/C.E.), 26th May, 1925, (No. 114 A/C.E.), and 23rd July, 1931, (No. 96/C.E.), and subsequent amending Orders in Council may be increased as follows:—

(*a*) the retired pay earned by service on the active list to be increased by the amount of pensions increases appropriate at the date of the officer's final retirement: the additional retired pay earned by service in the salaried appointment after being placed on the retired list shall then be added to the original retired pay, increased as above, and the whole amount treated as a civil pension dating from final retirement; but

(*b*) where the total under (*a*) above is wholly or partially excluded from further increase by reason of the date of final retirement or the amount of retiring salary, the minimum increase to be the amount of increase which could be given on the rate of retired pay awarded for service on the active list.

2. The pensions specified at sub-Clause 1 (*d*) (*e*) (*f*) (*g*) (*m*) and (*n*) of Schedule I may be increased only by the extent to which a corresponding award under the Superannuation Acts would have been increasable under the Pensions (Increase) Act 1962.

SCHEDULE III

General Provisions

Any general conditions attaching to the grant or continuance of a pension to apply also to the grant or continuance of any increase to that pension.

2. The expression 'pension' in the Schedules to this Order in Council to include any award increasable under its provisions, or under the provisions of former Pensions Increase Orders in Council.

3. The expression 'the relevant date' in Schedule I, means 2nd April, 1961.

MINISTRY OF PENSIONS AND NATIONAL INSURANCE AWARDS IN RESPECT OF DISABLEMENT OR DEATH ATTRIBUTABLE TO SERVICE

1. Awards in respect of disablement or death of officers and ratings arising out of service during the 1914–18 War or service after 2nd September, 1939, are made by the Ministry of Pensions and National Insurance under the provisions of Orders in Council. Awards in respect of disablement or death arising from service before the beginning of the 1914—18 War or during the period 1st October 1921 to 2nd September 1939 are made by the Ministry of Defence.

2. An outline of the awards made by the Ministry of Pensions and National Insurance is set out for general guidance in the following paragraphs. Further information may be obtained from the local offices of the Ministry or from the Navy Department, Ministry of Defence. Copies of the regulations are also held by Family Welfare Sections and Royal Naval Hospitals.

Awards for Disablement

3. Disablement awards are payable on retirement or discharge from the Service as follows:—

(*a*) Where the degree of disablement is assessed at 20 per cent or more, an award will be made on the following basis:

(1) Officers eligible to receive service retired pay may receive an addition to their retired pay which varies with the degree of disablement but not with rank.

(2) Officers (other than those covered by (1)) and ratings receive disablement retired pay or pension varying with the degree of disablement and also with rank.

Digitized by Google

(*b*) Where the degree of disablement is assessed at less than 20 per cent a gratuity will be awarded according to the degree of disablement and rank.

4. Allowances are payable for a wife and/or dependent children. A disabled woman member may receive an allowance for a dependent incapacitated husband.

5. The following supplementary allowances may also be awarded in certain circumstances:—

Education allowance for children
Constant Attendance allowance.
Unemployability Supplement.
Comforts allowance.
Severe disablement occupational allowance.
Allowance for lowered standard of occupation.
Age allowance.
Allowance for wear and tear of clothing.
Treatment allowance.

Awards for Death

6. Pensions may be awarded to widows, to dependent incapacitated widowers, to parents and other dependants.

7. The rate of a widow's pension varies with the husband's rank. A special lower scale applies for the widows of ranks up to that of Commander who are childless and under 40 years of age. An Age Grant is payable in addition to pension to widows aged 70. The pension payable to a widower is based on dependency and need.

8. Allowances may be payable for the children of a deceased officer or rating and, in certain circumstances, for their education. Where a widow has an eligible child living with her she may also be awarded a rent allowance.

9. Pensions to parents and certain other relatives are payable where the claimant was dependent upon the deceased member; the rates vary according to need.

Rights of Appeal

10. There is a right of appeal to an independent Pensions Appeal Tribunal against decisions as to entitlement and assessment made under the regulations for the 1939–45 War and later, and in certain cases against the rejection of a widow's claim for pension in respect of her husband's service in the 1914–18 War. Where there are no formal appeal rights the claimant may ask for his case to be considered by an independent War Pensions Committee, which can make recommendations to the Ministry.

Claims

11. Officers and ratings who wish to make a claim for a disablement award should apply, either in writing to:—

The Controller,
Ministry of Pensions and National Insurance,
Blackpool Central Office,
Norcross,
Blackpool,
Lancs.

or in person to their local office of the Ministry, the address of which can be obtained from any Post Office. When an officer or rating is invalided from the Service his case is referred by the Navy Department, for consideration by the Ministry of Pensions and National Insurance.

NAVAL AUXILIARY PERSONNEL SCHEME, 1964

1. Awards in respect of the disablement or death of naval auxiliary personnel attributable to detention or injuries sustained as a result of service since 3rd September, 1939, are made by the Ministry of Pensions and National Insurance under the War Pensions (Naval Auxiliary Personnel) Scheme, 1964.

2. The Scheme provides for naval auxiliaries and their dependants benefits similar to those provided for members of the Royal Navy. Further information may be obtained from the Ministry of Pensions and National Insurance or the Navy Department, Ministry of Defence.

OFFICERS EMPLOYED ON INSPECTION, RESEARCH, DESIGN AND EXPERIMENTAL ORDNANCE DUTIES, &c.—CONDITIONS OF SERVICE

The following regulations govern, with effect from 21st November, 1929, the conditions of service of Naval and Royal Marine Officers employed on Inspection, Research, Design and Experimental Ordnance Duties, etc., as indicated in paragraph 4 below. They do not apply to any civillans so employed.

1. Regulations relating to Recruitment and Probation have been omitted from this issue as recruitment under these conditions has ceased. Regulations for recruitment under a modified scheme are published from time to time in Defence Council Instructions (Royal Navy).

2. Officers holding permanent appointment under the scheme will not be eligible to revert to sea service or corps duty.

Officers will be interchangeable, so far as efficiency permits, between the various branches, though it is contemplated that some will display special capacity and preference for a particular branch, and it may prove to the advantage of the Service to allow such Officers to devote a large proportion of their service to that branch.

In order to give opportunity for judging the relative suitability of Officers for the various types of work for the first 8 years after the completion of the probationary period, Officers will normally be appointed for terms of 2 years only. Endeavour will be made to give each Officer one period in the Design and Research Departments, though the number of posts available will not permit this to be done in all cases.

Appointment to the senior posts and higher posts (paragraph 4) will be in vacancies, and will be made solely by selection.

After the initial 10 years mentioned above, all appointments will be normally for 4 years.

Note.—

(*a*) The number of posts permits of a proportion of Officers only obtaining higher posts. An Officer may hold one of the higher posts more than once, but only in exceptional circumstances will he hold one more than twice.

(*b*) The duration of all appointments will be subject to the exigencies of the Service, and while, in normal circumstances, the duration will be as given above, appointments may be curtailed or extended at the discretion of the Defence Council or Admiralty Board.

(*c*) Officers who hold Group (*C*) and Group (*D*) posts (paragraph 4) will not be eligible for further promotion under the scheme after they have attained the ages of 52 and 47 years, respectively.

Exceptions to this rule may be made at Defence Council or Admiralty Board discretion in the case of Officers who already held confirmed appointments on 21st November. 1929, in posts covered by the scheme, each case being considered on its merits. Exceptions may otherwise be made in very special cases where it is considered necessary in the interests of the Service to do so.

(*d*) Officers subject to this scheme will not be borne on ships books or included in Vote A, either during the probationary period or after. While still on the Active List they will be supernumerary to the establishments of Officers of their particular ranks.

3. *Rank, etc.*—The naval rank corresponding to each post is prescribed in paragraph 4. Precedence and control within the departments is determined by the post held.

Officers are to wear uniform only when serving with Officers of the Royal Navy, the Army or the Royal Air Force wearing uniform, or when otherwise required.

The uniform worn is to be that of the rank corresponding to the post (see paragraph 4).

The special grant of steps in rank after retirement (see paragraph 14) will be limited to what is required to give an Officer the rank corresponding to his grade (see paragraph 4).

A Lieutenant-Commander occupying a Group (*D*) post on retirement will remain a Lieutenant-Commander unless he is eligible for higher rank under the ordinary general naval rules in force.

Active Service Officers appointed to any of the posts in the ensuing paragraph, who do not already hold the rank appropriate thereto, will be given acting rank, as necessary, until placed on the Retired List.

A Captain R.M. serving in a Group (*D*) post will retain the rank of Captain for the duration of service in that Group. On promotion to a Group (*C*) post he will be given automatically the rank of Acting Major and this rank will be confirmed on reaching age 45.

None of the above conditions affects the pay of the Officers in question while employed, which is dealt with in paragraph 4.

Service in acting higher rank prior to retirement from the Active List will not be taken into account in assessing retired pay—see paragraph 11.

£1,755 at age 30 or over
£1,815 — £1,885 — £1,950 (maximum)

Note.—The scales are not subject to provincial differentiation.

(*a*) In the event of circumstances leading to an Officer being appointed to a group (*C*) post after holding a group (*B*) post, he will be placed at the top of the group (*C*) scale. Officers transferred from one post to another of equal pay within the same group (*A*, *B*, *C* or *D*) will continue at their existing rate, counting former service in the group towards increments.

(*b*) The retired pay of retired Officers serving in any of these appointments will be suspended during such service.

(*c*) Officers employed in these appointments may receive an allowance of 12s. a day for each day on which they are required to serve at sea in a submarine.

5. *Remuneration during periods of temporary unemployment.* Officers on the Active List serving in any of these appointments will be eligible for pay at the rates appropriate to their substantive rank and seniority, and under the conditions applicable to Officers on the general Active List.

Officers on the Retired List will be eligible to receive pay at a rate equal to their retired pay plus the addition to retired pay, if any (see paragraph 11), for which they would have been eligible, if on the date of ceasing salary their services had been finally terminated at their own request.

6. *Counting of service for increase of retired pay.*—(*a*) All time in respect of which salary is drawn up to the ages of compulsory termination of employment and, in the case of Officers finally retiring after the 15th November, 1956, any further service up to the age of 60, shall count as full time for increase of retired pay. In the case of service between the age of compulsory termination of employment and age 60 the addition to retired pay will be calculated on either salary at the time of compulsory termination of employment or salary on completion of further service up to the age of 60, whichever is the more favourable.

(*b*) Time in respect of which unemployed pay or half-pay is drawn will, in the case of Officers on the Active List, count in the same manner as for Officers on the General Active List, and in the case of retired Officers be ignored.

7. *Leave.*—Leave up to six weeks per annum will be granted, subject to departmental requirements.

8. *Sick Leave.*—Sick Leave on full salary may be granted up to six months in any twelve months, subject to an over riding limit of twelve months in any four years. Ministry sanction must be obtained for the grant of sick leave in excess of three months in any period of twelve months (*see* also paragraph 9).

9. *Hospital, medical and dental treatment.*—Officers, whether on the Active List or Retired List, Royal Navy or Royal Marines, will be eligible for hospital, medical and dental treatment under Naval arrangements at the expense of Navy Votes. As the rates in paragraph 4 include an element for victualling (i.e., they are assessed on the basis that the Officers will have to make their own arrangements for food), a charge will be made for their maintenance while in hospital, so long as they continue to receive full salary. A sum equivalent to the current rate of provision allowance will be deducted from their salary for each day or part of a day in hospital. Officers who have exhausted the sick leave to which they are entitled (see paragraph 8) will, if on the Active List be placed on half-pay, and, if on the Retired List, on unemployed pay (see paragraph 5).

10. *Termination of employment.*—Employment under the scheme will terminate compulsorily at the following ages:—

Higher posts	57
Senior posts	55
Junior posts	52

except in the case of Officers already holding confirmed appointments in such employment on 21st November, 1929, where the Defence Council or Admiralty Board may decide to extend the age limit. Such extensions can be arranged only when suitable employment continues to be available, and each case will be considered on its merits, with due regard to the regulations formerly in force and to past practice in administering them. Under those regulations Officers are subject to a maximum retiring age of 60 if they have not previously been discharged to retired pay at their own request or for some other reason; and those appointed after September, 1925, were informed that they might normally expect employment to continue to the following ages:—

Assistant Inspectors	50
Inspectors	52
Chief Inspector and Officer of the corresponding grade	57

Officers may be unemployed for two consecutive years, but will not be eligible for further employment subsequently.

The employment of an Officer may be terminated at any time, if, in the opinion of the Defence Council or Admiralty Board, he has been guilty of misconduct, or has unsatisfactorily performed his duties, or is otherwise unsuitable, or is physically unfit for further service.

Voluntary termination of employment, which, if the Officer is on the Active List, must be accompanied by retirement therefrom, may be allowed at the discretion of the Defence Council or Admiralty Board.

They reserve to themselves the right to terminate an Officer's employment under this scheme if, having regard to the posts he has held and the necessity for providing opportunity for promotion of more junior officers, they are unable to offer him further suitable employment.

Officers may be re-employed at the discretion of the Defence Council or Admiralty Board beyond the ages for compulsory termination of employment.

11. *Retirement from the Active List and retired pay.*—Officers on the Active List serving in any of these appointments, if not previously retired at their own request or otherwise, will be transferred from the Active List to the Retired List, on reaching the age for compulsory retirement applicable to Officers on the Active List, but this will not necessitate termination of their employment nor entitle them to receive retired pay while still employed.

Service in acting higher rank, prior to retirement from the Active List for any cause, will not be taken into account in assessing any entitlement to retired pay, notwithstanding any provision to the contrary for officers on the general Active List.

In other respects, Officers whose employment under this scheme is finally terminated for any cause while on the Active List will be placed on the Retired List at once with the rate of retired pay for which they

Digitized by Google

are eligible under the regulations applicable to Officers retired from the general Active List. Officers whose services are finally terminated under paragraph 10, either after two consecutive years of unemployment, or on account of unsatisfactory performance of their duties, or on account of unsuitability, will be granted the retired pay prescribed for retirement from the general Active List for similar reasons.

12. *Addition to retired pay of retired officers whose employment is finally terminated after retirement from the Active List.*—Officers whose employment is finally terminated after their retirement from the Active List may be granted, in addition to the retired pay earned by their service prior to retirement, an increase in retired pay in respect of their subsequent service calculated, irrespective of the appointment held, under the following regulations:—

I. Except as provided in Clause III below, Officers whose services are terminated—

(*a*) otherwise than for misconduct after 10 or more years' service subsequent to their retirement, or

(*b*) after less than 10 years' service subsequent to their retirement either at their own request, or for unsuitability, or for unsatisfactory performance of their duties,

may be granted an addition to retired pay, the rate of which will be calculated at one-sixtieth of the salary of the appointment held immediately prior to discharge for each complete year of their service after retirement, excluding any periods for which unemployment pay under paragraph 5 above may have been issued.

II. Except as provided in Clause III below, Officers whose services are terminated otherwise than for misconduct or any of the causes mentioned in Clause I (*b*) of this rule, and after less than 10 years' service subsequent to their retirement, may be granted an addition to retired pay, the rate of which will be calculated at one-fiftieth of the salary of the appointment held immediately prior to discharge for each complete year of service after retirement, excluding any periods for which unemployed pay under paragraph 5 above may have been issued, provided, however, that the addition to retired pay shall in no case exceed one-sixth of the salary of the appointment held immediately prior to discharge.

III. An Officer who on or after 1st April, 1919, has been retired from the Active List of the Royal Navy or Royal Marines with a special rate of retired pay higher than that permissible under the ordinary regulations applicable to Officers on the general Active Lists at the date of retirement for an Officer of like age, rank and service, will not, on the final termination of his employment, receive retired pay and addition to retired pay in excess of the greater of the two following sums:—

(*a*) The retired pay for which he would have been eligible had he, on retirement from the Active List of the Royal Navy or Royal Marines, been awarded the rate of retired pay permissible under the ordinary regulations in force at the date of such retirement for an Officer of like age, rank and service and permitted to count the whole of his subsequent service for addition to retired pay under Clause I or Clause II hereof, whichever be appropriate, and

(*b*) The actual rate of retired pay awarded to him on retirement from the Active List without any addition for subsequent service.

IV. Officers whose services are terminated on account of misconduct may be granted such rate of addition to retired pay, if any, as the Ministry of Defence, at its discretion, may see fit to award, provided that it be lower than the rate for which they would have been eligible if their services had been terminated for unsuitability or unsatisfactory performance of their duties.

13. *Non-effective benefits payable to those Officers who have retired from the Active List with gratuities only.*—The following regulations apply to those Officers appointed after 1st June, 1936, to the aforesaid posts who have retired from the Active List:—

A. with gratuities, only, under normal regulations,

B. with gratuities, only, under the Special Retirement Scheme (1934) laid down in Orders-in-Council dated the 26th day of February, 1934, and the 13th day of August, 1935.

I. *Service* for the purpose of these regulations shall be such service rendered in one or more of the aforesaid posts by an Officer after his retirement from the Active List as would have counted for increase of retired pay had the Officer retired from the Active List with retired pay. (See para. 6 above.)

II. Officers in both categories A and B above who fail to complete four years' service otherwise than on account of attributable disabilities shall not qualify for the award of retired pay, but shall be eligible on termination of service, at Ministry of Defence discretion, for gratuities only, at rates not exceeding £200 and £160 for each complete year of service, in lieu of the retired pay additions of one-fiftieth and one-sixtieth, respectively, prescribed in paragraph 12 above.

III. An Officer in category A above whose service is terminated on or after the completion of four years' service shall be eligible for service retired pay equal in amount to the additional retired pay which he would have been granted under the provisions of paragraph 12 above, had he retired from the Active List with retired pay; to which shall be added, if his service has been terminated on account of attributable disability, the appropriate disability addition prescribed in paragraph 15 below.

IV. An Officer in category B above whose service is terminated either:—

(*a*) on, or after, the completion of four years' service, or

(*b*) at any time, on account of attributable disability,

shall be eligible for service retired pay at the rate laid down in paragraph 12 III (*a*) above, *less* the annuity value, as determined by the Ministry of Defence, of the gratuity he received on retirement from the Active List; to which shall be added, in the case of (*b*), the appropriate disability addition prescribed in paragraph 15 below.

V. Officers in both categories A and B above whose services are terminated on account of misconduct may be granted such rate of retired pay or gratuity, if any, as the Ministry may see fit to award, provided that it be lower than the rate of retired pay or gratuity for which they would have been eligible if their service had been terminated for unsuitability or unsatisfactory performance of the duties.

VI. Widows' pensions and children's allowances at ordinary rates (see paragraph 16 below) shall be payable in respect of Officers in both categories A and B above, provided that a minimum of four years' service has been rendered and that the conditions, generally, governing such awards are fulfilled, notwithstanding the provisions of Clause 5 (*g*) of the Schedule of Order-in-Council dated the 25th day of June, 1925.

14. *Rank on the Retired List.*—Officers who on retirement hold, or who may subsequently be appointed to, a Higher Post under these regulations may, at the discretion of the Defence Council or Admiralty Board, be granted the rank or equivalent rank of Captain, R.N., or the rank of Colonel, R.M., on the Retired List, and, similarly, Officers who on retirement hold, or who may subsequently be appointed to, a Senior Post under these regulations

REGULATIONS RELATING TO THE EMPLOYMENT, &c., OF OFFICERS ON THE RETIRED AND EMERGENCY LISTS

Note (A).—Officers on the Retired and Emergency Lists are reminded that they are under a continuous liability for Naval Service, if so required, on mobilisation. Before undertaking any Civil employment which would interfere with their immediate readiness for service, Officers should ascertain whether the Ministry of Defence is prepared to grant them exemption from Naval Service, either for a limited period or permanently. For Officers under the age of 60 such exemption will only be approved in special cases, and applications received in time of emergency when mobilisation is expected, or has been ordered, will not be entertained.

Note (B).—The regulations concerning payment of Service retired pay during re-employment in peacetime and time of emergency, and as regards further awards of Service retired pay, terminal grant, or additional terminal grant or service gratuity following such re-employment, are given in the section on retired pay. They should not be confused with the rules regarding payments for attendance at, or in connection with, committees under the Ministry of Defence or for special duties, given in paragraph 8 below.

1. *General.*—Her Majesty has the power to call all Retired Officers into active employment in case of war or emergency, but the first selection for employment will be made from those who are below the age of 60.

Lists of Retired Officers are kept at the Ministry of Defence. On retirement, officers are to report their private addresses to the undermentioned authorities:—

(*a*) All Naval Officers other than those in categories (*b*) and (*c*) below:—Ministry of Defence, Old Admiralty Building, Whitehall, London, S.W.1.

(*b*) Medical, Dental and Wardmaster Officers:—Medical Director-General (Naval), Empress State Building, London, S.W.6.

(*c*) Royal Marine Officers:—Commandant General Royal Marines, Old Admiralty Building, Whitehall, London, S.W.1.

Any change of address is to be similarly reported.

As a general rule Officers retired on account of physical unfitness are included with a view to employment on such service as they may be fit to perform.

Officers on the Retired List or Emergency List who are not on active service are asked to notify the Ministry if they intend to visit countries *outside* the Commonwealth and Colonies, the N.A.T.O. area, the Irish Republic, Switzerland, Spain or South Africa, or to be absent from the United Kingdom for more than one month (Q.R. & A.I., 0915), unless they have been notified of a requirement to seek permission before proceeding abroad.

2. *Retired and Emergency List Officers re-employed in an emergency:—*

Pay and Allowances

(*a*) Retired Flag Officers and Officers of equivalent rank will receive pay of the rank in which they are appointed to serve, together with allowances appropriate to that rank. Where appointed to serve in a rank below Flag rank, they will receive the maximum rate of pay in the rank in which serving. During periods of sick leave, or other intervals between effective appointments, the rates of pay and allowances will be those last in issue, unless instructions to the contrary are issued by the Ministry.

(*b*) Retired Officers and Officers on the Emergency List of the rank or relative rank of Captain, R.N., or below, will receive pay on the scale appropriate to the rank held on the Retired or Emergency Lists, irrespective of the rank in which serving, time served on pay in that rank being reckoned for the purpose of increments of pay. A retired Officer or an Officer on the Emergency List of the rank or relative rank of Captain, R.N., or below, who is re-employed in a rank lower than that last held on the Active List, will receive allowances at the rates appropriate to the last rank held on the Active List. A retired Officer of the rank or relative rank of Captain, R.N., or below promoted on or after retirement, and re-employed in a rank lower than that held on the Retired List will receive allowances at the rates appropriate to the rank in which he is serving, except that allowances for which he would be ineligible if serving in the rank held on the Retired List will not be payable. This provision also applies to an Officer promoted after being placed on the Emergency List and re-employed in a lower rank than that held on that list.

(*c*) Retired and Emergency List Officers who are granted acting rank higher than that held on the Retired or Emergency Lists will receive pay and allowances of the higher rank under the conditions applying to Active List Officers.

(*d*) In all cases the scales of pay and allowances will be those in force at the time for corresponding Officers on the Active List.

(*e*) An Officer will be eligible to receive a rate of pay equivalent to the rate of service retired pay (or the service element of disability retired pay or pension) if more to his advantage than the rate of pay payable under clauses (*a*) and (*b*).

(*f*) No reduction from pay will be made in respect of any gratuity awarded on retirement or discharge.

(*g*) In the case of Officers who have retired without retired pay and Officers on the Emergency List, neither time nor promotion after retirement will qualify for retired pay or retiring gratuity.

3. *Officers retained in employment beyond the age set for compulsory retirement.*—Such Officers will be treated as retired Officers re-employed.

4. *Promotion.*—Officers called from the Retired List during war or emergency may be dealt with as regards promotion under the regulations which are in force at the time for Officers of the same class on the Active List, in so far as promotion is dependent on service.

Such Officers may also be promoted at the discretion of the Defence Council or Admiralty Board irrespective of the regulations governing the promotion of Officers on the Active List, provided that such special promotion does not extend to the granting of Flag rank or of any equal relative rank. As a rule, however, such step in rank will not be granted until the Officer has ceased re-employment.

5. *Instruction*

(*a*) Retired Officers who have been selected to fill appointments in time of emergency will undergo instruction as may be necessary to qualify them for the duties of the posts they will be required to take up. While undergoing such instruction they will receive pay as in paragraph 2 (without command money or equipment allowance), and allowances of their corresponding ranks on the Active List. The time served will count for increase of full pay.

(*b*) Officers will not, however, be detailed for courses of instruction in time of peace except with their own consent.

6. *Uniform.*—Officers re-employed after a break in service will receive a uniform grant of £10 towards the cost of bringing their uniform up to the prescribed scale. An additional grant may be paid to officers whose break in service is four years or more.

Digitized by Google

Officers will wear the uniform of the rank in which they serve (see following paragraph).

7. *Rank and Command.*—Subject to the following provisions as to the right of command, steps in rank given on or after retirement will confer the right to the title, and other advantages of the higher rank.

In cases where a step or steps in rank have been granted automatically by virtue of and in strict seniority, the Officers shall take command according to their seniority on the Retired List, subject to the conditions that Captains retired from that rank shall in no case take command over an Officer on the Active List of Flag Officers, or over one who has retired from the Active List of Flag Officers.

In other cases steps in rank given on or after retirement shall not give the right of command amongst Naval Officers, which shall be governed by the date of commission in the rank held on the Active List at the date of retirement.

(*Note.*—For regulations regarding widows' pensions, etc., including the effect of total or partial commutation of retired pay, see appropriate sections of the Appendix.)

8. *Retired Officers employed as members of committees or on special duties under the Ministry of Defence.*

(*a*) Officers on retired pay employed as members of committees under the Ministry will be paid:—

(1) their actual reasonable travelling expenses in attending the meetings of, or when employed on special duties connected with, the committee. Whenever practicable travelling warrants should be used for the journey, but when warrants are not used, the number of the railway ticket purchased should be stated. In the absence of this information, only the cost of a Government rate journey will be allowed;

(2) the difference between pay and retired pay for those days on which Officers attend the meetings of the committee, or are employed on special duties connected therewith, including the days occupied in travelling from the Officers' residences and back;

(3) subsistence allowance in accordance with current regulations, when employed at a distance from their residences for those days on which they attend the meetings of the committee, or are engaged on special duties connected therewith, including the days occupied in travelling; but should the service on which they are employed entitle them to the allowance for more than fourteen nights consecutively at the same place, a reduction of one-third will be made in the allowance during any further stay in that place;

(4) should Officers' residences be at such a distance from the places at which the committee meets that the expense of going there and returning between the dates of any two consecutive meetings would be greater than that of remaining in the vicinity and receiving the pay and allowances they are entitled to whilst actually attending the committee, Officers are to adopt the latter course, acquainting the president of the committee of the facts, and reporting the same to the Ministry of Defence in forwarding their claims for payment.

(*b*) Officers on retired pay while employed on special duties under the Ministry (except Officers employed by the Hydrographer of the Navy, for whom see clause (*f*) below), will be paid in accordance with this article, the days of employment on special service being taken as answering to those of attendance on committees.

(*c*) Officers on retired pay, when called upon to give evidence before committees assembled at a distance from their residence, will be repaid their actual reasonable travelling expenses, subject to the proviso in the second paragraph of clause (*a*) (1), and will receive subsistence allowance, as specified in clause (*a*) (3) and (4).

(*d*) All claims are to be made by the respective Officers in detail, and, for employment on a committee, the claim of each Officer must be certified by the president or chairman, stating the number of days and dates on which the Officer actually attended a meeting, or was employed on special duties connected with the committee.

(*e*) Claims which should if possible be made out on Form S.542 (Travelling Expenses Claim) are to be forwarded to Principal Director of Accounts (Naval), Branch 2.

(*f*) Retired Officers engaged under the Hydrographer's directions in compiling Hydrographic publications will be paid at rates as may be authorised from time to time.

Note.—These regulations are issued for the general information of Officers on the Emergency List. It should however, be understood that they are liable to revision, and any alteration made will be applicable in the case of all Emergency List Officers re-employed.

Officers Eligible

1. In order that the State may not lose altogether the advantages which it has the right to expect in return for the expenses incurred in the training of Officers, a list of Officers eligible for employment in an Emergency, known as the R.N. Emergency List, has been established, and the Admiralty Board expect that all Officers who are released from the Active List for private reasons should be prepared to enrol their names on this List.

2. Officers leaving the Active List on completion of their Supplementary List Short Service or Extended Service engagements will, however, be placed on the List in all cases and be liable for service in war or emergency during the subsequent two or more years required by the terms of their engagement. At the end of that period they may volunteer to continue on the Emergency List, subject to the condition in paragraph 3.

3. Engineer Officers who apply under paragraph 1 above, will only be placed on the List if their profession continues to be connected with mechanical engineering. The nature of their employment or intended employment should be stated by candidates when volunteering, and also, if enrolled, once a year after their names are placed on the List. In the same manner Medical and Dental Officers will only be enrolled if they continue to practise their profession. The nature of their work should be reported annually. This rule will also apply to Officers mentioned in paragraph 2 if they volunteer to serve for a further period on the Emergency List after completing their original contract.

4. Officers on the Emergency List are to report any change in their address and before proceeding abroad they must obtain the approval of the Ministry of Defence.

5. Before Officers on the Emergency List enter into any engagement under or on behalf of Foreign Governments or accept any form of employment which may take them away from the United Kingdom, thus rendering them not available for service in Her Majesty's Fleet at short notice, they must first obtain the approval of the Ministry of Defence.

6. Any Officer who has voluntarily joined the Emergency List and subsequently withdraws will be required to resign his Commission.

7. The names of Emergency List Officers are shown in the Retired Section of the Navy List.

Conditions of Service

8. Officers whilst enrolled are allowed to retain their Commissions. They may wear the Uniform of their rank on the Emergency List (or War Service Rank if such has been granted), subject to permission being obtained from the Ministry. They do not receive pay, or pension, when not employed.

9. Officers selected to fill appointments to be taken up in time of war or emergency may be required to undergo such instruction as may be considered necessary to fit them for the duties they will be called upon to perform. Attendance at such courses of instruction will be under the following regulations:—

(*a*) The pay will be as under paragraph 10.

(*b*) Travelling expenses incurred in attending the courses will be allowed.

(*c*) Plain clothes may be worn, and no allowance for outfit will be given.

(*d*) Accommodation when available will be provided if desired.

(*b*) An Officer promoted after resignation and re-employed in a rank lower than that held on the Emergency List to receive allowances at the rates appropriate to the rank in which he is serving, except that allowances for which he would be ineligible if serving in the rank held on the Emergency List, will not be payable.

(*c*) An Officer re-employed in a rank lower than that last held on the Active List, will receive allowances at the rates appropriate to the last rank held on the Active List.

(*d*) Neither time nor promotion after retirement will qualify for retired pay or retiring gratuity.

Uniform

11. Officers who are recalled for full time service in time of national emergency will receive a uniform grant of £10 for the purpose of bringing their uniform up to scale. If the interval between their last day of paid active service(*) and their date of rejoining is four years or more, they may claim a refund of expenditure in excess of £10, necessarily incurred in bringing their outfits up to the required scale within the limit of the full value of that scale as assessed by the Ministry.

* Terminal Leave will be regarded as "active service" for this purpose.

Promotions

12. Officers called from the Emergency List for service during war or emergency may be dealt with as regards promotion under the regulations which are in force at the time for Officers of the same class on the Active List in so far as promotion is dependent on service. In special cases, Officers may be promoted at the discretion of the Defence Council or Admiralty Board, irrespective of the regulations governing the promotion of Officers on the Active List, but such special promotion will not extend to Flag or equivalent rank and will, as a rule, only be granted on ceasing service.

This fund is employed for the purpose of conferring a Gold Medal annually on the Medical Officer of the Royal Navy who, to a degree which is considered worthy of recognition, has brought about an advance in any branch of Medical Science in its application to Naval Service, or has contributed to an improvement in any matter affecting the health or living conditions of Naval personnel.

The sum of approximately £287 is invested and held in trust by the United Services Trustee as Custodian Trustee, the Chief Naval Engineering Officer and Commanding Officer, Royal Naval Engineering College, Manadon acting as Joint Managing Trustees. The interest is employed to provide a prize to be awarded annually to the officer who achieves the highest marks in the Engineering Drawing paper in the sixth term examinations of the Long Engineering Course. This prize was instituted in 1942 by Vice-Admiral W. H. D'Oyly and his wife to perpetuate the memory of their son, Lieutenant (E) R. C. H. D'Oyly, R.N., who was killed in action in March, 1941. The prize will consist of a sum of £50 awarded annually to the officer who has shown the best all round officer-like qualities after eight terms of the Long Engineering Course at the R.N. Engineering College, Manadon. The prize may be split equally between two or three officers at the discretion of the Commanding Officer, according to the numbers in the Course.

Officers of the Commonwealth Navies studying at the College are equally eligible with R.N. officers for this prize.

THE EARDLEY-WILMOT PRIZE ESSAY COMPETITION

The Eardley-Wilmot Prize Essay Competition is organised every 5 years by the Royal United Service Institution and is open to members of the Institution.

The subject for the essay is selected by the Journal Library and Lecture Committee of the Institution.

The next Competition is due in 1968 and full particulars will be published in the Journal of the Royal United Service Institution and in Defence Council Instructions (Royal Navy).

A prize medal and sixteen guineas will be awarded for the best essay, subject to its attaining a sufficient standard of excellence.

THE COMMANDER EGERTON PRIZE

This Prize was founded in 1901 in memory of Commander Frederick Greville Egerton, R.N., who was mortally wounded on the 2nd November, 1899, in the defence of Ladysmith, whilst acting in the execution of his duty.

The dividends arising from a sum of £500 given by the relatives and invested in Government securities will be employed in providing the prize, to be called "The Commander Egerton Prize," which will be awarded annually at the discretion of the Admiralty Board to the Officer who, when qualifying for Gunnery Lieutenant, passes the best examination in practical Gunnery (i.e., Part I of the R.N. Long Gunnery Course). Officers of the Commonwealth navies are eligible to receive this Prize.

ERROLL-ELDRIDGE FUND

This Fund was formed in June 1910 by a Trust Deed under bequests from Anne Louisa Russel Waldo-Sibthorp (in memory of her husband Commander George Harry Richard Erroll, R.N., who lost his life serving his country), and William Yates Eldridge, whereby the income from, or if required, the capital of £1500 was to be applied in carrying on at the Royal Naval Hospital at Haslar original medical research into matters affecting the health of the Navy, especially tuberculosis, and providing and maintaining plant and other requisites for that purpose.

2. Owing to changed circumstances the Fund was reconstituted in 1959 as the Erroll-Eldridge Fund to form a prize, the income being devoted to annual "Erroll-Eldridge Prizes" to be awarded to medical officers of the Royal Navy who have been nominated as having made a notable contribution to the improvement of the health of the personnel of the Royal Navy or research thereon.

3. If in any year no medical officer is nominated as one whose work is of sufficient merit to justify the award of a prize, the income will be re-invested, so enhancing the value of the prize(s) subsequently awarded.

4. Medical officers of all ranks are eligible for the prize; an officer is not restricted to receiving the prize on one occasion only during his career, nor precluded from receiving the prize in addition to the Gilbert Blane Gold Medal.

Full particulars of the competition are published in the Institutional Journal each February and will be promulgated in Defence Council Instructions (Royal Navy). The closing date for each competition is 15th November. Essays are limited to 9,000 words exclusive of tables.

The Trench Gascoigne Prize of 30 guineas may be awarded to the writer of the essay placed first; further prizes may be awarded if the number and standard of the essays submitted justify them, but no award may be made in favour of any essay which does not attain a sufficient standard of excellence.

If the essay awarded the Trench Gascoigne Prize is considered by the Council to be of the requisite high standards, the writer will also be awarded the Gold Medal of the Institution.

GEDGE MEDAL AND PRIZE

The members of the Royal Naval Accountant Officers' Dining Club have subscribed a sum of £260 to institute a prize to be competed for annually by Junior Supply Officers.

The medal will be known as the "Gedge Medal," in commemoration of Staff-Paymaster Joseph T. Gedge, R.N., who was killed on 6th August, 1914, when H.M.S. *Amphion* was sunk by a mine, and who was the first British Officer of all the fighting services to be killed during the 1914–18 war. The family of this Officer have consented to the use of the name.

The medal and prize will be awarded annually to the Officer of the (S) specialisation who obtains the highest aggregate in the examinations held during the fourth (Professional) year's training. The competition is open only to confirmed and acting Leading, Able, Ordinary and Junior ratings of all Branches (including Artificer and Artificer Apprentice ratings) and equivalent Royal Marines other ranks, but competitors holding Local Acting Petty Officer rating will be eligible to enter. Advancement to the Petty Officer rating or its equivalent (acting or confirmed) after the announcement of each competition and before the results are declared will not render competitors ineligible provided they submit their essays before being actually rated.

3. Competitors who submit the best essays in the competition will, except as indicated below, receive money prizes in order of merit as follows:—

First Prize	£18
Second Prize	£12
Third Prize	£8

If two or more essays of equal merit are eligible for a prize, the prizes (if any) for which the additional essays would have been eligible if they had instead been next in order of merit will be added to that prize and the whole shared equally between the successful competitors. If, however, in the opinion of the Admiralty Board sufficient entries of a high standard have not been received, the award of any or all of the prizes for the competition may be withheld. A prize may also be awarded at the discretion of the Admiralty Board to the widow or the next-of-kin of a deceased rating to whom, but for his death, it would have been awarded.

4. No competitor may submit more than one essay for each competition. Each essay must be accompanied by a declaration by its author that it is his own unassisted work; this declaration is to be countersigned by his Commanding Officer, and placed in the sealed envelope referred to in para. 8.

5. Essays should be of between 2,000 and 3,000 words and may be in manuscript or typed. In marking them, attention will be paid to subject matter, including logical arrangement, to paragraphing, expression and sentence construction, to general tidiness, and to spelling and punctuation.

6. Entries should be submitted through Commanding Officers direct to the appropriate Administrative Authority and should reach that authority not later than 30th November. Entries from R.M. other ranks should be submitted through the authority in whose Command they are serving. Entries from ratings serving in extra-Command areas (*e.g.*, in N.A.T.O. billets) should be submitted through the appropriate channels to the Command in which their welfare authority is situated. Entries from R.M. other ranks serving in those areas should be submitted through the Commandant General, Royal Marines.

7. Essays will be marked initially at Command level, only the three or four best essays from each Command being forwarded to the Director of the Naval Education Service.

8. For the purposes of marking, the authorship of essays must be strictly anonymous. Each competitor must adopt a pseudonym, or motto, of not less than three words. This pseudonym, or motto, is to be written at the head of the essay in the candidate's own handwriting. In addition, each competitor is to attach to his essay a sealed envelope with his pseudonym or motto written on the outside and containing (*a*) a sheet of paper on which are written his name, rating, official number and address together with his pseudonym or motto (*b*) the certificate referred to in para. 4. This envelope will only be opened by the Administrative Authority after a decision has been made not to forward an essay to the Director of the Naval Education Service, or in the Ministry of Defence after the final adjudication has been made.

2. The subject of the essay for each year, and the titles of books recommended for study, will be published in Defence Council Instructions (Royal Navy). The list of books given will not be exhaustive; officers may study and quote any contemporary paper or other authority, but success will depend mainly on the mastery of the work of the contemporary authorities recommended.

3. To avoid errors which experience of the competition has shown to be common, officers should consult a pamphlet "Hints to Competitors" which may be obtained on application to the Director, Naval Education Service.

4. Essays should be of 10,000 to 12,000 words, and may be in manuscript or typed.

5. Competitors are to forward their essays to the Director of the Naval Education Service, before the end of the year. Each essay must be accompanied by a declaration by its author that it is his unassisted work; this declaration is to be counter-signed by his Commanding Officer.

6. *Limited Competition.* This competition is limited to serving officers on the permanent lists of the Royal Navy, Royal Marines and W.R.N.S. in

the ranks of Acting Sub-Lieutenant to Lieutenant-Commander (inclusive) or equivalent and corresponding officers of Commonwealth Navies who are serving on exchange or loan service in the Royal Navy or Commonwealth or foreign officers undergoing training with the Royal Navy. This includes Special Duties and permanent Supplementary List officers. Officers who have passed the Staff Course are ineligible.

7. The prizes for the limited competition each year are as follows:—

First Prize	£50, and a medal
Second Prize	£30
Third Prize	£20

In addition further prizes of £20 or less may be awarded at the discretion of the Admiralty Board.

8. An officer who has obtained a prize in the limited competition will be eligible only for a higher prize in a subsequent limited competition.

9. *Open competition.* Serving officers of all ranks on the permanent lists of the Royal Navy, Royal Marines and W.R.N.S. and corresponding officers of Commonwealth Navies who are serving on exchange or loan service in the Royal Navy or Commonwealth or foreign officers undergoing training with the Royal Navy may submit essays on the subject laid down for the year and any active service officer who is not eligible to compete in the limited competition or who is not awarded a prize in that competition may be considered for a prize in the open competition.

10. The supplementary prizes for the open competition will be of £20 or less at the discretion of the Admiralty Board.

11. Certificates will be awarded to all competitors whose work shows real merit. If an officer receives a prize or certificate it will be noted in the official records and will be taken into account on application to qualify for staff duties.

12. *Provision of books.* Authority cannot be given for the provision at official expense of books recommended for study in prize competitions. Books may, however be borrowed from public libraries and from the Mount Wise Naval History Library (housed in the City Library, Plymouth).

13. The total amount of the prizes which may be awarded in any year is limited to £150. The Admiralty Board reserve the power to withhold the award of any prize if essays of sufficient merit are not submitted, or to combine two prizes and divide them equally where essays are of equal merit.

ANNUAL EXAMINATION IN FOREIGN LANGUAGES

1. An examination in foreign languages will take place on the first Tuesday in December of each year, on the result of which the prizes and certificates mentioned below will be awarded.

The examination will be open to officers of all categories and of all ranks, including permanent W.R.N.S. officers. The only candidates eligible for the money prizes and medals will be as undermentioned; other officers will be eligible for certificates of merit only. Examinations will be held each year only in those languages for which officers eligible for prizes are candidates:—

Royal Navy. Officers of the rank or equivalent rank of Acting Sub-Lieutenant, Sub-Lieutenant and Lieutenant of not more than five years' seniority in that rank on the date of the examination.

Royal Marines. Second-Lieutenants and Lieutenants of not more than six years' seniority in that rank at the date of the examination.

Women's Royal Naval Service. Officers of the rank of Third Officer and Second Officer of not more than five years' seniority in that rank on the date of the examination.

An officer who entered in the first instance on a temporary basis, and is eligible for subsequent transfer to the permanent list, will be allowed to compete while still on the temporary list, provided that he declares when sending in his name for examination that:—

(*a*) he intends to apply for transfer to the permanent list when the proper time arrives;
(*b*) he undertakes to refund any money prize which may be awarded to him if he is not so transferred, whether his withdrawal is at his own request or otherwise.

2. The examination will be carried out by means of written papers, two question papers being set in each language. Paper I will be taken in the forenoon from 0900 to 1200, Paper II in the afternoon from 1330 to 1630. The papers will be sent out by the Director of the Naval Education Service; they will include questions in grammar, translation and composition.

3. No candidate may take more than one language on the same occasion.

4. No officer may compete in any language for which he has qualified as interpreter.

5. Officers may compete more than once, but any officer to whom a prize has been awarded in a previous competition will not be eligible for a prize of the same or lower value in the same language.

6. Candidates must intimate to the Director of the Naval Education Service, their intention to compete, six months beforehand, naming the language in which they desire to be examined. The corresponding examination papers for each candidate will be sent out in a separate sealed package addressed to the Captain of the Ship in which the candidate is serving, so that, if the candidate changes his ship before the examination takes place, the sealed package containing his question papers can be transferred to his new ship. The sealed package is to be opened in the presence of the candidate at the time of the examination.

7. The examination is to take place under the continuous supervision of an officer senior to the candidates, and under conditions for which the Captain of the ship will be responsible. Candidates in any one fleet or squadron may, if convenient, be collected for the purpose of the examination. The worked papers of the candidates are to be forwarded without delay, addressed to the Director of the Naval Education Service, together with a memorandum stating when the examination was held, and under whose supervision.

8. *Prizes.* The prizes offered for competition each year will be:—

In Russian. Three prizes of £40, £25 and £15 respectively. The winner of the first prize will also receive a medal.

In French. Three prizes of £30, £20 and £10 respectively. The winner of the first prize will also receive a medal.

In German. Three prizes of £30, £20 and £10 respectively. The winner of the first prize will also receive a medal.

In Italian. Two prizes of £30 and £20 respectively. The winner of the first prize will also receive a medal.

In Spanish. Two prizes of £30 and £20 respectively. The winner of the first prize will also receive a medal.

Other modern languages (*e.g.* Swedish, Danish, Dutch, Norwegian, Portuguese, Finnish, Polish and Serbo-Croat) may be offered if the approval of the Director of the Naval Education Service is obtained beforehand. Further prizes of £20 and £10 in any of these languages may be awarded if candidates of sufficient merit present themselves, provided the total amount awarded in prizes in any one year does not exceed £350.

Certificates will also be awarded to all candidates

whose work shows real merit. The fact of an officer receiving a prize or certificate will be noted in his favour in the official records.

9. A certificate of merit obtained in these examinations, denoting as it does a much higher standard that that required to pass the Linguist (without oral) examination of the Civil Service Commission, gives exemption from this test. Candidates who do not qualify for a certificate of merit, but whose examination results are considered to justify exemption from the Linguist (without oral) examination, will be given certificates to that effect.

10. The prizes will be normally awarded on the lines indicated in Paragraph 8, though the Admiralty Board reserves power to withhold the award of any prize where the candidates do not reach a sufficiently high standard, or to combine two prizes and divide them equally where candidates are reported as of equal standard, or to vary the amount of individual prizes, subject always to the overriding total limit of £350.

* *Note.*—The terms of award of these prizes apply to the 1955 Scheme of training. Revised arrangements for their award under the 1960 Scheme will be published in the next edition of the Appendix to the Navy List.

ROYAL NAVAL AND ROYAL MARINES SCHOLARSHIP SCHEME AND ROYAL NAVAL RESERVED CADETSHIP SCHEME

The Ministry of Defence offers a limited number of Scholarships to suitable candidates aged about 16 who wish to make a career in the Royal Navy or the Royal Marines.

A place will be reserved at the Britannia Royal Naval College, Dartmouth, or the Officers' Training Wing, Royal Marines, Lympstone, for each Scholar who fulfils the conditions of these regulations, and his parents or guardians will, through this scheme, be enabled to keep their son/ward at school until he is old enough and qualified for entry as a cadet, at ages 17 to 19½. There will also be a number of "Royal Naval Reserved Cadetships" available, (See paragraph 3 below.)

2. *Number of Scholarships.* Up to 72 Naval Scholarships and six Royal Marines Scholarships a year, with financial assistance, may be awarded, all to commence in September.

3. *Royal Naval Reserved Cadetships.* The number of Scholarships available being limited, a number of places at Dartmouth will be reserved, in

addition, for boys who are recommended by the Interview Board but who do not reach a sufficiently high standard to obtain a Scholarship. This will enable such boys to continue their studies to Advanced Level (or equivalent) in the knowledge that provided they pass the necessary examinations and the final medical board, they will be accepted into the Navy. Normally, the same educational standards must be reached for Reserved Cadetships as for Naval Scholarships, but the former will carry no financial assistance. Boys who narrowly fail to reach the full educational standard, however, but have at least four passes at Ordinary level in the General Certificate of Education or equivalent, including two of the required subjects, may be considered for the award of Royal Naval Reserved Cadetships. This scheme does not apply to candidates for the Royal Marines.

4. *Eligibility.* The Scheme will be open to any boy undergoing full-time instruction at any school recognised by the appropriate Education Authority in the United Kingdom, the Isle of Man, the Channel Islands or a British Forces school overseas, which has facilities for educating him up to the standard of the Advanced Level of the General Certificate of Education or its equivalent in Scotland or Northern Ireland.

5. *Qualifications.* Candidates must have attained the educational qualifications given in Appendix I before the September in which the awards are due to commence. They will be required to produce evidence of passes already gained.

Successful boys will undertake to remain at their existing schools and work to qualify educationally for entry into the Britannia Royal Naval College, Dartmouth, or the Officers' Training Wing, Royal Marines, Lympstone. (See Appendix I of each of (*a*) Cadet Entry into the General List of the Royal Navy, and (*b*) First Appointments in the Royal Marines, for brief guide to the required standards. Full details are contained in the Scholarship regulations.)

6. *Specialisation.*

(*a*) Candidates who wish to be considered for a Royal Naval Scholarship or Reserved Cadetship will be asked to state, in order of preference, the specialisations in which they are willing to serve. Successful boys will be informed before entry to Dartmouth of the specialisation in which they have gained a vacancy, and may alter their original choice during the tenure of their award. Every effort will be made to allot vacancies according to the order of preference of candidates.

(*b*) Those who wish to be considered for a Royal Marines Scholarship may enter for this service in addition to their candidature for a Royal Naval Scholarship or Reserved Cadetship, or may submit themselves as candidates for a Royal Marines Scholarship only.

The Ministry of Defence reserves the right to allocate boys who have R.N. and R.M. in their choice to Service as required, and those accepted for the R.N. to specialisations as required.

7. *Age Limits and Closing Dates.* Candidates must be aged 15 years but not yet 17 years 6 months on 1st September in the year of the award.

Full details and application forms can be obtained from:—Officer Entry Section, Old Admiralty Building, Whitehall, London, S.W.1.

7A. *Participation in more than one Competition.* A candidate who has been unsuccessful in obtaining a Scholarship at his first attempt may try again in a subsequent competition, provided that he still meets the age qualifications set out in paragraph 7 above, and subject also to the proviso that no boy may make more than two attempts for an award under the scheme.

If the holder of a Royal Naval Reserved Cadetship makes a second attempt to obtain a Naval Scholarship, it should be understood that his performance in the later competition will be taken into account in relation to his award, i.e. if he fails to reach a satisfactory standard at the final Interview Board, the award of a Royal Naval Reserved Cadetship will be *withdrawn.*

8. *Procedure for Application.* Applications should be forwarded to the Ministry of Defence, Naval Personnel Division I (Scholarships), Old Admiralty Building, London, S.W.1, to reach there by the stated closing date. The Ministry will consider only those applications which have been endorsed by a boy's Head-master to show that he is prepared to support his application and to retain him at school after the award of a Scholarship or a Royal Naval Reserved Cadetship. It will not be possible to consider applications from boys outside the age limits, or applications received after the appropriate closing date.

9. *Nationality.* Candidates must be British subjects and the sons of British subjects at the time of an award.

10. *Tenure of Scholarships and Reserved Cadetships.* An award will not normally be held for more than two years, and is subject to satisfactory progress and conduct.

11. *Procedure for Selection.* Candidates will first be called for interview before a Preliminary Selection Board. Those candidates who are successful at this first Selection Board will later be called for a second interview before the Admiralty Interview Board, and will undergo tests of intelligence, aptitude and personality.

12. *Travelling Expenses.* Where travelling expenses above 5s. 0d. within the United Kingdom are incurred in connection with the interviews, second-class rail or bus fares from a candidate's normal place of residence will be refunded. Board and lodging will be provided free of charge to candidates while attending the final Interview Board. The cost of other overnight accommodation (or a sleeping berth on a train or ship) including evening meal, bed and breakfast up to a maximum of 35s. for each night necessarily spent away from home, will be refunded, provided a receipted bill or voucher is produced for each night's stay.

13. *Medical Examination.* Candidates who reach a satisfactory standard at the final Interview Board will undergo a medical examination in London. Details of the medical standards required are given in Appendix II.

14. *Award of Scholarships and Reserved Cadetships.* The Ministry of Defence will award Naval and Royal Marines Scholarships up to the limit of the number available, and Royal Naval Reserved Cadetships to those boys of a sufficiently high standard, in accordance with the order of merit shown in the competition.

15. *Financial Assistance for Scholars.* Where a boy's parents or guardians pay school fees, they are eligible for a refund of up to £160 per annum towards the tuition element of such fees. They may also receive a maintenance grant of up to £100 a year if their net annual income is £1,700 or below.

16. *Undertaking to enter Royal Navy or Royal Marines.*—When a Scholarship or Royal Naval Reserved Cadetship is awarded an undertaking must be given by the parent or guardian that the candidate intends to remain at school for the required period and to do his best to qualify for entry as an officer into the Royal Navy or Royal Marines at about the age of 17 to 19½. If a Scholar withdraws from this obligation, the parent or guardian will be required to refund to the Ministry of Defence any instalments of a Scholarship paid in the interim.

17. *Reciprocal Undertaking.* In return for the undertaking described above, the Ministry of Defence will reserve a place for each scholar and holder of a Royal Naval Reserved Cadetship at Dartmouth or Lympstone, subject to his satisfactory progress and behaviour, to his remaining medically fit (all boys will undergo a further medical examination before entry), and to his reaching the qualifying educational standard. Normally Scholars and holders of Royal

Naval Reserved Cadetships will not be required to undergo a further interview, but this may sometimes be necessary where progress and behaviour is not fully satisfactory.

18. Lack of success in this competition will in no way prejudice the chances of a boy who wishes to be considered for officer entry at the age of 17 to 19½, or who wishes to join the Royal Navy or Royal Marines by any other method.

APPENDIX I

Brief Description of Educational Requirements for the Award of a Scholarship or a Royal Naval Reserved Cadetship. (Boys who are sitting qualifying examinations in the July before the September in which the awards are due may still be considered, since the results of such examinations will be obtained by the Ministry of Defence before the awards are finally announced.)

1. Royal Naval Scholarships and Royal Naval Reserved Cadetships.

To qualify for the award of a Scholarship or Royal Naval Reserved Cadetship, a candidate must attain the following standard before the September in which the awards are due to commence:—

(*a*) Passes in the General Certificate of Education or Northern Ireland General Certificate of Education examination at the Ordinary Level in:—

English Language,
Mathematics,
Physics or Physics-with-Chemistry, and
two other subjects.

A boy who is not taking up to two of these subjects (other than English Language) at Ordinary Level because he is taking them at Advanced Level, may be accepted, provided he possesses three acceptable Ordinary Level passes (including English Language), and his Headmaster certifies that he is to offer the other two subjects at Advanced Level, within the tenure of the Scholarship or Reserved Cadetship, with reasonable hope of success.

(*b*) The Headmasters of boys at schools in Scotland which do not prepare for the English G.C.E. will be asked to certify that they will be likely to qualify, within the tenure of the Scholarship or Reserved Cadetship, for entry to at least one of the specialisations for which they may be considered.

(*c*) Candidates who are taking a special syllabus course which require Ordinary Levels but which work eventually towards Advanced Levels within the time of the award will also be considered.

(*d*) Any other examination which, in the opinion of the Ministry of Defence, is of a standard equivalent to or higher than those mentioned above, will be considered.

2. Royal Marines Scholarships.

To qualify for the award of a Scholarship a candidate must attain the following standard before the September in which the awards are due to commence:

(*a*) Passes in the General Certificate of Education or Northern Ireland General Certificate of Education examination at the Ordinary Level in:—

English Language,
Mathematics, and
three other subjects.

(*b*) Boys at schools in Scotland which do not prepare for the English G.C.E. will be accepted as candidates and their Headmasters asked to certify that they will be likely to qualify, within the tenure of an award.

(*c*) Candidates who are taking a special syllabus course which require Ordinary Levels but which work eventually towards Advanced Levels within the time of the award will also be considered.

(*d*) Any other examination which, in the opinion of the Ministry of Defence, is of a standard equivalent to or higher than those mentioned above, will be considered.

APPENDIX II

Physical Requirements for Candidates

1. With a view to preventing candidates who may be physically unfit for Her Majesty's Service from incurring the inconvenience and expense of preparing for commissions in the Royal Navy or Royal Marines, it is suggested that they undergo examination by a qualified medical practitioner to whom the list of defects below may be submitted for guidance.

2. It should be understood that this private examination is merely suggested as a guide for intending candidates and to lessen the chances of disappointment, and it is by no means intended to take the place of, or to influence in any way, the official examination. If the candidate decides to undergo a preliminary examination, the question whether he arranges for it to be carried out privately or under the National Health Scheme is one which rests entirely with the applicant and the medical practitioner concerned. Specialist reports concerning any defect from which the candidate might suffer will always be considered by the Naval Medical Board and (if any) they should accompany the candidate at the time of his medical examination.

3. Physical Defects which cause Rejection

(1) Poor physique, imperfect development or skeletal deformity, either hereditary or acquired; obesity.
To be judged on their present or future effect on functional ability.

(2) Skin disease, unless temporary or trivial. Scars which, by their extent or position cause or are likely to cause, disability or marked disfigurement. Diseases and deformity of the nails. Alopecia areata, if chronic.

(3) Impaired intellect, epilepsy, paralysis of speech, stammer, neuro-psychiatric disorder or history thereof.

(4) Impaired hearing; discharge from, or disease of, one or both ears; unhealed perforations of the tympanic membranes; radical or modified radical mastoid operations. A cortical mastoid operation, provided the ear is healthy, the tympanic membrane intact, and there is no defect of hearing, is not a cause for rejection.

(5) Disease of the bones or cartilage of the nose, and nasal polypus. Diseases of the naso-pharynx.

(6) Disease of the throat, palate and tonsils; simple hypertrophy of the tonsils, if there is no history of recurrent attacks of tonsillitis, is not a cause for rejection. Diseased gums, disease or injury affecting the normal function of either mandibular joint.

(7) Gross congenital defects of the jaws or gross defects due to accident or disease or gross oral sepsis.*

Digitized by Google

(8) Tuberculous glands of the throat and neck. Enlargement of the thyroid gland. Hyperthyroidism. Scars of operations for the removal of tuberculous glands are not a cause for rejection, provided that there has been no active disease within the preceding five years, and the chest is clinically and radiologically clear.

(9) Pulmonary tuberculosis, unless there is clear evidence that the disease is arrested and has been inactive for the preceding five years. Chronic disease of the chest. A history of treatment with anti-tuberculosis drugs, where it can be proved that this was merely given on account of mantoux conversion (i.e. during the formation of primary complex) and if it can be confirmed that there was subsequently a satisfactory history and X-ray, need be no bar to entry into the Royal Navy.

(10) Functional or organic disease of the heart and blood vessels.

(11) Allergic diseases, including asthma, hay fever and eczema where these form, or are likely to form, a serious impediment to the efficient performance of duty. Migraine, if severe. If there is any history of asthma clear evidence must be produced that there has been complete freedom from an attack for the preceding five years.

(12) Undue swelling or distention of the abdomen; peptic ulceration or history thereof. Disease of the liver, spleen or kidneys; hernia or tendency thereto. Successful surgical repair of a hernia will not cause rejection.

(13) Albuminuria; unless the first morning specimen is clear, and there is no clinical evidence (e.g. cardiac hypertrophy or raised blood pressure), or history which suggests impaired renal function.

(14) Glycosuria; unless a satisfactory report of a sugar tolerance test is produced.

(15) The absence of a testicle should not cause rejection unless the testicle has been removed on account of disease or its absence has affected the bodily or mental health of the candidate. If a testicle is situated in the inguinal canal or at the external ring, it must be either removed or brought down into the scrotum or returned to the abdomen. If the result of the operation is satisfactory and the other testicle is in the scrotum and is normal in character, the candidate may be accepted.

(16) Hydrocele, or other serious defect or malformation of the genital organs. Incontinence or enuresis within the preceding five years. Varicocele, if it clearly forms, or is likely to form, a serious impediment to the efficient performance of duty.

(17) Fistula or fissure of the anus; haemorrhoids or any disease of the stomach or bowels.

(18) Paralysis, weakness, impaired motion, or deformity of the upper or lower extremities from whatever cause; a varicose state of the veins, especially of the leg. Bunions, distortion or malformation of the hands, feet, fingers or toes.

* Parents or guardians must arrange for dental defects in accepted candidates to be remedied before joining.

(19) A proven history of Rheumatic fever or Chorea within the past two years, even in the absence of any abnormal cardiac signs. Any history of repeated attacks of Rheumatic fever or Chorea. If there is any history of an isolated attack prior to two years before examination for entry into the Royal Navy, a specialist's examination is required, and if this excludes all signs of cardiac involvement, the candidate may be accepted.

(20) Deformity or any chronic disease of the eyes or eyelids.

(21) Seasickness, if severe.

(22) Royal Marines candidates must be at least 5 ft. 2 in. in height.

(23) No person will be admitted into Her Majesty's Service unless he has been vaccinated during the three years preceding the date of his entry.

4. Visual Standards for Royal Naval Scholarships and Royal Naval Reserved Cadetships

Unaided distant vision 6/6, 6/12. Unaided near vision N5, E.E. Any defect must be solely due to error of refraction. Refractive error limits (under homatropine):

(*a*)	Hypermetropia.	In the better eye 2.5 dioptres. In the worse eye 3.0 dioptres.
(*b*)	Astigmatism.	In the better eye 0.75 dioptres. In the worse eye 1.0 dioptre.
(*c*)	Myopia.	No myopic element in any meridian is permissible.

Fields of vision must be normal to confrontation test.
Muscle balance: Stereoscopic vision is required and squint will debar from entry.
The limits of heterophoria tested with Maddox rod at 6 metres are:

Eso- or Exo-phoria	— 6 prism dioptres
Hyperphoria	— 1 prism dioptre

Colour perception, standard ONE. This entails complete success on the Martin Lantern which is the only official test for entry.
A strictly limited number of awards for the Engineering (Mechanical and Electrical) or Supply and Secretariat Specialisations (see also para. 18 of the regulations) may be made to candidates with visual standards slightly lower than the above.

5. Visual Standards for Royal Marines Scholarships

Unaided distant vision 6/9, 6/9, correctable to 6/6, 6/6. Unaided near vision N5, E.E. Any defect may be solely due to error of refraction. Refractive error limits (under Homatropine):

(*a*)	Hypermetropia.	5.0 dioptres in either eye.
(*b*)	Astigmatism.	The difference between axes must not exceed 5.0 dioptres.

Fields of vision must be normal to confrontation test.
Muscle balance: Stereoscopic vision must be present; squint will debar from entry.
The limits of heterophoria tested with Maddox rod at 6 metres are:

Eso- or Exo-phoria	— 6 prism dioptres.
Hyperphoria	— 1 prism dioptre.

Colour perception, standard ONE. This entails complete success on the Martin Lantern.

CADET ENTRY INTO THE GENERAL LIST OF THE ROYAL NAVY

SEAMAN, SUPPLY AND SECRETARIAT, AND ENGINEERING (MECHANICAL AND ELECTRICAL) SPECIALISATIONS

(The Ministry of Defence reserves the right to amend these regulations, but as much notice as possible will be given of any alterations.)

I. AWARD OF CADETSHIPS

1. Cadetships in the General List of the Royal Navy are awarded each September to candidates who have gained certain educational qualifications and been successful in passing the Naval medical examination and selection procedure.

2. The educational qualifications required for the different specialisations are shown in the entry regulations and are briefly given in Appendix I. Candidates may participate in the selection procedure only if they are likely to obtain the educational requirements before the date of the entry for which they apply.

II. APPLICATIONS AND INTERVIEW

3. Forms of application for admission to the competition and interview will be sent on request by letter, addressed to:

Royal Naval Careers Service,
Officer Entry Section,
Old Admiralty Building,
Whitehall,
London, S.W.1.

The form must be completed in the candidate's own handwriting and returned to:

Ministry of Defence,
Naval Personnel Division 1 (Cadets),
Old Admiralty Building,
Whitehall,
London, S.W.1.

4. A registrar's copy of the candidate's birth certificate (or, if one cannot be obtained, other documentary evidence, including a statutory declaration made by one of his parents or guardians before a magistrate, giving the exact date of his birth) must accompany the completed application form. Certificates of registry of birth or of baptism are not in themselves accepted as evidence of date of birth. Candidates should also forward with the application form their General Certificate(s) of Education or certificate(s) of equivalent standard.

5. Any candidate who has applied and has not received an acknowledgement of his application within seven complete days should write at once to:

Ministry of Defence,
Naval Personnel Division 1 (Cadets),
Old Admiralty Building,
Whitehall,
London, S.W.1.

6. All eligible candidates are required to attend the Admiralty Interview Board in H.M.S. *Sultan* at Gosport, Hampshire, to assess their suitability for cadetships. The Board is under the presidency of a Flag Officer or a Captain R.N. and includes a Headmaster, a Psychologist and two Naval Officers. The assessment takes account of academic attainments and Headmasters' reports together with the results of tests of intelligence, aptitude and personality conducted by the Board. Candidates are permitted two attempts at interview.

7. Candidates may not appear before the Interview Board for a second attempt until at least six months later. Those who are unsuccessful at their second interview or are over age to be considered again for the General List, may apply for a commission on the Supplementary List for aircrew, seaman or electrical duties; they may not, however, attend for interview until twelve months has elapsed since their previous interview.

III. NATIONALITY

8. Candidates must be British subjects and the sons of British subjects at the time of entry into the Britannia Royal Naval College.

9. Candidates possessing foreign as well as British nationality may be regarded as ineligible to hold commissioned rank in the Royal Navy.

10. The burden of clear proof of the nationality of the candidates rests upon their parents or guardians who, if they are in any doubt, are advised to seek an early decision on eligibility from the Ministry of Defence.

IV. AGE LIMITS

11. Candidates must be 17 years or over but under 19 years 6 months on the 1st September of the year of entry.

V. PHYSICAL STANDARD

12. Candidates who receive a sufficiently high assessment from the Interview Board are called for a medical examination by a naval medical board about a week later. The fact that a candidate has been called for medical examination must not be taken as implying success in the competition. Sometimes it may be necessary to hold the medical examinations before attendance at the Interview Board.

13. Candidates found physically fit at this examination are not specially notified, but the parents or guardians of unsuccessful candidates are informed as soon as possible so that they may appeal, if they wish, to the Medical Appeal Board. This consists of the Medical Director-General (Naval) and the appropriate Civil Consultant to the Navy according to the nature of the alleged disqualification(s). Appeals must be forwarded, before the date specified in the letter notifying a candidate's rejection, and be accompanied by a cheque or crossed postal order for one guinea; if the appeal is successful the guinea will be refunded. Expenses incurred on travelling, meals and accommodation for attendances at Appeals Boards are not refundable.

VI. TRAVELLING AND OTHER EXPENSES

14. Second class rail or bus fares amounting to more than 5s. 0d., incurred in travel from the candidate's school or normal place of residence in the United Kingdom to attend the selection tests are refunded.

15. Candidates who have to travel long distances to reach the Interview Board and are obliged to pay for accommodation (or for a sleeping berth on a train or ship) may be refunded reasonable expenses on evening meal, bed and breakfast up to a maximum of 35s. 0d. for each night necessarily spent away from home. Claims must be supported by a receipted bill or voucher for each night's accommodation. No other expenses on accommodation and meals can be refunded.

16. Lodging and food are provided free of charge at the Interview Board.

VII. CANDIDATURE FOR ROYAL MARINES

17. Regulations about First Appointments in the Royal Marines may be obtained on application to the Officer Entry Section, Royal Naval Careers Service, Old Admiralty Building, Whitehall, London, S.W.1.

Digitized by Google

18. Candidates who wish to apply for both the Royal Navy and Royal Marines are required to state their order of preference on their application form. They will be called to attend the interview board appropriate to their first choice and will be considered for both services at the same time.

VIII. APPLICATIONS FROM CANDIDATES IN COMMONWEALTH COUNTRIES

19. Candidates who belong to families resident in Commonwealth countries may be considered for appointment to cadetships. Such candidates must actually live and receive their education in the Commonwealth country. They should address their application in the first place either to the Government of the Commonwealth country concerned, or to the nearest naval authority.

Educational Qualifications

20. Candidates must gain equivalent educational qualifications to those shown in Appendix I. These can be achieved, for example, by obtaining passes in the London Overseas G.C.E. examinations, or credits in the Cambridge Overseas School Certificate (in place of the G.C.E. ordinary level) and passes at principal standard in the Cambridge Overseas Higher School Certificate (in place of the G.C.E. advanced level). Passes in certain Commonwealth Matriculation and School Leaving Certificate examinations are acceptable in place of G.C.E. ordinary level passes.

21. Candidates should sit the overseas winter examinations for entry in the following autumn, and they are advised to make enquiries from local universities or education authorities at least six months before the examination date. Application forms should be forwarded to Ministry of Defence, Naval Personnel Division 1 (Cadets), Old Admiralty Building, Whitehall, London, S.W.1, when making arrangements to sit the final examinations.

22. An extension of six months on the upper age limit of 19½ years is allowed to Commonwealth candidates as they are normally unable to take the summer G.C.E. examinations in time for entry in the same year.

Interview and Medical Examination

23. Candidates are required to pass a Naval Interview Board and medical examination (the physical and visual standards are set out in Appendix II). Wherever possible these will be conducted in candidates' own countries and they will be required to pay their own travelling and other expenses in this connection. They will be expected to attain a standard not below that of the lowest successful U.K. candidate in the competition as a whole.

Financial Arrangements After Selection

24. Candidates accepted for appointment can claim for the cost of fares to the port of embarkation or airport. Fares are paid to the U.K. in respect of second or tourist class passage by sea or, where possible, arrangements are made by air charter. Travelling expenses from candidates' destination in England to Dartmouth, or from the port of embarkation direct to Dartmouth are also allowed.

IX. CONDITIONS OF ENTRY AND WITHDRAWAL

25. Successful candidates who have a long wait before they enter the Service, are urged to continue their studies at school or elsewhere in the meantime; such study will materially assist them at Dartmouth.

26. Candidates must be unmarried and are not permitted to marry whilst serving as Cadets.

27. Candidates must be able to swim 50 yards.

28. Successful candidates enter the Royal Navy for service in one of the following specialisations of the General List:

Seaman
Engineering (Mechanical and Electrical)
Supply and Secretariat

29. Candidates are allowed, before entering, to restate their choice of specialisation(s) according to those for which they are qualified. Every effort is made to allot vacancies according to their order of preference. Any application to change specialisation during an officer's first two years in the Royal Navy is sympathetically considered, but a change must be in the interests of the Service and supported by good reasons. Officers of the Engineering Specialisation may state on arrival at Manadon whether they prefer to study mechanical or electrical engineering during their academic training, and as much account as possible is taken of their preference. The parent or guardian must undertake on behalf of the candidate that he is prepared to serve in any capacity in the specialisation which he enters.

30. The whole period of training up to confirmation in the rank of Sub-Lieutenant is one of probation, and the Admiralty Board reserve the right to require the withdrawal of a Cadet, Midshipman or Acting Sub-Lieutenant, if, in their opinion:

(*a*) he fails to reach a satisfactory standard in training, or
(*b*) his conduct is unsatisfactory, or
(*c*) he does not display the qualities required of a naval officer.

31. If, for any reason, the candidate withdraws during service as Cadet, Midshipman or Acting Sub-Lieutenant, and if his withdrawal is permitted, his parent or guardian will be required to make a payment to the Ministry of Defence of £90 for each term which he has attended during the first and third years as a contribution towards the cost of his training and maintenance; a reduction in the amount of this payment may be considered according to the financial circumstances of the parent or guardian, but the decision of the Ministry of Defence is final.

X. UNIFORM

32. Cadets are provided with uniform outfits on entry free of charge. On promotion to Midshipman and to Acting Sub-Lieutenant, officers are supplied with further free issues of clothing and are given cash grants to purchase additional items of uniform. Cash grants in respect of officers under 21 years of age may be paid direct to a parent or guardian if application is made before the officer is promoted.

33. Officers whose appointments are terminated compulsorily before they have completed two years service will be required, at the discretion of the Admiralty Board, to return their principal items of free issue uniform, charges being raised against their pay for any specified article not returned.

34. Officers who withdraw from training voluntarily will be required, at the discretion of the Admiralty Board, to refund the value of the outfits and cash grants issued to them on entry as a Cadet and on promotion to Midshipman and Acting Sub-Lieutenant on the following scale, calculated in each case from the time of each individual free issue or cash grant:—

Under 1 year	In full
After 1 year but under 2 years ..	Two thirds
After 2 years but under 3 years ..	One third
After 3 years	Nil

Thus a Midshipman withdrawing in his second year after entry will be required to repay the whole of the value of the outfit and grant given to him on promotion to Midshipman, plus two thirds of the outfit issued to him on entry as a Cadet.

XI. MEDICAL ATTENTION

35. Free medical and dental treatment is given while under training and medical treatment from the local Admiralty Surgeon and Agent while on leave. The repayment of expenses incurred through consulting a civil medical practitioner is considered if an Admiralty Surgeon and Agent is not available, or in other exceptional circumstances.

XII. PAY

36. The rates of pay and marriage allowance of officers on the General List are shown at the beginning of this book.

37. Officers in the Royal Navy are not encouraged to cultivate expensive tastes; this is borne out by the stringent regulations as to messing charges, the maximum for which is 1s. 6d. a day for Cadets and 2s. a day for Midshipmen and Ward Room Officers.

38. In addition to full pay, and marriage allowance, other allowances are payable in certain cases, e.g. Education Allowance for children attending full time boarding school—£185 for first child, £225 for second child, £260 for third child.

XIII. TRAINING

39. Successful candidates are appointed for a year to the Britannia Royal Naval College, Dartmouth, as Cadets. All Cadets undergo the same course comprising a short period of basic training in the ways of the Navy, followed by an introduction to the professional knowledge required by all officers. This is given in the College and the Dartmouth Training Squadron, and includes a three months' cruise.

40. Cadets are promoted to Midshipmen on the 1st of September following satisfactory completion of their first year's training at Dartmouth and appointed to Ships of the Fleet. They all undergo the same training and are required to obtain a Certificate of Competence. Towards the end of this year they undergo the Midshipmen's Examination, the results of which count towards their eventual seniority as Lieutenants.

41. Midshipmen are promoted to Acting Sub-Lieutenants on the 1st of September after their year in the Fleet provided they have obtained a Certificate of Competence and passed the Midshipmen's examination. The Seaman and Supply specialists return to Dartmouth. The Engineering specialists go to the Royal Naval Engineering College at Manadon, Plymouth, or to Cambridge University.

42. *Seaman Specialists* then undergo a year of academic study with special attention to Mathematics and Physics. In their fourth and final year, they are given courses ashore and in training ships covering all professional subjects. Examinations are held during the third and fourth years, the results of which also count towards eventual seniority as Lieutenants. They will then return to the Fleet to gain their Watchkeeping Certificates.

Seaman officers are subsequently required to subspecialise in any one of the following:—aviation, gunnery, navigation and aircraft direction, submarines, communications, torpedo and anti-submarine warfare and surveying. About one-third will be required for flying duties as pilots or observers, but will return to General Service from time to time.

43. *Engineering Specialists* (*Mechanical and Electrical*). Officers selected for this specialisation spend three years reaching the necessary academic standard to enable them to qualify for graduate membership of the Institution of Mechanical Engineers or the Institution of Electrical Engineers.

A small number of Officers will read the Mechanical Sciences Tripos at Cambridge University. These Officers are required to qualify and make application for admission to Cambridge colleges before starting their Naval training.

The majority of officers spend the three years at the R.N. Engineering College, Manadon, where they either read for the external B.Sc.(Eng.) degree of the University of London or undergo a diploma course which is recognised by the professional Institutions named above and which leads to associate membership of the appropriate Institution.

An officer who lacks the necessary qualifications to commence a degree course must spend an additional year in so qualifying.

On completion of the academic period, officers undergo application training on naval equipments.

The results obtained on the degree and diploma courses contribute towards the eventual seniority as Lieutenants.

Engineer officers sub-specialise in marine propulsion, weapons and radio, aircraft and submarine engineering and may qualify as pilots or observers.

44. *Supply and Secretariat Specialists.* During the third year of their training, these officers undergo an academic course similar to that for Seaman specialists. In their fourth year, they are given courses on naval equipment and weapons, and are trained in supply duties. Examinations are held during the third and fourth years, the results of which also contribute towards their eventual seniority as Lieutenants. They are then appointed for duty in the Fleet. Supply specialists whose eyesight is of the required standard have an opportunity to obtain Bridge Watchkeeping Certificates as an additional qualification, though this is not essential for their future careers.

Officers of the Supply and Secretariat Specialisation do not formally sub-specialise, but are employed on secretarial and staff work, legal, accounting, catering and storekeeping duties as the occasion arises.

45. According to age on entry and results achieved in his passing out examinations, an officer reaches the rank of Lieutenant between approximately 21½–24 years of age.

APPENDIX I

ROYAL NAVAL UNIVERSITY CADETSHIPS SEAMEN AND ENGINEERING (MECHANICAL) AND (ELECTRICAL)

INTRODUCTION

1. To assist young men both to achieve a University degree and to follow a Naval career, the Royal Navy has introduced a scheme whereby a limited number of University cadetships will be awarded annually to suitably qualified candidates who wish to serve on permanent commissions on the General List of the Royal Navy in either the Seaman or the Engineering (Mechanical) and (Electrical) Specialisations. To be eligible, candidates must themselves have obtained a place, or be already studying, at a University. Successful candidates will be appointed Acting Midshipmen prior to the commencement of the academic year in which they are accepted for an award and will receive pay and allowances accordingly.

CONDITIONS OF ELIGIBILITY

2. Candidates must

(*a*) be at least 17½ years of age and, normally, must not have passed their 23rd birthday, on being commissioned as Acting Midshipmen;

(*b*) have been accepted, at least provisionally, for a place at a recognised University in the United Kingdom or be currently undertaking as a full-time internal student a course of study leading to a degree at such a University. There is no restriction on the subject matter of the degree course that may be undertaken by candidates for the Seaman Specialisation. Candidates for the Engineering (Mechanical) and (Electrical) Specialisation must be undertaking, or intending to undertake, a course of study leading to a degree in a suitable scientific or engineering subject. Candidates' G.C.E. or equivalent qualifications must include passes in English Language, Mathematics and Physics (or Physics-with-Chemistry;

(*c*) be British subjects and sons of British subjects at the time of an award;

(*d*) be medically fit for the duties of the Specialisation of their choice (details of the medical standards required are set out in Appendix II);

(*e*) be preferably unmarried.

APPLICATIONS AND SELECTION

3. Competitions for these cadetships will be held annually. Forms of application may be obtained from the Ministry of Defence, Officer Entry Section, Old Admiralty Building, Whitehall, London, S.W.1. Candidates should apply as soon as possible after being awarded a place or a provisional place at a University, but in any event not later than 1st April of the year in which they intend to enter University. Those already at University may apply at any time, but the closing date for the receipt of applications for the award of a University cadetship commencing the following academic year is 1st April.

4. Applications will be acknowledged and candidates whose applications are accepted will then be required to attend the Admiralty Interview Board at H.M.S. *Sultan*, Gosport, Hants. Candidates who are considered suitable for an award by the Interview Board will be required to attend the Naval Medical Board in London.

AWARD OF CADETSHIPS

5. The cadetships, which are limited in number, will be awarded in competition on the basis of the

Digitized by Google

candidate's performance at the Admiralty Interview Board and his academic abilities as shown by reports from his school (or from the University in respect of undergraduates). Notification of awards will be made by mid-September.

6. The parents or guardians of candidates under the age of 21 who are offered scholarships will be required to execute a bond in which they undertake to pay the Ministry of Defence a sum to be decided by the Ministry of Defence, and not exceeding £1,000, should the recipient of an award exceptionally be permitted to leave the Royal Navy voluntarily before completing eight years service subsequent to graduation or as a result of medical unfitness attributable to their own fault or for failure to qualify as a result of lack of diligence.

7. Successful candidates over the age of 21 will be required to execute similar bonds, as will be candidates on reaching the age of 21 whereupon the bonds executed by their parents or guardians will become void.

CONDITIONS OF SERVICE WHILST AT UNIVERSITY

Entry into the Royal Navy

8. Appointment to a probationary commission on the General List of the Royal Navy takes effect from the date of reporting for service. Appointment will be in the rank of Acting Midshipman, in which rank the University Cadetship holder will serve throughout the period he is at University.

Withdrawal of Cadetship

9. Award holders are expected to make satisfactory progress with their studies. Reports on their progress will be obtained at the end of each term; those who fail to make the requisite standard may have their cadetship withdrawn and their commissions terminated.

Pay and Allowance during University Training

10. Details of basic pay, Ration Allowance, University Residential Allowance, etc. are set out in Appendix I.

Conditions of Service and Training

11. After notification of awards has been made, successful candidates will be required to undergo a short naval familiarisation course before proceeding to University, and further naval training will be provided during some University vacations.

12. On graduating, successful candidates will be promoted Acting Sub Lieutenant and will undergo a course of training at Britannia Royal Naval College, Dartmouth, and at sea, which, together with the earlier vacation courses, will be equivalent to the training given to all General List officer entrants into the Royal Navy.

FAILURE TO GRADUATE AT UNIVERSITY

13. An award holder who fails to obtain his degree will have his probationary Commission terminated, but he may be required to serve on some other form of naval commission. He may, however, be allowed to leave the Service if the Ministry of Defence consider that he is below the standard required for the Royal Navy.

APPENDIX I

PAY AND ALLOWANCES FOR ROYAL NAVAL UNIVERSITY CADETSHIP HOLDERS WHILST AT UNIVERSITY

Pay. Award holders will be appointed to a probationary commission on the General List of the Royal Navy as Acting Midshipman and will receive the basic pay of £1 8s. a day (£511 per annum).

Allowances

(*a*) *Ration Allowance.* Ration Allowance will be admissible at the current rate and will be payable to award holders at University; (1) during term time, and (2) during vacations when the officer has to stay in college or lodgings for purposes of study at the instance of the University authorities.

(*b*) *University Residential Allowance and Fees.* University Residential Allowance of 9s. 6d. a day is payable during term time, to officers at University only, who are living in College or lodgings (but not at home). The allowance will also be payable for any period during which an award holder has to stay in college or lodgings during vacations for purposes of study at the instance of the University authorities. The allowance may also be payable, on special authority by the Ministry of Defence, during Christmas and Easter vacations if lodgings are necessarily retained.

University fees will be paid by the Ministry of Defence, but award holders at Universities will be responsible for paying all other charges and expenses arising out of their degree course, and they will not be eligible for allowances or concessions normally available to regular officers other than those shown above. Free travel warrants will be issued only in connection with travel to and from Naval establishments for training purposes and on joining for duty after graduating.

(*c*) *Uniform.* A uniform or Uniform Allowance will be provided on joining Britannia Royal Naval College, Dartmouth, for initial training.

Note:—Pay and University Residential Allowance but not Ration Allowance, are liable to Income Tax.

COMMISSIONS IN THE SEAMEN SPECIALISATION OF THE GENERAL LIST — GRADUATE ENTRY

1. *Applications.* Candidates may apply at any time within two years of the desired date of entry and, if they pass the selection procedure, would be offered a place upon graduation provided they remained medically fit. Application forms may be obtained from the Officer Entry Section, Ministry of Defence, Old Admiralty Building, Whitehall, S.W.1.

2. Applications should be forwarded to reach the Ministry of Defence, Naval Personnel Division 1, Old Admiralty Building, Whitehall, London S.W.1, not later than the 1st July.

3. *Age Limits.* Candidates must not have attained the age of 24 years on the 1st September of the year of entry.

4. *Nationality.* All candidates must be British subjects and the sons of persons who are British subjects at the time of candidates' entry. The burden of clear proof of nationality will rest upon the candidate who, if he is in any doubt, should seek the opinion of the Ministry of Defence at the earliest opportunity. Candidates who possess a foreign as well as British nationality may be ineligible for entry into the commissioned ranks of the Royal Navy; they are, therefore, advised to seek an early decision as to their eligibility for entry.

5. *Academic Qualifications.* The minimum academic requirement is a University degree or Diploma in Technology, acceptable to the Ministry of Defence, as well as passes in the G.C.E. at ordinary level in Mathematics and Physics (or Physics-with-Chemistry or *Additional* General Science).

Note:—Exceptionally the Ministry of Defence may exercise discretion in favour of a candidate possessing no G.C.E. qualification in Physics or an acceptable equivalent, provided that the following conditions are satisfied:—

(*a*) Notwithstanding the lack of the "O" qualification in Physics or an acceptable equivalent, the Admiralty Interview Board recommend the candidate as worthy of special consideration by reason of exceptionally high general qualities.
(*b*) There is good reason to expect that, with additional training the candidate will be able to attain at least "O" standard in Physics.

6. *Interview.* Suitable candidates will be called to the Admiralty Interview Board at H.M.S. *Sultan*, Gosport, Hants.

7. Where travelling expenses above 5s. 0d. within the United Kingdom are incurred in connection with interview and medical examination, second class rail or bus fares from the candidate's normal place of residence will be refunded.

8. Candidates who have to travel long distances to reach the Admiralty Interview Board and are obliged to pay for accommodation (or for a sleeping berth on a train or ship) may be refunded reasonable expenses on evening meal, bed and breakfast up to a maximum of 35s. 0d. for each night necessarily spent away from home. A claim for this refund must be supported by a receipted bill or voucher for each night's accommodation. Apart from this, expenses on accommodation and meals cannot be refunded. Lodging and food are provided free of charge at H.M.S. *Sultan*.

9. *Physical Requirements.* The physical standard is given in Appendix I. Candidates who appear before the Admiralty Interview Board will be required to undergo a medical examination by the Medical Director General (Naval). The decision of the Ministry of Defence as to physical fitness for appointment will be final.

10. *Uniform.* On joining the Britannia Royal Naval College, Dartmouth, successful candidates will be provided with a free issue of certain articles of clothing and will also be given a cash grant towards the provision of the uniform outfit. These issues are subject to certain conditions of refund in the event of an officer failing to serve for prescribed periods from date of entry. Grants on this scale are not payable to officers who have already received a gratuity in respect of previous Naval Service as an officer. Such officers may receive modified grants depending upon the length of break in service.

11. *Training.* Successful candidates will enter in the rank of Acting Sub-Lieutenant and will spend one term at the Britannia Royal Naval College at Dartmouth on the basic training course which is given to all new entrants, followed by one term in the Dartmouth Training Squadron. During this period, officers will be treated like the new entry cadets and will be known as "Seaman Officers under training." They will not wear badges of rank.

Digitized by Google

12. The next eight months will be spent at sea with the Fleet to obtain Certificates of Competence. This will be followed by an academic course of one term and then professional courses lasting a year.

13. On completion of these courses, officers will be confirmed in the rank of Sub-Lieutenant and will spend a further eight months at sea in order to acquire Bridge Watching Certificates and Ocean Navigation Certificates.

14. Failure to achieve satisfactory progress under training, or to obtain the above mentioned certificates, will involve a delay in promotion, a loss of seniority, or discharge from the Service.

15. *Promotion.* In general, graduates will be promoted to Lieutenant after 3 years 4 months with ante-date of seniority as follows:—

(*a*) First or Second Class Honours Degree .. .. 21 months
Other Degrees .. .. .. 15 months

(*b*) Up to four months will be allowed for results gained at Dartmouth, in the Training Squadron and in the Fleet, and

(*c*) Up to six months will be allowed for results gained during professional courses.

The maximum credit allowable will be 31 months. Entrants who do not satisfactorily complete their training in 3 years 4 months will be promoted to Lieutenant only on eventual satisfactory completion of training.

16. After promotion to Lieutenant, officers will be subject to the same regulations as officers entered as Cadets on the General List, i.e. they will be promoted to Lieutenant-Commander on attaining eight years seniority as Lieutenant. Advancement to Commander and higher ranks will be by selection in competition with other General List Officers.

17. Officers with a First or Second Class Honours degree who gain the full seniority possible during their training would thus be promoted to Lieutenant with a seniority of 2 years 7 months. Such officers would accordingly spend only 5 years 5 months in the rank of Lieutenant. If these officers entered at the age of 21, they would be promoted to Lieutenant-Commander before the age of 30 and would be in the zone for promotion to Commander at the age of 33.

18. *Pay.* Ante-dates in seniority will count towards increments in pay and for promotion, but the time so gained will not count for retired pay or for other financial purposes. Ante-dates will not carry back pay on the scale for the higher rank.

19. Rates of pay for General List officers are shown at the beginning of this book.

20. *Retirement.* Conditions of retirement for officers on the General List are given on pages 30 and 31.

PHYSICAL REQUIREMENTS

The standard of physical fitness required and particulars of defects which cause rejection are as shown under the Royal Naval Scholarship Scheme.

COMMISSIONS ON THE GENERAL LIST OF THE ROYAL NAVY IN THE ENGINEERING (MECHANICAL AND ELECTRICAL) SPECIALISATION—GRADUATE ENTRY

1. Entries will be made once a year (in September).

2. *Academic Qualifications.* Candidates should possess Degrees in Mechanical or Electrical Engineering (or Science Degrees with suitable engineering subjects) of a recognised University, or degree equivalents. Before a candidate is accepted he should also, wherever possible, have six months' works experience, including that gained in University vacations. Candidates whose academic qualifications have not been determined by the date of interview will be considered provisionally subject to confirmation of their qualications later.

3. *Age Limits.* Candidates must not have attained the age of 25 years on 1st September of the year of entry. An extension of the age limit may be allowed at Ministry of Defence discretion to candidates who have already served a period of engagement in one of the three Services.

4. *Nationality.* All candidates must be British subjects and the sons of persons who are British subjects at the time of candidates' entry.

5. *Applications.* Candidates may apply at any time within two years of the desired date of entry and, if they pass the selection procedure, would be offered a place upon graduation provided they remained medically fit. Forms are obtainable from the Officer Entry Section, Old Admiralty Building, Whitehall, London, S.W.1. Applications should be forwarded to the Ministry of Defence not later than 1st July.

6. *Interview.* Suitable candidates will appear before the Admiralty Interview Board convened at H.M.S. *Sultan*, Gosport, Hants. Candidates who spend more than 5s. 0d. on second class rail or bus fares, will have travelling expenses reimbursed.

7. Candidates who have to travel long distances to reach the Admiralty Interview Board and are obliged to pay for accommodation (or for a sleeping berth on a train or ship) may be refunded reasonable expenses on evening meal, bed and breakfast up to a maximum of 35s. 0d. for each night necessarily spent away from home. A claim for this refund must be supported by a

Digitized by Google

receipted bill or voucher for each night's accommodation. Apart from this expenses on accommodation and meals cannot be refunded.

8. *Commonwealth Countries.* Candidates from Commonwealth countries will appear before interview and medical boards convened locally.

9. *Uniform.* On joining the Britannia Royal Naval College, Dartmouth, successful candidates will be provided with a free issue of certain articles of clothing and will also be given a cash grant towards the provision of the uniform outfit. These issues are subject to certain conditions of refund in the event of an officer failing to serve for certain prescribed periods from date of entry. Grants on this scale are not payable to officers who have already received a gratuity in respect of a previous period of Naval Service as an officer. Such officers may receive modified grants depending upon the length of break in service.

10. *Training.* Successful candidates will be entered as Acting Sub-Lieutenants, and will undergo a course of training at Britannia Royal Naval College, Dartmouth, and at sea, lasting one year. The first two terms at Dartmouth will consist of the same basic training as is given to all new entries to the Royal Navy. During this period they will be treated like the new entry Cadets, and will be known as "engineer officers under training". They will not wear badges of rank nor the cadets twist. During the third and last term at Dartmouth, officers will be messed in the Gunroom with other Acting Sub-Lieutenants, and will wear their stripes. They will then undergo professional application courses for 12 to 18 months. On completion of these courses, officers will go to sea with the Fleet to obtain certificates of competence and, where appropriate, Watchkeeping Certificates. Failure to achieve satisfactory progress under training or to obtain the above mentioned certificates will involve a delay in promotion, a loss of seniority, or discharge from the Service.

11. *Promotion.* Officers will be confirmed in the rank of Sub-Lieutenant after 10 months and promoted Acting Lieutenants 18 months after entering the Royal Navy. Confirmation in this rank will follow on the satisfactory completion of training; seniority being assessed in accordance with regulations applicable to Cadet Entered Officers, i.e. up to 12 months for 1st Class Hons. Degree. A further antedating of seniority of up to 2½ years may be awarded to those who have already held suitable posts in industry since graduation.

12. After promotion to Lieutenant, officers will be subject to the same regulations as those entered as Cadets. They will be promoted to Lieutenant-Commander on attaining eight years' seniority as Lieutenant; advancement to Commander and higher ranks will be by selection, in competition with other General List Officers.

13. *Pay.* Rates of pay and allowances are shown at the beginning of this book. Ante-dates in seniority will count towards increments in pay and for promotion, but the time so gained will not count for retired pay or for other financial purposes. Ante-dates will not carry back pay on the scale for the higher rank.

14. *Retirement.* Particulars of retirement are shown elsewhere in this book.

PHYSICAL REQUIREMENTS

The standard of physical fitness required and particulars of defects which cause rejection are as shown under the Royal Naval Scholarship Scheme.

VISUAL STANDARDS
ENGINEERING (MECHANICAL)

Distant Vision	*Near Vision*	*Remarks*
Less than 6/60 in each eye. With glasses at least 6/6 6/24 or 6/12 6/12	N6 Times Roman with glasses	Manifest hypermetropia or myopia not to exceed 7.0 dioptres under homatropine. Hypermetropic or myopic astigmatism not to exceed 7.0 dioptres in the meridian of greater error under homatropine. Fields of vision to be normal to confrontation tests.

Defects of colour vision do not necessarily disqualify but the minimum standard acceptable is Standard III. This standard of colour perception entails, in general terms, success in a modified Martin Lantern Test, using a single large aperture at a distance of five feet. Sufficient colours should be shown to ensure that the candidates recognise the red, green and white lights without guessing.

REGULATIONS FOR FIRST APPOINTMENTS IN THE ROYAL MARINES

(NOTE.—*The Ministry of Defence reserves the right to amend these regulations, but as much notice as possible will be given of any alterations.*)

IV. SELECTION PROCEDURE

5. Candidates who satisfy the educational requirements are called before the Admiralty Interview Board in H.M.S. *Sultan* (a shore establishment) at Gosport, Hampshire. The Board is under the presidency of a Flag Officer (or a Captain R.N.) and consists of two Royal Marines Officers, a Headmaster and a Psychologist. The assessment takes account of academic attainments and Headmasters' reports together with the results of tests of intelligence, aptitude and personality conducted by the Board. Candidates may not appear before the Admiralty Interview Board as Royal Marines candidates on more than two occasions.

6. Appointments are made by the Navy Department, up to the number of vacancies available, in accordance with the order of merit determined by the Interview Board.

V. NATIONALITY

7. Candidates must be British subjects or citizens of the Irish Republic and the sons of British subjects or citizens of the Irish Republic at the time of the candidate's entry. Proof of the nationality of the candidates rests upon their parents or guardians who, if they are in any doubt, should seek the opinion of the Navy Department well in advance.

8. Candidates possessing foreign as well as British nationality may be regarded as ineligible for entry into the commissioned ranks of the Royal Marines. Parents or guardians of candidates possessing dual nationality are therefore advised to seek a decision on eligibility at an early date.

VI. PHYSICAL STANDARD

9. Candidates must be at least 5 ft. 5 ins. in height. Physical requirements are otherwise the same as shewn in Appendix II under the Royal Naval/Marines Scholarship and Reserved Cadetship scheme.

Refractive error limits (under homatropine):

(i) Hypermetropia .. 5.0 dioptres in either eye.
(ii) Astigmatism .. the difference between axes must not exceed 5.0 dioptres.

Fields of vision must be normal to confrontation test.

Stereoscopic vision must be present.

Heterophoria (tested with Maddox Rod at 6 metres) must not exceed:

Eso- and Exo-phoria .. 6 prism dioptres.
Hyperphoria .. .. 1 prism dioptre.

11. Candidates found fit at their medical examination are not specially notified but the parents or guardians of candidates who are below the physical and visual standards are informed as soon as possible so that they may appeal, if they wish, to the Medical Appeal Board. This consists of the Medical Director-General (Naval) and the appropriate Civil Consultant to the Navy according to the nature of the alleged disqualification(s).

VII. TRAVELLING AND OTHER EXPENSES

12. Second class rail or bus fares amounting to more than 5s. 0d. incurred in travel from the candidate's school or normal place of residence in the United Kingdom to attend the selection tests are refunded. Lodging and food are provided free of charge at the Admiralty Interview Board.

Candidates who have to travel long distances to reach the Interview Board and are obliged to pay for accommodation (or for a sleeping berth on a train or ship) may be refunded reasonable expenses on evening meal, bed and breakfast up to a maximum of 35s. for each night necessarily spent away from home. Claims must be supported by a receipted bill or voucher for each night's accommodation. No other expenses on accommodation and meals can be refunded. A form for reclaiming expenses is supplied to each candidate.

VIII. CANDIDATURE FOR THE ROYAL NAVY

14. Candidates who wish to apply for both the Royal Marines and Royal Navy are required to state their order of preference. They will be called to attend the Interview Board appropriate to their first choice and will be considered for both Services at the same time.

IX. SWIMMING CERTIFICATE

15. Candidates must be able to swim 50 yards, and a certificate to this effect is to be provided by the school or other responsible authority and handed in on joining the Infantry Training Centre, Royal Marines.

X. CONDITIONS OF ENTRY

16. Candidates must be unmarried and are not permitted to marry until they have completed all phases of their training.

17. Successful candidates will be appointed as Second Lieutenants, Royal Marines, and receive the pay and allowances of that rank from the date of joining.

18. Officers will be considered as on probation until they have completed all their courses of instruction and training and have been successful in all the examinations mentioned below.

19. The final order of seniority of officers will be determined by the results of all their professional (naval and military) examinations during the probationary period of their service.

20. On completion of the courses laid down in Section XIV, the senior Lieutenant in any year's entry may be awarded a sword, or his personal sword may be suitably inscribed at the public expense and a sum equivalent to the difference between the cost of a sword and the cost of the inscription granted to him, the award being based on the aggregate results of the examinations held.

21. An officer may be removed from the Service if, in the opinion of the Ministry of Defence:

(*a*) he fails to reach a satisfactory standard in his work; or
(*b*) his conduct is unsatisfactory; or
(*c*) he does not display the qualities required of a Royal Marines officer.

XI. UNIFORM

22. A list of clothing required on joining is sent to all successful candidates.

23. An outfit allowance is payable on entry and is supplemented by free issues of clothing. This allowance, together with the free issues, is sufficient to provide all the essential uniform required by the officer while under training. The outfit allowance may be paid to the parent or guardian if a claim is received before payment is made to the officer. Officers permitted to resign voluntarily will be required, at the discretion of the Ministry of Defence, to refund their initial outfit cash grants and their initial outfit free issues on the following scale:—

Digitized by Google

Grants paid and issues made:—

Over two years but less than three years from date of resignation ..	One third

Each grant and free issue will be considered separately for this purpose.

XII. PAY

24. Rates of pay and marriage allowances are shown at the beginning of this book. Officers in the Royal Marines are not encouraged to cultivate expensive tastes, and the junior officer under training can with care, live within his pay and meet all normal current expenses. It should not, therefore, be necessary for parents or guardians to make personal allowances.

XIII. MEDICAL ATTENTION

25. Free medical and dental treatment is given while under training, and medical treatment from the local Admiralty Surgeon and Agent while on leave. The repayment of expenses incurred through consulting a civil medical practitioner are considered if a Service Surgeon and Agent is not available, or in other exceptional circumstances.

XIV. COURSES OF INSTRUCTION AND TRAINING

26. The programme of training for Second Lieutenants is carried out in three phases. Phase I consists of 17 months' instruction in the United Kingdom, Phase II of approximately one year's service in a Commando and Phase III of a further three months' instruction in the United Kingdom. XV. APPLICATIONS FROM CANDIDATES IN COMMONWEALTH COUNTRIES

37. Candidates who belong to families resident in Commonwealth countries may be considered for first appointment in the Royal Marines. Such candidates must actually live and receive their education in the Commonwealth country. They should address their application in the first place either to the Government of the Commonwealth country concerned or to the nearest Naval authority.

38. Applications must be forwarded through the appropriate channels to reach the Ministry of Defence (Naval Personnel Division I (Cadets)), Old Admiralty Building, Whitehall, London, S.W.1, about 9 months before the entry date.

39. Candidates must gain equivalent educational qualifications to those shown in Appendix I for United Kingdom candidates. These can be achieved by obtaining ordinary or advanced level passes in the London Overseas G.C.E. Examinations or credits in the Cambridge Overseas School Certificate (in place of the G.C.E. ordinary level) and passes at principal standard in the Cambridge Overseas Higher School Certificate (for the G.C.E. advanced level). Enquiries should be made from local Universities or educational authorities at least six months before the examination date. Passes in certain Commonwealth Matriculation and School-leaving Certificate examinations are acceptable in place of G.C.E. ordinary level passes.

40. Candidates are required to pass a Naval interview board and medical examination. Candidates are expected to attain a standard not below that of the lowest successful U.K. candidate in the competition as a whole.

41. Candidates accepted for appointment can claim for the cost of fares to the port of embarkation or airport. Fares are paid to the U.K. in respect of second or tourist class passage by sea, or, where possible, arrangements are made by air charter. Travelling expenses from destination in England to Lympstone, or from the port of disembarkation direct to Lympstone, are also allowed.

REGULATIONS FOR ENTRY IN THE ROYAL MARINES ON THE SHORT SERVICE COMMISSION LIST

Under this scheme of entry into the Royal Marines, appointments are, in the first instance, for 5 years on the Active List, followed by 4 years on the Reserve: but officers have the option, subject to Ministry of Defence approval, to extend their appointments to 10 years, followed by 4 years on the Reserve. Whilst on the Reserve, officers will only be liable for service in war or emergency.

2. Entries will normally be made twice a year in January and September.

3. Successful candidates will be entered as Second Lieutenants and will be promoted to the rank of Acting Lieutenant after 2 years and 4 months from the date of entry. Confirmation in the rank of Lieutenant will take place after a further 14 months service.

4. On entry, officers will undergo 15 months' initial training at the Infantry Training Centre, Royal Marines, Lympstone, on satisfactory completion of which they will be posted to a Commando unit or other Royal Marine establishment.

5. On completion of 3 years' service, officers will be required to state whether they wish to terminate their commissions after 5 years or, alternatively, to exercise the option to extend to the maximum period of 10 years.

6. There will be limited opportunities for outstanding officers to transfer to Permanent Commissions on the General List, but such transfers will be subject to the requirements of the General List. Officers will be eligible for selection for transfer while in a zone of between six and nine years' service on the Short Service Commission List.

7. On leaving the Active List on satisfactory completion of 5 years service, officers will be eligible for a tax-free gratuity of £900; officers who leave on satisfactory completion of 10 years service, will be eligible for a tax-free gratuity of £1,800. Officers who are selected for a Permanent Commission will not be eligible for either of these gratuities, but will be eligible for retired pay and terminal grants or gratuity under the regulations in force for permanent officers. Service on their Short Service Commissions will be taken into account, under normal rules, when assessing such retired pay or gratuity.

8. Details of pay are set out in the beginning of this book.

Age Limits

9. Applicants must have attained the age of 17 years 6 months but must not have attained the age of 23 years on the first day of the month in which they are appointed.

10. Applicants will be required to forward to the Ministry of Defence (Naval Personnel Division I), with their applications, an extract from the register of birth; or, if this cannot be obtained, other documentary evidence accompanied by statutory declaration made by a parent or guardian before a magistrate giving the exact date of his birth. Certificates of registry of birth or of baptism are not in themselves accepted as evidence of the date of birth.

Nationality

11. Applicants must be British subjects and the sons of persons who are British subjects at the time of the applicants' entry. The burden of proof of the

Digitized by Google

nationality of the applicant will rest upon the applicants or, in the case of those under 21 years of age, on their parents or guardians who, if they are in doubt, should seek the opinion of the Ministry of Defence (Naval Personnel Division I) at the earliest opportunity.

12. Applicants who possess a foreign as well as British nationality may be ineligible for entry into the commissioned ranks of the Royal Marines. Such candidates, or their parents or guardians, are therefore advised to seek an early decision from the Ministry of Defence (Naval Personnel Division I) as to their eligibility.

Physical Standards

13. Candidates will be required, irrespective of whether they have been passed fit in connection with a previous examination, to present themselves for medical examination. Candidates will be passed by the medical board only if found to comply with the physical and visual standards given in this book for first appointments in the Royal Marines. A candidate will not be entered unless he has been vaccinated within the past three years and is prepared to be re-vaccinated when considered necessary by the naval authorities.

Educational Qualifications

14. All candidates must forward with their applications evidence that they possess one of the following educational qualifications:—

(*a*) Passes in English Language, Mathematics, and three other subjects either
  (1) at Ordinary level in the General Certificate of Education, or
  (2) at Lower grade in the Scottish Leaving Certificate (before February, 1962), or
  (3) at Ordinary grade in the Scottish Certificate of Education (from February, 1962), or
  (4) at Ordinary level in the Grammar School Senior Certificate of Northern Ireland (1952 and after), or
  (5) at Ordinary level in the General Certificate of Education of Northern Ireland (1963 and after).

(*b*) An Overseas School Certificate issued by the University of Cambridge Local Examination Syndicate (or the equivalent) showing credit passes in English, Mathematics and three other subjects.

(*c*) Educational qualifications which in the opinion of the Ministry of Defence are of equivalent or higher standard than (*a*) (1) above.

15. The subjects which may be offered in addition to the required passes in English Language and Mathematics can be any of the subjects which normally have a place in school curricula and are recognised by the G.C.E. and Scottish Certificate of Education examining boards, except as in paragraph 16 below.

16. (*a*) Where G.C.E. or equivalent certificates are held in subjects which overlap significantly in content (e.g. Physics and Physics-with-Chemistry), only one of the overlapping subjects may count towards the qualifying standard.

(*b*) For the following groups of subjects, normally only one subject may count from its particular group:
  (1) Art, Music.
  (2) Commercial Subjects.
  (3) Technical Subjects.
  (4) Additional Mathematics, Applied Mathematics, Mechanics.
  (5) Biology, Botany, Zoology, Geology.

With regard to both (*a*) and (*b*) above, cases of doubt should be referred to the Ministry of Defence (Naval Personnel Division I).

17. If a candidate has passed one of the above examinations but has not yet received the actual certificate, a certified statement from the examining body (not the Headmaster) that he has been successful and has obtained passes in the required subjects will be accepted.

Medical Examination and Personal Interview—Travelling Expenses

18. Applicants who satisfy the educational requirements and are accepted as candidates will be required to undergo a medical examination and an interview.

19. Second-class rail or bus fares incurred in travelling in connection with these tests, from the candidate's normal place of residence in the United Kingdom, will be paid by the Ministry of Defence if they exceed the sum of 5s. 0d. Accommodation and food will be provided free of charge to candidates whilst they are undergoing the selection procedure, but no other expenses, such as meals on journeys or loss of wages, are allowed. However, candidates who have to travel long distances to reach the Naval Interview Board and are obliged to pay for accommodation (or for a sleeping berth on a train or ship) may be refunded reasonable expenses on evening meal, bed and breakfast up to a maximum of 35s. 0d. for each night necessarily spent away from home. A claim for this refund must be supported by a receipted bill or voucher for each night's accommodation. Apart from this, expenses on accommodation and meals cannot be refunded.

Applications

20. Applications must be made on the appropriate form, which will be supplied, on request, by the Officer Entry Section, Old Admiralty Building, Whitehall, London, S.W.1. The form must be completed in the applicant's own handwriting and forwarded to the Ministry of Defence (Naval Personnel Division I), Old Admiralty Building, Whitehall, London, S.W.1, together with documentary evidence of birth and educational qualifications. Envelopes should be marked "R.M. Short Service Commissions."

21. Any candidate who has filled up and returned the application form but has not received an acknowledgement of it within seven complete days should write at once to the Ministry of Defence (Naval Personnel Division I) at the above address. Failure to do so will deprive the candidate of any claim for consideration on the grounds of loss or delay in the post.

22. Candidates are allowed three attempts at entry under this scheme, provided they are still within the age limits. Twelve months must, however, elapse between each interview.

Conditions of Entry and Service

23. The acceptance of a candidate will be at the sole discretion of the Ministry of Defence and subject to the number of vacancies available at the date of entry.

24. Candidates must be able to swim 50 yards, and a certificate to this effect is to be provided by the school or other responsible authority and handed in on joining the Infantry Training Centre, Royal Marines.

25. The Ministry of Defence reserve the right to terminate an officer's appointment at any time if, in their opinion:—

(*a*) he fails to reach a satisfactory standard in his work: or
(*b*) his conduct is unsatisfactory: or
(*c*) he does not display the qualities required of a Royal Marines Officer.

26. Should an officer be invalided, he will receive a gratuity proportionate to the length of Active List service actually completed (subject to the normal provision that any such gratuity is liable to be reduced or withheld if the disability was due to causes

Digitized by Google

within the officer's own control). An officer who, for any other reason does not complete his full period of service on the Active List will not be eligible for any gratuity: but an award, either at the full rate or at a reduced rate to be decided by the Ministry of Defence, may be sanctioned, subject to a minimum period of service of one year, in the following circumstances:

(*a*) For an officer compulsorily transferred to the reserve, required to relinquish his commission or to resign.

(*b*) For an officer transferred to the reserve at his own request.

27. The gratuity is not payable to the estate of an officer who dies or is killed while serving on the Active List. A special gratuity is, however, normally paid to the widow: or if there are children but no widow, this gratuity may be paid in part or in whole for the benefit of the children. Pensions are also payable under regulations administered by the Ministry of Pensions and National Insurance to the widows, etc., of officers whose death is due to their service.

Uniform

28. A list of clothing required on joining is sent to all successful candidates.

29. An outfit allowance is payable on entry and is supplemented by free issues of clothing. This allowance, together with the free issues, is sufficient to provide all the essential uniform required by the officer. The outfit allowance may be paid to the officer's parent or guardian if a claim is received before payment is made to the officer. Officers permitted to resign voluntarily will be required, at the discretion of the Minister of Defence, to refund their initial outfit cash grants and their initial outfit free issues on the following scale:—

Grants paid and issues made:

Less than one year prior to date of resignation	In full
Over one year but less than two years from date of resignation	Two thirds
Over two years but less than three years from date of resignation	One third

Each grant and free issue will be considered separately for this purpose.

General

30. The officer will be entitled without charge to medical and dental treatment while under training; and, when on leave, may consult the local Admiralty Surgeon and Agent, if necessary. The repayment of expenses incurred through consulting a civil medical practitioner will be considered by the Ministry of Defence should an Admiralty Surgeon and Agent not be available, or for other exceptional reasons.

31. Letters concerning officers should be addressed to the Commanding Officer of the establishment in which he is training, and not to the officer in command by name.

R.M. OTHER RANKS—CANDIDATES FOR SHORT SERVICE COMMISSIONS

32. In addition to the normal form of recruitment from civil life, entry will be open to suitably qualified R.M. other ranks who are not candidates for regular Royal Marines commissions. The pay of successful candidates will be governed by B.R. 1950, Article 47 and, on appointment as Second Lieutenants, they will retain their existing pay, plus 4s. a day, so long as this is to their advantage.

Applications

33. R.M. other ranks who consider they have a good chance of selection should apply to their Commanding Officers who, if the applicant can be recommended, should forward his name to the Ministry of Defence (Naval Personnel Division I), together with completed Forms CW1 and CW1A. (copy to the Director of Pay and Records, Royal Marines). A report that Form CW1 has been started is to be made in Part II Orders in accordance with para. 4 of that form.

34. Recommended candidates will undergo a medical examination in accordance with B.R. 1750. They will also undergo selection tests, including interview, which will merely test the potentialities of candidates, and it is important that names should not be forwarded to the Ministry of Defence unless Commanding Officers are able to recommend applicants as showing genuine promise of making satisfactory officers.

35. Applicants serving abroad should not be recommended unless they have been given an up-to-date medical examination and satisfy the minimum medical standards for the Royal Marines Officer Service given in B.R. 1750A (Handbook of Naval Medical Standards).

36. Application forms and copies of the full entry regulations will be sent through the usual channels to recommended candidates, who should complete and return the application form without delay. This formal application requires:—

(*a*) Evidence of date of birth. A formal birth certificate need not be forwarded with the application provided that the date of birth inserted by the applicant on the formal application is endorsed "verified" by the unit officer concerned.

(*b*) Evidence of educational standard. Documents showing that the candidate has obtained one of the educational qualifications prescribed in para. 14 will be required to be forwarded to the Ministry of Defence with the formal application. They will be returned as soon as possible.

The collection of this evidence will take time, especially when candidates are serving outside the United Kingdom. Candidates should therefore be advised to save time by collecting the various documents in advance so that they are able to return their application forms quickly.

Selection

37. Selection tests and interview will be carried out in H.M.S. *Sultan*, Gosport, and medical examination by the Naval Medical Board, Ministry of Defence, Empress State Building, London, S.W.6. Dates when candidates are required to undergo selection procedure will be communicated by the Ministry of Defence to the authorities concerned.

38. For candidates serving abroad, as much notice as possible will be given of dates so that arrangements can be made to draft them to Royal Marines Barracks, Eastney, prior to attending the interview board. The Commanding Officer, Royal Marines Barracks, Eastney is to inform the Ministry of Defence (Naval Personnel Division I) and the Director of Pay and Records, Royal Marines, by signal immediately such a candidate arrives.

39. Service Certificates with enclosures are to be sent to the President of the Admiralty Interview Board at H.M.S. *Sultan*, before the board sits. If this is not possible the documents are to be taken by the candidate when he attends the board.

40. On completion of the full selection procedure, candidates will be returned to their present duties or to the Royal Marines Barracks, Eastney, if from abroad, to await results.

Further Attempts

41. Candidates may make three attempts under this scheme while they remain within the age limits. Twelve months must elapse between each attempt.

REGULATIONS FOR THE ENTRY OF OFFICERS FOR THE ROYAL MARINES SPECIAL ENTRY FLYING SERVICE LIST

Under this scheme of entry into the Royal Marines appointments are for helicopter pilot duties and are either for service up to the age of 38 years on the Active List, after which officers are placed on the Retired List; or for a period of twelve years, followed by four years on the Reserve. However, officers will have the option of leaving earlier if they wish under the arrangements described below. Candidates must be aged at least 17 but must not have attained the age of 26 years on the first day of the month in which they are appointed.

2. Whilst on the Reserve, officers will only be liable for service in war or emergency.

3. Periods of service are as follows:

Age Limits	*Period*	*Option to Terminate*
17 years but under 22 years of age	To age 38	After 8 and 12 years' service.
22 years but under 26 years of age	12 years	After 8 years' service.

4. Entries will normally be made five times a year.

5. Successful candidates will normally enter in the rank of Second Lieutenant. Subsequent training and promotion will be set out in paragraphs 32 to 34. Applicants with previous service in H.M. Forces should give full details when applying so that adjustments may be made to training and, in certain cases, to seniority.

6. Officers who wish to terminate their service at "break-points" will be required to give nine months' notice in writing that they wish to exercise this option.

7. All officers who complete 10–13 years' service will have opportunities of being considered for extended service up to the normal retiring ages for General List officers. The numbers of these extended commissions will depend on the requirements of the Service. For those officers selected, there will be prospects of promotion to Major.

8. There will be limited opportunities for outstanding officers to transfer to permanent commissions on the General List. Transfers will be subject to the requirements of the Service and may vary considerably over a period of years. Officers will be eligible for selection for transfer while in a zone of between 4 and 9 years' service.

9. Officers entered on, or transferred to pensionable commissions to age 38, will be regarded as serving under the conditions applicable to permanent officers, except that, on termination of service at the optional break points, they will be eligible for gratuities as provided in paragraph 10. Such officers who satisfactorily complete 16 or more years' service to the age of 38, will be eligible for retired pay and terminal grant under regulations in force for permanent officers.

10. Tax-free gratuities of the following amounts will be awarded, on satisfactory completion of 8 or 12 years' service, to officers whose service terminates at those points in the circumstances envisaged in paragraph 3:—

8 years £1,750
12 years £5,000

11. Officers selected for the longer term permanent commissions described in paragraphs 7 and 8 will not be eligible for one of these gratuities, but will be eligible for either retired pay and terminal grant or gratuity under the regulations in force for General List officers. Service on their original commission will be taken into account, under the normal rules, when assessing such retired pay or gratuity.

12. Rates of pay, allowances, etc. are shown in the beginning of this book. Pilots recruited under this scheme will be engaged on Commando trooplift duties and will receive naval rates of flying pay.

II. AGE

13. Applicants will be required to forward to the Minister of Defence, with their applications, an extract from the register of birth, or, if this cannot be obtained other documentary evidence accompanied by a statutory declaration made by a parent or guardian before a magistrate giving the exact date of his birth. Certificates of registry of birth or of baptism are not in themselves accepted as evidence of the date of birth.

III. NATIONALITY

14. Applicants must be British subjects and the sons of persons who are British subjects at the time of the applicants' entry. The burden of proof of the nationality of the applicants will rest upon the applicants or, in the case of those under 21 years of age, on their parents or guardians, who, if they are in doubt, should seek the opinion of the Ministry of Defence at the earliest opportunity.

15. Applicants who possess a foreign as well as British nationality may be ineligible for entry into the commissioned ranks of the Royal Marines. Such candidates, or their parents or guardians, are therefore advised to seek an early decision from the Ministry of Defence as to their eligibility.

IV. PHYSICAL STANDARD

16. Candidates will be required, irrespective of whether they have been passed fit in connection with a previous examination, to present themselves for medical examination. Candidates will be passed by the medical board only if found to comply with the physical and visual standards given in this book for first appointments in the Royal Marines. A candidate will not be entered unless he has been vaccinated within the past three years and is prepared to be re-vaccinated when considered necessary by the naval authorities.

V. EDUCATIONAL QUALIFICATIONS

17. All candidates must forward with their applications evidence that they possess one of the following educational qualifications:—

(*a*) Passes in English Language, Mathematics, and three other subjects either (1) at Ordinary level in the General Certificate of Education or (2) at Lower grade in the Scottish Leaving Certificate (before February 1962), or (3) at Ordinary grade in other Scottish Certificate of Education (from February 1962), or (4) at Ordinary level in the Grammar School Senior Certificate (before 1963) or the General Certificate of Education (from 1963) of Northern Ireland.

(*b*) An Overseas School Certificate issued by the University of Cambridge Local Examination Syndicate (or the equivalent) showing credit passes in English, Mathematics and three other subjects.

(*c*) Educational qualifications which in the opinion of the Ministry of Defence are of equivalent or higher standard than (*a*) (1) above.

18. The subjects which may be offered in addition to the required passes in English Language and Mathematics can be any of the subjects which normally have a place in school curricula and are recognised by the G.C.E. examining boards, except as in paragraph 21 below.

19. (*a*) Where G.C.E. or equivalent certificates are held in subjects which overlap significantly in content (e.g. Physics and Physics-with-Chemistry), only one of the overlapping subjects may count towards the qualifying standard.

(*b*) For the following groups of subjects, normally only one subject may count from its particular group:

1. Art, Music.
2. Commercial Subjects.
3. Technical Subjects.

Digitized by Google

4. Additional Mathematics, Applied Mathematics, Mechanics.
5. Biology, Botany, Zoology, Geology.

With regard to both (*a*) and (*b*) above, cases of doubt should be referred to the Ministry of Defence.

20. If a candidate has passed one of the above examinations but has not yet received the actual certificate, a certified statement from the examining body (not the Headmaster) that he has been successful and has obtained passes in the required subjects will be accepted.

VI. TESTS OF PERSONAL QUALITIES AND FLYING APTITUDE

21. Applicants who satisfy the educational requirements and are accepted as candidates will undergo flying aptitude tests at the R.A.F. Station, Biggin Hill. Candidates who pass these tests will then proceed to R.N. Establishments in the Portsmouth Command for a medical examination, further selection tests and interview. The full procedure will occupy about five days.

22. Candidates who do not pass the flying aptitude tests will not be medically examined or interviewed, and will not be eligible to make a further attempt until two years have elapsed. Those who pass these tests and are medically fit, but fail on interview, may make a further attempt after 12 months, provided they remain within the age limits, but no candidate may make more than three attempts.

23. Second-class rail or bus fares incurred in travelling in connection with these tests from the candidate's normal place of residence in the United Kingdom will be paid by the Ministry of Defence if they exceed the sum of 5s. 0d. Accommodation and food will be provided free of charge to candidates whilst they are undergoing the selection procedure, but, subject to the proviso in paragraph 24 below, no other expenses such as meals on journey or loss of wages are allowed.

24. Candidates who have to travel long distances to reach the Admiralty Interview Board and are obliged to pay for accommodation (or for a sleeping berth on a train or ship) may be refunded reasonable expenses on evening meal, bed or breakfast up to a maximum of 35s. 0d. for each night necessarily spent away from home. A claim for this refund must be supported by a receipted bill or voucher for each night's accommodation. Apart from this, expenses on accommodation and meals cannot be refunded.

VII. APPLICATIONS

25. Application must be made on the appropriate form, which will be supplied on request by letter, addressed to the Officer Entry Section, Royal Navy and Royal Marines Careers Service, Old Admiralty Building, Whitehall, London, S.W.1. The form must be completed in the applicant's own handwriting and sent to the Ministry of Defence (Naval Personnel Division I), Old Admiralty Building, Whitehall, London, S.W.1, together with the documentary evidence of birth and educational qualifications. Envelopes should be marked "R.M. Special Entry".

26. Any candidate who has filled up and returned the application form but has not received an acknowledgment of it within seven complete days should write at once to the Ministry of Defence (Naval Personnel Division I) at the above address. Failure to do so will deprive the candidate of any claim to consideration on the grounds of loss or delay in the post.

VIII. CONDITIONS OF ENTRY AND SERVICE

27. The Ministry of Defence reserves the right to terminate an appointment at any time if:

(*a*) the officer's standard of work is unsatisfactory or, under certain circumstances, he fails to perform the aviation duties for which he was entered;
(*b*) the officer's conduct is unsatisfactory; or
(*c*) the qualities required of a Royal Marines officer are not being sufficiently developed.

28. Should an officer be invalided, he will receive such award of retired pay and terminal grant, or gratuity, as is appropriate (subject to the normal provision that any such award is liable to be reduced or withheld if the disability was due to causes within the officer's own control). Except as provided in paragraphs 3, 6 and 9, an officer who, for any other reason does not complete his full period of service on the Active List will not be entitled to any award; but in some circumstances an award, either at the full rate or at a reduced rate to be decided by the Ministry of Defence may be sanctioned, subject to a minimum period of service of eighteen months and possession of the flying badge, to an officer:

(*a*) compulsorily transferred to the Reserve, required to relinquish his commission or to resign; or
(*b*) transferred to the Reserve at his own request.

29. Terminal grants and gratuities are not payable to the estate of an officer who dies or is killed while serving on the Active List. A special gratuity is, however, normally paid to the widow; or if there are children but no widow, this gratuity may be paid in part or in whole for the benefit of the children.

30. Where an officer would have been eligible for an award of retired pay if he had been invalided at the date of death, his widow will normally be eligible also for a pension.

31. Separate gratuities and/or pensions are also payable under Ministry of Pensions' regulations to widows, etc, of officers whose death is due to their service.

IX. TRAINING AND PROMOTION

32. Entrants will undergo 6 months' infantry training and then proceed to flying training. The basic infantry training period will include a certain academic element related to the scientific aspects of flying, e.g. aerodynamics. The syllabus will also include 10 hours' flying experience in Tiger Moth aircraft. Officers will be graded in Categories from A to D according to the pilot ability which they show during this flying. Those who show a complete lack of pilot ability and are considered to have no chance at all of qualifying as pilots are graded as Category D. These officers may, at the discretion of the Ministry of Defence, be withdrawn from training and their appointments terminated. Additionally, however, there may be opportunities in such cases for transfer to training for a Royal Marines Short Service Commission if officers are regarded as suitable candidates and if there are vacancies available.

33. After successfully completing infantry training, officers will undergo flying training courses for about 14 months. After successfully completing their basic flying training, which lasts about 10 months, they will be awarded the flying badge.

34. Officers who satisfactorily complete their training will be promoted to Acting Lieutenant 2 years and 4 months after entry, and confirmed in the rank of Lieutenant 3 years and 6 months after entry. Up to 12 months' seniority as a Lieutenant may be gained for performance during training.

X. UNIFORM

35. A list of clothing required on joining is sent to all successful candidates.

36. An outfit allowance is payable on entry and is supplemented by free issues of clothing. This allowance, together with the free issue, is sufficient to provide all the essential uniform required by the officer. The outfit allowance may, at Ministry of Defence discretion, be paid to the Officer's parent or guardian if a claim is received before payment is made to the officer. Officers resigning voluntarily may be required to refund the cost of the outfit issued to them on entry on the following scale:

After 3 years' service	Nil
After 2 years' and under 3 years' service	One third
After 1 year and under 2 years' service	Two thirds
Under 1 year's service	In full

In the event of compulsory termination of appointment within 12 months of entry, the Ministry of

Defence will require return of the principal items of uniform and equipment. A charge will be raised against the officer, or his parent or guardian, in respect of any specified item(s) not so returned.

XI. GENERAL

37. The officer will be entitled without charge to medical and dental treatment whilst under training and, when on leave, may consult the local Admiralty Surgeon and Agent, if necessary. The repayment of expenses incurred through consulting a civil medical practitioner will be considered by the Ministry of Defence should an Admiralty Surgeon and Agent not be available, or for other exceptional reasons.

38. Letters concerning officers should be addressed to the Commanding Officer of the establishment in which he is training, and not to the officer in command by name.

REGULATIONS FOR THE ENTRY OF OFFICERS FOR FLYING DUTIES ON THE SUPPLEMENTARY LIST OF THE ROYAL NAVY

Under this scheme of entry into the Royal Navy, appointments are either for service up to the age of 38 years on the Active List, after which officers are placed on the Retired List: or for a fixed period of 12 years, followed by 4 years on the Reserve. However, officers will have the option of leaving earlier if they wish under the arrangements described below. *Candidates must be aged at least* 17 *but must not have attained the age of* 26 *years on the first day of the month in which they are appointed.*

2. Whilst on the Reserve, officers will only be liable for service in war or emergency.

3. Periods of service are as follows:—

Age Limits	*Period*	*Option to Terminate*
17 years but under 22 years of age.	To age 38	After 8 and 12 years' service.
22 years but under 26 years of age.	12 years	After 8 years' service.

4. Entries will normally be made six times a year, in January, February, April, June, September and October.

5. Successful candidates will normally be entered as Naval Air Cadets. Subsequent training and promotion will be as set out in paragraphs 35 to 38. Applicants with previous service in H.M. Forces and the Reserves should give full details when applying so that adjustments may be made to training and seniority, if appropriate.

6. Officers who wish to terminate their service at "break-points" will be required to give 9 months' notice in writing that they wish to exercise this option.

7. All officers who complete 10–13 years' service will have opportunities of being considered for extended service on Supplementary List commissions up to the normal retiring ages for General List officers. The numbers of these extended commissions will depend on the requirements of the Service. For those officers selected, there will be prospects of promotion to Commander.

8. There are opportunities for the best aircrew officers to transfer to permanent commissions on the General List. For those who show outstanding promise during training, there are opportunities for up to two to transfer each year whilst within the zone of 2–3 years' service on the Supplementary List; however, the main avenue of transfer to the General List is by selection from within the four to nine-year zone of service.

9. Officers entered on, or transferred to, pensionable commissions to age 38 will be regarded as serving under the conditions applicable to permanent officers, except that, on termination of service at the optional break points, they will be eligible for gratuities as provided in paragraph 10. Such officers who satisfactorily complete 16 or more years' service to the age of 38 will be eligible for retired pay and terminal gratuity under the regulations in force for permanent officers.

10. Tax-free gratuities of the following amounts will be awarded, on satisfactory completion of 8 or 12 years' service, to officers whose service terminates at those points in the circumstances envisaged in paragraph 3:

8 years—£1,750
12 years—£5,000

11. Officers selected for the longer term Permanent Commissions described in paragraphs 7 and 8 will not be eligible for one of these gratuities, but will be eligible for either retired pay and terminal grant or gratuity under the regulations in force for General List officers. Service on their original Supplementary List Commission will be taken into account, under the normal rules, when assessing such retired pay or gratuity.

12. Rates of pay and allowances are shown at the beginning of this book.

Age

13. Applicants will be required to forward to the Ministry of Defence, with their applications, an extract from the register of birth; or, if this cannot be obtained, other documentary evidence accompanied by a statutory declaration made by a parent or guardian before a magistrate giving the exact date of his birth. Certificates of registry of birth or of baptism are not in themselves accepted as evidence of the date of birth.

Nationality

14. Applicants must be British subjects and the sons of persons who are British subjects at the time of the applicant's entry. The burden of proof of the nationality of the applicants will rest upon the applicants or, in the case of those under 21 years of age, on their parents or guardians who, if they are in doubt, should seek the opinion of the Ministry of Defence at the earliest opportunity.

15. Applicants who possess a foreign as well as British nationality may be ineligible for entry into the commissioned ranks of the Royal Navy. Such candidates, or their parents or guardians, are therefore advised to seek an early decision from the Ministry of Defence as to their eligibility.

Physical Standards

16. Candidates will be required, irrespective of whether they have been passed fit in connection with a previous examination, to present themselves for medical examination and must be found physically fit for flying duties in the Royal Navy. A candidate will not be entered unless he has been vaccinated within the past 3 years and is prepared to be revaccinated when considered necessary by the Naval Authorities.

17. Details of physical requirements for candidates are contained in the Appendix.

Digitized by Google

18. A medical board of appeal is available to consider appeals by candidates rejected on medical grounds. Appeals must be made in writing to the Ministry of Defence (Naval Personnel Division I), Old Admiralty Building, Whitehall, London, S.W.1, and they must be accompanied by a cheque or crossed postal order for one guinea, payable to the Principal Director of Accounts (Naval), Ministry of Defence. Travelling expenses will not be paid for attendance at appeals boards, but the guinea will be refunded when an appeal is successful.

Educational Qualifications

19. All candidates must forward with their applications evidence that they possess one of the following qualifications:—

(*a*) Passes in English Language, Mathematics, and three other subjects either
  (1) at Ordinary level in the General Certificate of Education
  or (2) at Lower Grade in the Scottish Leaving Certificate (before February 1962)
  or (3) at Ordinary grade in the Scottish Certificate of Education (from February 1962)
  or (4) at Ordinary level in the Grammar School Senior Certificate (from 1952) or the General Certificate of Education (from 1963) of Northern Ireland.

(*b*) An Overseas School Certificate issued by the University of Cambridge local Examination Syndicate (or the equivalent) showing credit passes in English, Mathematics and three other subjects.

(*c*) Educational qualifications which in the opinion of the Ministry of Defence are of equivalent or higher standard than (*a*) (1) above.

20. The subjects which may be offered in addition to the required passes in English Language and Mathematics can be any of the subjects which normally have a place in school curricula and are recognised by the G.C.E. examining boards, except as in paragraph 21 below.

21. (*a*) Where G.C.E. or equivalent certificates are held in subjects which overlap significantly in content (e.g. Physics and Physics-with-Chemistry), only one of the overlapping subjects may count towards the qualifying standard.

(*b*) For the following groups of subjects, normally only one subject may count from its particular group: (i) Art, Music. (ii) Commercial Subjects. (iii) Technical Subjects. (iv) Additional Mathematics, Applied Mathematics, Mechanics. (v) Biology, Botany, Zoology, Geology.

With regard to both (*a*) and (*b*) above, cases of doubt should be referred to the Ministry of Defence.

22. If a candidate has passed one of the above examinations but has not yet received the actual certificate, a certified statement from the examining body (not the Headmaster) that he has been successful and has obtained passes in the required subjects will be accepted.

Tests of Personal Qualities and Flying Aptitude

23. Applicants who satisfy the educational requirements and are accepted as candidates will be required to undergo flying aptitude tests at the Royal Air Force Station, Biggin Hill. Candidates who pass these tests will then proceed to Royal Naval establishments in the Portsmouth Command for a medical examination, further selection tests and interview. The full procedure will occupy about 5 days.

24. Candidates who do not pass the flying aptitude tests will not be medically examined or interviewed, and will not be eligible to make a further attempt until two years have elapsed. Those who pass these tests and are medically fit, but fail the interview, may not make a further attempt for 12 months. No candidate may make more than three attempts.

25. Second-class rail or bus fares incurred in travelling in connection with these tests, from the candidate's normal place of residence in the United Kingdom will be paid by the Ministry of Defence if they exceed the sum of 5s. 0d. Accommodation and food will be provided free of charge to candidates whilst they are undergoing the selection procedure, but, subject to the proviso in paragraph 26 below, no other expenses, such as meals on journey or loss of wages, are allowed.

26. Candidates who have to travel long distances to reach the Interview Board and are obliged to pay for accommodation (or for a sleeping berth on a train or ship) may be refunded reasonable expenses on evening meal, bed and breakfast up to a maximum of 35s. for each night necessarily spent away from home. A claim for this refund must be supported by a receipted bill or voucher for each night's accommodation. Apart from this, expenses on accommodation and meals cannot be refunded.

Applications

27. Application must be made on the appropriate form which will be supplied on request by letter, addressed to the Officer Entry Section, Old Admiralty Building, Whitehall, London, S.W.1. The form must be completed in the applicant's own handwriting and returned to the above address, together with the documentary evidence of birth and educational qualifications.

28. Any candidate who has filled up and returned the application form but has not received an acknowledgement of it within 7 complete days should write at once to the Officer Entry Section, at the above address. Failure to do so will deprive the applicant of any claim to consideration on the grounds of loss or delay in the post. If candidates are accepted as eligible, there may be an interval of four to six weeks before they can be informed of the date they will be required to attend for selection tests.

Conditions of Entry and Service

29. Candidates should state their preference for Pilot, Observer or Helicopter Pilot and this will be taken into account in offering appointments. However, the acceptance of a candidate and his allocation to these duties will be at the sole discretion of the Ministry of Defence and subject to the number of vacancies available at the date of entry.

30. The Ministry of Defence reserve the right to terminate an appointment at any time if:—

(*a*) the Officer's standard of work is unsatisfactory or, under certain circumstances, he fails to perform the aviation duties for which he was entered;

(*b*) the Officer's conduct is unsatisfactory; or

(*c*) the qualities required of a Naval Officer are not being sufficiently developed.

31. Should an Officer be invalided, he will receive such award of retired pay and terminal grant, or gratuity, as is appropriate (subject to the normal provision that any such award is liable to be reduced or withheld if the disability was due to causes within the Officer's own control). Except as provided in paragraphs 3, 6, 9 and 10, an Officer who, for any other reason does not complete his full period of service on the Active List, will not be entitled to any award: but, in some circumstances, an award, either at the full rate or at a reduced rate to be decided by the Ministry of Defence, may be sanctioned, subject to

a minimum period of service of eighteen months, and possession of the flying badge, to an Officer:—

(*a*) Compulsorily transferred to the reserve, required to relinquish his commission or to resign; or

(*b*) Transferred to the reserve at his own request.

The rules under which Officers may be awarded gratuities are set out fully in this book under "Retired Pay and Gratuities": Section III for officers on permanent conditions, and Section V for Officers on Short Service conditions.

32. Terminal grants and gratuities are not payable to the estate of an Officer who dies or is killed while serving on the Active List. A special gratuity is, however, normally paid to the widow; or if there are children but no widow, this gratuity may be paid in part or in whole for the benefit of the children.

33. Where an Officer would have been eligible for an award of retired pay if he had been invalided at the date of death, his widow will normally be eligible also for a pension.

34. Separate gratuities and/or pensions are also payable under Ministry of Pensions' regulations to widows, etc., of Officers whose death is due to their service.

Duration of Course of Training

35. Naval Air Cadets will be given two terms General Naval and Air Training at the Britannia Royal Naval College, Dartmouth, lasting about seven months.

The syllabus includes 10 hours' flying experience in Tiger Moth aircraft. Cadets are graded in Categories from A to D according to the pilot ability which they show during this flying. Those who show a complete lack of pilot ability and are considered to have no chance at all of qualifying as pilots are graded as Category D. Supplementary List Air Cadets who are entered as Pilots or Helicopter Pilots, and who are graded as Category D, may, at the discretion of the Ministry of Defence, be withdrawn from training and their appointments terminated. However, these cadets may be considered for transfer to Observer or Seaman training if they are regarded as suitable and there are training vacancies available.

36. On satisfactory completion of General Naval and Air Training, Cadets will be promoted to Midshipman, or, if they have attained the age of 21, to the rank of Acting Sub-Lieutenant, provided they are recommended as suitable to hold these ranks.

37. Pilots and Helicopter Pilots will undergo flying training courses lasting about ten to eleven months, and on successful completion will be awarded the flying badge. This will be followed by operational flying training. Observers will undergo flying training courses lasting 9–12 months, and on successful completion will be awarded the flying badge.

Promotion

38. Officers serving as Midshipmen will be promoted to Acting Sub-Lieutenants after 1 year 4 months in the rank of Midshipman, or on attainment of the age of 19 years 6 months, whichever is the later, subject to satisfactory completion of basic and operational or applied flying training and to recommendation for promotion. Those Officers who reach the age of 21 before completing 1 year 4 months in the rank of Midshipman may be promoted to Acting Sub-Lieutenant at age 21, provided that they are recommended as suitable to hold this rank. Officers will be confirmed as Sub-Lieutenants after 21 months subject to completion of flying training and to recommendation. Total time to be served as Sub-Lieutenant (acting and confirmed) before promotion to Lieutenant will be from 1 year 8 months to 3 years according to time gained on results obtained during courses.

All Supplementary List Officers will be considered for promotion to Lieutenant-Commander or Commander in the same zones, i.e.:—

(*a*) To Lieutenant-Commander ..	8–12 years' seniority as a Lieutenant
(*b*) To Commander	8–11 years' seniority as a Lieutenant-Commander

Officers transferred to the General List will be subject to better promotion prospects to Commander and above. They will be promoted to Lieutenant-Commander on attaining 8 years' seniority.

General

39. The Ministry of Defence will provide the Cadets with all the articles of uniform and clothing required on entry. Apart from incidental expenses (e.g., laundry charges, the cost of maintenance while on leave, and the costs of travel to destinations outside the United Kingdom when proceeding on leave or returning from leave) no form of expenses will fall on the parent or guardian or Cadet.

40. On promotion to Midshipman, Acting Sub-Lieutenant, and on reaching "wings" standard, Officers are supplied with further free issues of clothing and/or a cash grant to buy additional items of uniform. Cash grants in respect of Officers under 21 years of age may be paid direct to the parent or guardian if application is made before the Officer is promoted.

41. Officers whose appointments are terminated compulsorily before they have completed two years' service will be required, at the discretion of the Admiralty Board, to return their principal items of free issue uniform, charges being raised against their pay for any specified article not returned.

42. Officers who withdraw from training voluntarily will be required, at the discretion of the Admiralty Board, to refund the value of the outfits and cash grants issued to them on entry as a Cadet and on promotion to Midshipman and Acting Sub-Lieutenant on the following scale, calculated in each case from the time of each individual free issue or cash grant:—

Under 1 year	In full
After 1 year but under 2 years ..	Two thirds
After 2 years but under 3 years ..	One third
After 3 years	Nil

Thus a Midshipman withdrawing in his second year after entry will be required to repay the whole of the value of the outfit and grant given to him on promotion to Midshipman plus two-thirds of the value of the outfit issued to him on entry as a Cadet.

43. The Cadet will be entitled without charge to medical and dental treatment while under training; and, when on leave, may consult the local Admiralty Surgeon and Agent, if necessary. The repayment of expenses incurred through consulting a medical practitioner will be considered by the Ministry of Defence should an Admiralty Surgeon and Agent not be available, or for other exceptional reasons.

44. Letters concerning Cadets should be addressed to the Commanding Officer of the Establishment or Ship in which he is training, and not to the Captain by name.

45. Parents or guardians of Cadets should inform the Ministry of Defence (Naval Personnel, Division I), and the Commanding Officer of the Ship of any permanent change of address.

APPENDIX

PHYSICAL REQUIREMENTS FOR CANDIDATES FOR AIRCREW DUTIES IN THE ROYAL NAVY AS PILOT, OBSERVER OR HELICOPTER PILOT

The standard of physical fitness required and particulars of defects which cause rejection are as shown in Appendix II under the Royal Naval Scholarship Scheme.

RATING CANDIDATES FOR AIRCREW DUTIES ON THE SUPPLEMENTARY LIST

Naval Ratings and R.M. Other Ranks who are within the prescribed age limits and have the necessary qualifications may apply for aircrew duties (including those of Helicopter Pilot) under the terms of the foregoing entry regulations.

2. It is the responsibility of Divisional Officers to inform likely candidates of their eligibility, and to encourage them to obtain any qualifications which they lack in good time to undergo selection procedure and start commissioned service before their 26th birthday.

3. Naval Ratings and R.M. Other Ranks appointed as Naval Air Cadets may remain on their existing rate of pay, plus 4s. a day, so long as this is to their advantage.

Recommendation

4. Ratings and Other Ranks who consider they have a good chance of selection should apply to their Commanding Officers, who, if the applicant can be recommended, should forward his name to the Ministry of Defence (Naval Personnel Division I), together with completed C.W. Form 1 and C.W. Form 1a (copy to D.O.P.A.R. for Royal Marines).

5. The medical examination for aircrew is of very high standard, and the flying aptitude assessment and Selection Board will severely test the potentialities of those who apply. It is important that applicants' names should not be forwarded to the Ministry unless Commanding Officers are able to recommend the applicants as showing genuine promise of making satisfactory officers. Applicants serving abroad should not be recommended unless they have, as far as is practicable with local resources, been passed medically fit for flying duties.

Applications

6. Application forms and copies of regulations will be sent through the usual channels to recommended candidates, who, in returning completed application forms, should state their preference for Pilot, Observer or Helicopter Pilot. As with civilian candidates, these preferences will be taken into account; however, the acceptance of a candidate, and his allocation to aircrew duties, will be at the discretion of the Ministry of Defence and subject to the number of vacancies available.

7. Application forms completed by ratings and other ranks require:

(*a*) Evidence of date of birth. A formal birth certificate need not be forwarded with the application provided the date of birth inserted by the rating or other rank on the formal application is endorsed "verified" by the ship's officer or unit officer concerned.

(*b*) Evidence of educational standard. Certificates showing that the candidate has obtained one of the educational qualifications prescribed in the entry regulations are to be forwarded to the

Digitized by Google

Ministry of Defence with the application form. They will be returned as soon as possible.

(*c*) Evidence of parental consent to undergo flying training. This is required only in those cases where the applicant is under 21 years of age. It should be in the following terms, but need not appear on the actual form of application provided it is forwarded to the Ministry of Defence with the application:—

"I hereby give my consent to my son/ward undergoing flying training in the event of his being accepted for a Supplementary List Commission in the Royal Navy for flying duties."

The collection of this evidence and, in the case of minors, of the parental consent, will take time, especially when ratings or other ranks are serving outside the United Kingdom. Applicants should be advised to save time and help themselves by collecting the various documents in advance so as to be in a position, when application forms are issued, to complete and return the form as quickly as possible.

Selection Procedure—Drafting of Candidates for Selection Tests and Interview

8. Candidates whose applications are accepted by the Ministry of Defence will undergo the selection procedure as described in paragraphs 23 and 24 of the foregoing entry regulations.

9. The dates when candidates will be required at the R.A.F. Station, Biggin Hill, and at Gosport, will be communicated by the Ministry of Defence to the authorities concerned.

10. In cases of candidates serving abroad, as much notice will be given as possible in order that arrangements may be made for them to be drafted to their depots or R.M. Barracks in time to undergo selection tests. Commodores of the respective depots or Commanding Officers of R.M. Barracks are requested to inform the Ministry of Defence by signal immediately such candidates arrive in order that instructions may be issued for them.

11. The special attention of all authorities is drawn to the following points:—

(*a*) Railway Warrants: Candates going to flying aptitude tests should be issued with single railway warrants to cover their journey from the originating ship or establishment to Biggin Hill; all other warrants necessary will be issued by the Ministry of Defence. Candidates not attending flying aptitude tests, who are required to undergo the remainder of the selection procedure, must be issued with railway warrants covering their journey to Portsmouth Harbour and their return journey to their originating ship or establishment.

(*b*) Service Documents: Service certificates with enclosures are to accompany the men when they go to Gosport. Form S.264, prepared specifically for the candidate's appearance before the Interview Board, completed to the date of leaving the ship or establishment and countersigned by the Commanding Officer, should accompany each Service candidate.

12. Candidates who fail to pass flying aptitude tests or medical examination will return to their present duties, or to depot or R.M. barracks if from abroad.

13. Candidates who complete the full selection procedure will return to their present duties, or to depot or R.M. barracks if from abroad, to await results.

14. Ex-ratings and R.M. Other Ranks who fail during flying training may, if they wish, return to their former rating branch in lieu of release from the Service, but they cannot subsequently be considered again for a Supplementary List Aircrew commission.

FORMER COMMISSIONED SERVICE OF CANDIDATES ENTERED AS SUPPLEMENTARY LIST AIRCREW

Rank and seniority may be allowed for previous commissioned service as shown below.

(*a*) *Ex-R.A.F. Aircrew Officers (fully trained)*

Officers aged 21 or over who have completed P Courses will not normally be required to undergo General Naval and Air Training on entering the Royal Navy.

ROYAL NAVAL FLYING SCHOLARSHIP SCHEME

The aim of the Royal Naval Flying Scholarship scheme is to foster interest in Naval Aviation and a career in the Fleet Air Arm. Recipients of awards under this scheme, however, are under no obligation to join the Royal Navy.

This scheme provides a course of flying training on light aircraft for selected members of the combined Cadet Force (R.N. and Army Sections only), the Sea Cadet Corps and Ministry of Defence (Navy) approved Sea Scout Troups. Training is given at selected Civilian Flying Clubs and cadets who complete the course satisfactorily qualify for the Ministry of Aviation's Private Pilot's Licence.

Candidates for Flying Scholarships will be assessed for pilot aptitude and personal qualities and will be medically examined. All applicants who pass these tests are then considered to be in the zone for the award of a R.N. Flying Scholarship. The final selection of candidates, and the actual award of the 100 Flying Scholarships available annually are made by Admiral Commanding Reserves.

Full details and application forms are obtainable from:—Admiral Commanding Reserves and Director General of Naval Recruiting (R.N. Flying Scholarships), Ministry of Defence, Old Admiralty Building, Whitehall, London, S.W.1.

REGULATIONS FOR THE ENTRY OF OFFICERS IN THE ENGINEERING (MECHANICAL AND ELECTRICAL) SPECIALISATION ON THE SUPPLEMENTARY LIST OF THE ROYAL NAVY—QUALIFIED ENTRY

Under this scheme of entry into the Royal Navy, appointments are in the first instance either for five years on the Active List, followed by four years on the Emergency List, or for 16 years on a pensionable commission (subject to age) after which officers will be placed on the Retired List. The five year commission may, with Ministry of Defence approval, be extended to 10 years and short service commissions may be converted to 16 year pensionable commissions (subject to age). Whilst on the Emergency List officers will be liable for service only in war or emergency.

2. For Electrical Engineer Officers, entry is normally twice a year, in January and September. The first entry of Mechanical Engineer Officers will be made in September 1965.

Educational Qualifications

3. Candidates for Electrical Engineer appointments must hold a degree, or degree equivalent, in electrical engineering, be Graduate Members of the Institution of Electrical Engineers or of the British Institution of Radio Engineers.

4. Candidates for Mechanical Engineer appointments must hold either a degree or degree equivalent in Mechanical Engineering (or in science with suitable engineering subjects), or be Graduate Members of the Institution of Mechanical Engineers. Applications may be made in anticipation of these qualifications being obtained.

Rank on Entry

5. Successful candidates will be awarded credits of seniority on entry according to the following scale.

For a 1st or 2nd Class Honours Degree in Electrical or Mechanical Engineering (or in Science with suitable engineering subjects) from any British University or any other University at the Ministry of Defence's discretion. Diplomas in Technology will rank as Honours Degrees	12 months
For any other Honours Degree ..	6 months
For a pass Degree	3 months
For a Graduate or Associate Membership of the Institution of Electrical Engineers or of the Institution of Mechanical Engineers.	3 months
For Graduate or Associate Membership of the Institution of Electronic and Radio Engineers (where election as a Graduate was in November 1963 and later)	3 months
For previous professional experience, after age 21, which, in the opinion of the Ministry of Defence, would be beneficial to the Royal Navy. Previous commissioned service would be included in this assessment ..	up to 7 years

A total of eight years is thus the maximum that can be awarded for qualifications and experience. Rank on entry will normally be Electrical or Engineer Sub-Lieutenant, in which rank officers serve for 18 months before promotion to Electrical or Engineer Lieutenant. Any credits awarded on entry have the effect of back-dating seniority so that, for example, an entrant with two years credits enters as an Electrical or Engineer Lieutenant with six months seniority at the date of entry.

Training

6. Successful candidates will be entered in the rank of Electrical or Engineer Sub-Lieutenant or Electrical or Engineer Lieutenant and will undergo courses lasting approximately a year, mostly at R.N. Engineering Schools. Any officer failing to reach a satisfactory standard during training may be discharged at Ministry of Defence discretion, or given a further period of instruction. Promotion while under training is at the discretion of the Ministry of Defence and is subject to recommendation of Commanding Officers.

7. 16-year pensionable commissions may be granted at the outset to candidates under 34. They may also be granted after 2½ years service to officers serving on short service commissions provided that they can complete 16 years' reckonable service (i.e. from age 21) for the award of retired pay, and can serve at least 10 more years on the Active List before reaching the age of 50.

Permanent Commissions

8. Full-time Permanent Commissions on the Supplementary List will be available to suitable officers. Application may be made at any time after completeing 2½ years' service on the Supplementary List. Opportunities may occur from time to time for the transfer of outstanding Officers from the Supplementary List to the General List for service to normal retiring ages.

Reserved Place Scheme

9. Suitably qualified candidates who do not wish to commit themselves to a permanent commission before experience of service life may be offered the option of entry initially to the Supplementary List with a place reserved on the General List for about 2 years to allow transfer to a permanent commission if desired.

Age Limits

10. Applicants must be at least 21 years but must not have attained their 40th birthday by the date of entry. Applicants will be required to forward to the Ministry of Defence, with their applications, an extract from the register of birth, or, if this cannot be obtained, other documentary evidence accompanied by a statutory declaration made by a parent or guardian before a magistrate giving the exact date of his birth. Certificates of registry of birth or of baptism are not in themselves accepted as evidence of the date of birth.

Nationality

11. Applicants must be British subjects and the sons of persons who are British subjects at the time of the applicant's entry. The burden of proof of the nationality of the applicants will rest upon the candidates who, if they are in doubt, should seek the opinion of the Ministry of Defence at the earliest opportunity.

Digitized by Google

12. Applicants who possess a foreign as well as British nationality may be ineligible for entry into the commissioned ranks of the Royal Navy. Such candidates are therefore advised to seek an early decision from the Ministry of Defence as to their eligibility.

Selection Procedure

13. Candidates will be required to appear before a Selection Board, and a naval medical board. Second class rail or bus fares incurred in travelling in connection with these tests, from the candidate's normal place of residence in the United Kingdom, will be paid by the Ministry of Defence if they exceed the sum of 5s. 0d. Accommodation and food will be provided free of charge to candidates whilst they are undergoing the selection procedure, but subject to the proviso in paragraph 14 below, no other expenses, such as meals on the journey or loss of wages, are allowed.

14. Candidates who have to travel long distances to reach the Selection Board and are obliged to pay for accommodation (or for a sleeping berth on a train or ship) may be refunded reasonable expenses on evening meal, bed and breakfast up to a maximum of 35s. for each night necessarily spent away from home. A claim for this refund must be supported by a receipted bill or voucher for each night's accommodation. Apart from this expenses on accommodation and meals cannot be refunded.

TRAINING AND PROMOTION

20. Candidates will normally enter as Cadets irrespective of age, and will be given one term of General Naval Training at the Britannia Royal Naval College, Dartmouth, lasting about four months. At the end of this period they will proceed to technical training lasting approximately two years four months at the Royal Naval College, Greenwich. This training will consist of a course mainly in electronics, to enable officers to pass the Institution of Electronic and Radio Engineers graduate examinations. On successful completion of the Greenwich course the final year of training will be devoted to application training, that is, to acquiring knowledge of naval equipments. This will take place at the Royal Naval Engineering College, Manadon and other Naval Training Establishments in the Portsmouth area.

21. Subject to satisfactory progress officers will normally be promoted as follows:—

(*a*) *From Cadet to Midshipman or Acting Electrical Sub-Lieutenant*

At the end of the first term training (at Dartmouth) Cadets will be promoted to Midshipman, or to Acting Electrical Sub-Lieutenant if they have attained the age of 21.

(*b*) *From Midshipman to Acting Electrical Sub-Lieutenant.*

After 16 months as Midshipman, or on attaining the age of 19 years 6 months, whichever is the later.

Officers who reach the age of 21 before completing 16 months in the rank of Midshipman may be promoted to Acting Electrical Sub-Lieutenant at age 21, provided that they are recommended.

(*c*) *From Acting Electrical Sub-Lieutenant to confirmed Electrical Sub-Lieutenant*

(1) Officers who are promoted to Acting Electrical Sub-Lieutenant at the end of their first term of training at Dartmouth will be confirmed as Sub-Lieutenant on satisfactory completion of training at Greenwich.

(2) Other Officers will be confirmed after 2 months as Acting Electrical Sub-Lieutenant, or on finally completing application training if that is earlier.

22. Total time to serve as Electrical Sub-Lieutenant (acting and confirmed) before promotion to Electrical Lieutenant will be three years four months. At this point antedates of seniority will be applied according to time gained on results obtained during courses, up to a maximum of one year four months.

23. Officers will be considered for further promotion while serving in the following zones:—

(*a*) To Electrical Lieutenant-Commander
8–12 years' seniority as a Lieutenant

(*b*) To Electrical Commander
8–11 years' seniority as a Lieutenant-Commander.

PROBATIONARY PERIOD

24. It must be clearly understood that the whole period of training is one of probation, and the Ministry of Defence reserve the right to require the withdrawal of a Cadet, Midshipman or Electrical Sub-Lieutenant at any time if:—

(*a*) he fails to reach a satisfactory standard in training;

(*b*) his conduct is unsatisfactory; or

(*c*) he does not display the qualities required of a Naval Officer.

GENERAL

25 The Ministry of Defence will provide Cadets with all the articles of uniform and clothing required on entry. Apart from incidental expenses (e.g. laundry charges, the cost of maintenance whilst on leave, and the cost of travel to destinations outside the United Kingdom when proceeding on or returning from leave) no form of expenses will fall on the parent or guardian or Cadet.

26. On promotion to Midshipman and Acting Sub-Lieutenant officers are supplied with further free issues of clothing and given a cash grant to buy additional items of uniform. Cash grants in respect of officers under 21 years of age may be paid direct to the parent, or guardian, if application is made before the officer is promoted.

27. Officers whose appointments are terminated compulsorily before they have completed two years' service will be required, at the discretion of the Admiralty Board, to return their principal items of free issue uniform, charges being raised against them to pay for any specified article not returned.

Digitized by Google

28. Officers who withdraw from training voluntarily will be required, at the discretion of the Admiralty Board, to refund the value of the outfits and cash grants issued to them on entry as a Cadet and on promotion to Midshipman and Acting Sub-Lieutenant on the following scale, calculated in each case from the time of each individual free issue or cash grant:—

Under 1 year	In full
After 1 year but under 2 years ..	Two thirds
After 2 years but under 3 years ..	One third
After 3 years	Nil

Thus a Midshipman withdrawing in his second year after entry will be required to repay the whole of the value of the outfit and grant given to him on promotion to Midshipman plus two thirds of the value of the outfit issued to him on entry as a Cadet.

29. The officer will be entitled without charge to medical and dental treatment while under training; and, when on leave, may consult the local Admiralty Surgeon and Agent, if necessary. The repayment of expenses incurred through consulting a civil medical practitioner will be considered by the Ministry of Defence should an Admiralty Surgeon and Agent not be available, or for other exceptional reasons.

RATING AND OTHER SERVICE CANDIDATES

30. Entry to the Electrical Specialisation of the Supplementary List under the foregoing conditions is open to suitably qualified Naval Ratings and R.M. Other Ranks; to suitably qualified Upper Yardmen who fail to reach the academic standard required for the General List; and to Supplementary List aircrew with the required qualifications who fail during flying training.

31. Selection procedure for Service candidates other than Upper Yardmen will be the same as for civilian candidates. The procedure for dealing with applications from Naval Rating and R.M. Other Ranks will be similar to that laid down in this book for rating and R.M. candidates for Supplementary List aircrew commissions.

32. A candidate serving abroad should not be recommended unless he has, as far as is practicable with local resources, been passed medically fit for duty as an Electrical Officer.

33. On appointment to a commission, Naval Ratings and R.M. Other Ranks will remain on their existing rates of pay, plus 4s. a day, so long as this is to their advantage. Those who fail during training may, if they wish, return to their former rating branch in lieu of release from the Service, but they cannot subsequently be considered again for a commission in the Electrical Specialisation on the Supplementary List.

REGULATIONS FOR THE ENTRY OF OFFICERS FOR SEAMAN DUTIES ON THE SUPPLEMENTARY LIST OF THE ROYAL NAVY

1. Under this scheme of entry into the Royal Navy, appointments are, in the first instance, for 10 years on the Active List, followed by 4 years on the Reserve: but Officers have the option of leaving on completion of 5 years' service, with a reduced gratuity, followed by 4 years on the Reserve. Whilst on the Reserve, Officers will only be liable for service in war or emergency. Officers who wish to terminate their service at the five-year breakpoint will be required to give nine months' notice in writing that they wish to exercise this option.

2. Entries will normally be made three times a year, in January, May and September.

3. Successful candidates will be entered as Cadets and will undergo 12 months' initial training at Dartmouth and at sea. On successful completion of this they will be appointed Midshipman for 12 months' further sea training. Applicants who have had former service should indicate it when applying so that adjustments may be made to training, and in certain cases to seniority if considered appropriate.

4. R.N.R. Officers will, in general, start at Dartmouth on equal terms with candidates who have no previous commissioned service. However, if they are over 21, are on List 1, and have completed P. Courses, they may, according to the advice of the Admiral Commanding Reserves, be excused training at Dartmouth. They will then undergo a special course of training lasting about 23 weeks, or even be allowed to join the Fleet with no further training. While under training, these Officers will be Acting Sub-Lieutenants, and Sub-Lieutenants on joining the Fleet.

5. Permanent Commissions on the Supplementary List are available for a proportion of Officers completing 9 years of a 10-year Supplementary List Commission, with prospects of promotion to the rank of Commander. There are opportunities for the best seaman officers to transfer to Permanent Commissions on the General List, and such transfers are mainly effected from within the six to nine-year zone of service. However, for those officers who show outstanding promise during training, there are opportunities for one to transfer each year whilst within the zone of two to three years' service on the Supplementary List.

6. On leaving the Active List on satisfactory completion of 10 years' service, officers will be eligible for a tax-free gratuity of £1,800; officers who leave on satisfactory completion of 5 years' service will be eligible for a tax-free gratuity of £900. Officers who are selected for a Permanent Commission will not be eligible for these gratuities, but will be eligible for retired pay or gratuity under the regulations in force for permanent officers, and will be allowed to count their full service on this commission towards retired pay or gratuity subject to the operation of the general rules governing service for such awards.

7. The rates of pay and marriage allowance are shown under the heading "Pay and Allowances of Officers."

II. AGE LIMITS

8. Applicants must have attained the age of 17 years but must not have attained the age of 23 years on the first day of the month on which they are appointed.

9. Applicants will be required to forward with their applications, an extract from the register of birth; or, if this cannot be obtained, other documentary evidence accompanied by a statutory declaration made by a parent or guardian before a magistrate giving the exact date of his birth. Certificates of registry of birth or of baptism are not in themselves accepted as evidence of the date of birth.

III. NATIONALITY

10. Applicants must be British subjects and the sons of persons who are British subjects at the time of the applicant's entry. The burden of proof of the nationality of the applicants will rest upon the applicants or, in the case of those under 21 years of age, on their parents or guardians who if they are in doubt, should seek the opinion of the Ministry of Defence at the earliest opportunity.

11. Applicants who possess a foreign as well as British nationality may be ineligible for entry into the commissioned ranks of the Royal Navy. Such candidates, or their parents or guardians, are therefore advised to seek an early decision from the Minister of Defence as to their eligibility.

IV. PHYSICAL STANDARD

12. Candidates will be required, irrespective of whether they have been passed fit in connection with a previous examination, to present themselves for medical examination and must be found physically fit for Seaman duties in the Royal Navy. A candidate will not be entered unless he has been vaccinated within the past three years and is prepared to be re-vaccinated when considered necessary by the naval authorities.

13. Details of physical requirements for candidates are contained in the Appendix.

V. EDUCATIONAL QUALIFICATIONS

14. All candidates must forward with their applications evidence that they possess one of the following educational qualifications:—

(*a*) Passes in English Language, Mathematics, and three other subjects
either (1) at Ordinary level in the General Certificate of Education
or (2) at Lower grade in the Scottish Leaving Certificate (before February 1962)
or (3) at Ordinary grade in the Scottish Certificate of Education (from February 1962)
or (4) at Ordinary level in the Grammar School Senior Certificate of Northern Ireland (1952 and after).
or (5) at Ordinary level in the General Certificate of Education of Northern Ireland (1963 and after).

(*b*) An Overseas School Certificate issued by the University of Cambridge Local Examination Syndicate (or the equivalent) showing credit passes in English, Mathematics and three other subjects.

(*c*) Educational qualifications which in the opinion of the Admiralty are of equivalent or higher standard than (*a*) (1) above.

15. The subjects which may be offered in addition to the required passes in English Language and Mathematics can be any of the subjects which normally have a place in school curricula and are recognised by the G.C.E. examining boards, except as follows:—

(*a*) Where G.C.E. or equivalent certificates are held in subjects which overlap significantly in content (e.g. Physics and Physics-with Chemistry), only one of the overlapping subjects may count towards the qualifying standard.

(*b*) For the following groups of subjects, normally only one subject may count from its particular group:
(1) Art, Music.
(2) Commercial Subjects.
(3) Technical Subjects.
(4) Additional Mathematics, Applied Mathematics, Mechanics.
(5) Biology, Botany, Zoology, Geology.

With regard to both (*a*) and (*b*) above, cases of doubt should be referred to the Ministry of Defence.

16. If a candidate has passed one of the above examinations but has not yet received the actual certificate, a certified statement from the examining body (not the Headmaster) that he has been successful and has obtained passes in the required subjects will be accepted.

VI. MEDICAL EXAMINATION AND PERSONAL INTERVIEW

17. Applicants who satisfy the educational requirements and are accepted as candidates will be required to undergo a medical examination and an interview.

18. Second-class rail or bus fares incurred in travelling in connection with these tests, from the candidate's normal place of residence in the United Kingdom, will be paid by the Ministry of Defence if they exceed the sum of 5s. 0d. Accommodation and food will be provided free of charge to candidates whilst they are undergoing the selection procedure, but subject to the proviso in paragraph 19 below, no other expenses, such as meals on journey or loss of wages are allowed.

19. Candidates who have to travel long distances to reach the Interview Board and are obliged to pay for accommodation (or for a sleeping berth on a train or ship) may be refunded reasonable expenses on evening meal, bed and breakfast up to a maximum of 35s. 0d. for each night necessarily spent away from home. A claim for this refund must be supported by a receipted bill or voucher for each night's accommodation. Apart from this, expenses on accommodation and meals cannot be refunded.

VII. APPLICATIONS

20. Application must be made on the appropriate form, which will be supplied on request by letter, addressed to the Officer Entry Section, Old Admiralty Building, Whitehall, London, S.W.1. The form must be completed in the applicant's own handwriting and completed in the applicant's own handwriting and returned to the above address, together with the documentary evidence of birth and educational qualifications.

21. Any candidate who has filled up and returned the application form but has not received an acknowledgment of it within four complete days should write at once to the Officer Entry Section at the above address. Failure to do so will deprive the candidate of any claim to consideration on the grounds of loss or delay in the post.

22. Candidates who pass the medical examination but who fail the interview are allowed three attempts at entry under this scheme, provided they are still within the age limits. Twelve months must, however, elapse between each interview.

VIII. CONDITIONS OF ENTRY AND SERVICE

23. The acceptance of a candidate will be at the sole discretion of the Ministry of Defence and subject to the number of vacancies available at the date of entry.

24. In the main, officers will be employed on general seaman duties in all classes of ships. Some will have the opportunity to sub-specialise in submarines, aircraft direction, clearance diving or hydrography.

25. The Ministry of Defence reserve the right to terminate an appointment at any time if, in their opinion:—

(*a*) the qualities required of a Naval Officer are not being sufficiently developed; or

(*b*) the officer's conduct is unsatisfactory.

26. Should an Officer be invalided, he will receive such award of retired pay and terminal grant or gratuity as is appropriate (subject to the normal provision that any such award is liable to be reduced or withheld if the disability was due to causes within the Officer's own control). An Officer who for any other reason does not complete his full period of service on the Active List will not be entitled to any award: but an award, either at the full rate or at a reduced rate to be decided by the Ministry of Defence, may be sanctioned, subject to a minimum period of service of one year in the following circumstances:—

(*a*) For an Officer compulsorily transferred to the reserve, required to relinquish his commission or to resign.

(*b*) For an Officer transferred to the reserve at his own request.

27. Terminal grants and gratuities are not payable to the estate of an officer who dies or is killed while serving on the Active List. A special gratuity is,

Digitized by Google

however, normally paid to the widow; or if there are children but no widow, this gratuity may be paid in part or in whole for the benefit of the children.

28. Pensions are also payable under regulations administered by the Ministry of Pensions and National Insurance to the widows, etc. of officers whose death is due to their service.

IX. PROMOTION

29. Officers will normally be promoted in accordance with the following arrangements:—

(*a*) To Midshipman—on successful completion of 12 months' basic training as a cadet.

(*b*) To Sub-Lieutenant—on completing 12 months as a Midshipman.

(*c*) To Lieutenant on satisfactory completion of between 24 and 32 months service as a Sub-Lieutenant (or as a Midshipman after the age of 21) after allowing time gained during training; promotion will be conditional on possession of a Watchkeeping Certificate, but acting rank will be allowed at the due time if an officer has failed to attain this qualification through no fault of his own.

(*d*) All Supplementary List Officers will be considered for promotion to Lieutenant-Commander or Commander in the same zones, i.e.—

(1) To Lieutenant-Commander
8–12 years' seniority as a Lieutenant.

(2) To Commander
8–11 years' seniority as a Lieutenant-Commander.

Officers transferred to the General List will be subject to better promotion prospects to Commander and above. They will be promoted to Lieutenant-Commander on attaining 8 years' seniority.

X. GENERAL

30. The Ministry of Defence will provide the Cadets with all the articles of uniform and clothing required on entry. Apart from incidental expenses (e.g. laundry charges, the cost of maintenance whilst on leave, and the costs of travel to destinations outside the United Kingdom when proceeding on leave or returning from leave) no form of expenses will fall on the parent or guardian or Cadet.

31. On promotion to Midshipman and Sub-Lieutenant, officers are supplied with further free issues of clothing and are given cash grants to purchase additional items of uniform. Cash grants in respect of officers under 21 years of age may be paid direct to a parent or guardian if application is made before the officer is promoted.

32. Officers whose appointments are terminated compulsorily before they have completed two years service will be required, at the discretion of the Admiralty Board, to return their principal items of free issue uniform, charges being raised against their pay for any specified article not returned.

33. Officers who withdraw from training voluntarily will be required, at the discretion of the Admiralty Board, to refund the value of the outfits and cash grants issued to them on entry as a Cadet and on promotion to Midshipman and Sub-Lieutenant on the following scale, calculated in each case from the time of each individual free issue or cash grant:—

Under 1 year	In full
After 1 year but under 2 years ..	Two thirds
After 2 years but under 3 years ..	One third
After 3 years	Nil

Thus a Midshipman withdrawing in his second year after entry will be required to repay the whole of the value of the outfit and grant given to him on promotion to Midshipman plus two thirds of the value of the outfit issued to him on entry as a Cadet.

34. Letters concerning Cadets should be addressed to the Commanding Officer of the establishment or ship in which he is training, and not to the Captain by name.

35. Parents or guardians of Cadets must in all cases of a permanent change of address, inform the Ministry of Defence (Naval Personnel Division I), and the Commanding Officer of the Ship.

TYPES OF COMMISSION

I. *Short Service Commissions*

7. For the majority of candidates, entry is in the first instance on a 5-Year Short Service Commission. This is the normal method of entry to the Instructor Branch, and to the longer term pensionable commissions described in paragraphs 10 to 13 below.

8. Instructor Officers serving on 5-Year Short Service Commissions have the option to leave the Navy after completing 3 years' service. Officers who wish to exercise this option should state their intention after 2 years, but before completing 2 years 6 months service.

9. Officers who do not wish to transfer to the longer term commissions referred to above, or who are not selected for such transfer, may apply to extend their 5-Year Short Service Commissions by a further 5 years. An officer may apply at any time after 3 years' service, but not less than 6 months before his commission is due to complete.

II. 16-*Year Pensionable Commissions*

10. After serving 2 years of a 5-Year Short Service Commission, officers (both graduate and non-graduate) may apply to transfer to a 16-Year Pensionable Commission. Application should be made in accordance with paragraphs 15–21 below.

III. *Permanent Commissions*

11. The Permanent List of the Branch will be composed entirely of graduates, who may have entered initially either on Direct Permanent Commissions or on Short Service Commissions. The compulsory retiring ages for Permanent List Officers are:—

Instructor Lieutenant-Commander		48 years
Instructor Commander	.. ..	52 „
Instructor Captain	.. ..	55 „

Direct Entrants

12. A few well-qualified good honours graduates will enter each year on Direct Permanent Commissions. Their first year of service will be probationary.

Serving Officers

13. The majority of Permanent Commissions will be granted to officers selected from those serving on 5-Year Short Service Commissions. Applications to transfer may be made at any time between 2 and 5 years' service as in paragraphs 15–21 below.

14. A very limited number of Permanent Commissions will be granted to officers who have completed 10 years of a 16-Year Pensionable Commission. Applications to transfer should be made after 9 years' service.

Eligibility for 16-Year Pensionable Commissions and Permanent Commissions

15. In order to qualify for either type of pensionable commission, an officer must:—

(*a*) be able to complete at least 16 years' service reckonable for retired pay purposes, before the age of 48; and

(*b*) have at least 10 years of his commission to run from the date of transfer.

Forwarding of Applications to Ministry of Defence

16. Officers applying to transfer to longer term commissions should state whether they wish to be considered for a 16-Year Pensionable Commission or for a Permanent Commission, giving an order of preference if they are eligible to be considered for both. Officers transferred are not permitted to count for seniority purposes any service which they may have given before the age of 21.

17. Applications must be submitted through normal service channels and should be made by 15th January and 15th August for consideration in March and October respectively.

18. An officer who has not completed his minimum period of qualifying service by the final date for making application in either half-yearly period may submit his application provided that he will have completed the minimum period by 15th March in the case of January applications, or 15th October in the case of August applications.

Similar arrangements will be made with the Scottish Education Department and the Ministry of Education for Northern Ireland.

QUALIFICATIONS

Candidates who have to travel long distances to reach the Ministry of Defence for interview and are obliged to pay for accommodation (or for a sleeping berth on a train or ship) may be refunded reasonable expenses on evening meal, bed and breakfast up to a maximum of 35s. for each night necessarily spent away from home. A claim for this refund must be supported by a receipted bill or voucher for each night's accommodation. Apart from this, expenses on accommodation and meals cannot be refunded.

An alternating concomitant squint with small deviation (not abnormal cosmetically) is permitted, but vision must be capable of correction to 6/24 in the worse eye.

If binocular vision is present, heterophoria (Maddox rod at 6 metres) must not exceed:—

Candidates who are accepted with a distant visual acuity of less than 6/60: 6/60 and whose vision does not correct up to 6/12 or better in either eye are to have this fact noted in their Medical history documents and are to be examined by a Naval Ophthalmic Specialist should they later apply for a Permanent Commission.

The candidate's teeth must be in a healthy condition and adequate for the efficient mastication of food. Any defects must be remedied prior to entry. The wearing of artificial dentures, provided they are well-fitting, will not necessarily disqualify a candidate who is fit and suitable in every other respect.

Nationality

Candidates must be British subjects and the sons of persons who are British subjects at the time of the candidate's entry. The burden of proof will rest upon the candidates who, if they are in doubt, should seek the opinion of the Ministry of Defence at the earliest opportunity. Candidates who possess a foreign, as well as British nationality may, in certain cases, be regarded as ineligible for entry as Medical Officers. Prospective candidates possessing dual nationality are therefore advised to seek an early decision from the Ministry of Defence as to their eligibility for entry.

Pay and Allowances

2. The pay, allowances, retired pay, etc., of Medical Officers are contained in the appropriate sections of this Appendix.

3. In certain circumstances widows are eligible for pensions with allowances for children as provided in the appropriate sections of this Appendix.

Uniform

4. Prior to joining, Officers will be required to provide themselves with a minimum of uniform, details of which will be supplied. A cash grant towards the provision of the necessary outfit of uniform is payable in addition to a free issue of certain articles of clothing, subject to conditions of refund in the event of an Officer failing to serve for certain prescribed periods from date of entry. Grants on this scale are not payable to Officers who have already received gratuities in respect of previous periods of Naval service as Officers. Such Officers may receive modified grants which will depend upon the length of break in service.

5. Officers will be allowed the ordinary ship's rations when attached to ships in commission, but will have to pay about 2s. a day towards the maintenance of their Mess as Ward Room Officers.

Conditions of Service

(*b*) Those granted less than 5 years' ante-date of seniority will be promoted to Surgeon Lieutenant-Commander when the period of the ante-date added to their current service amounts to 5 years.

(*c*) Those granted an ante-date of 5 years or more will be appointed as Surgeon Lieutenant-Commander on entry.

(*d*) Tax-free gratuities of the following amounts may be awarded to officers entered on or after 1st May 1961 for Short Service Commissions of 3 or 5 years, on satisfactory completion of their engagements:—

3 years £1,500
5 years £3,000

7. Under the Regulations, Officers are required periodically and on cessation of medical charge to render a Journal of their practice, and certain other returns. Failure to comply with these Regulations on termination of the engagement may involve delay in payment of the above gratuities.

8. Officers must serve when and where required.

9. Officers are liable to immediate discharge for misconduct or if they are for any reason considered to be unsuitable for retention.

10. A course of instruction on Naval Regulations and Procedure, Tropical Diseases, Naval Hygiene, etc., is given to each Short Service Officer on entry.

11. Surgeon Lieutenants are to report through their Commanding Officer not later than 6 months before their Short Service is due to expire, whether they desire to be considered for transfer to the permanent list.

Transfer to the Permanent List

12. Officers are transferred to the permanent list at the discretion of the Defence Council or Admiralty Board. In determining the number to be transferred consideration will be given by the Defence Council or Admiralty Board to the number of higher appointments available from time to time for Officers on the permanent list.

13. A Permanent Commission Grant will be paid to Medical Officers whose transfer to a Permanent Commission is approved, as follows:—

Medical Officers .. .. £1,500 (taxable)

(*a*) Payment of these Permanent Commission Grants will be made after the completion of 1 year's satisfactory commissioned service in the Medical Branch of the Royal Navy. If this has been performed before transfer to a Permanent Commission, payment of the grant will be made on the Permanent Commission being granted. The acceptance of a Permanent Commission implies an undertaking to serve until the normal retiring age. If, however, an Officer applies to resign or retire before the completion of his service and Service requirements allow him to be released, the Ministry of Defence reserve the right to require a refund of the whole or part of the Permanent Commission Grant.

(*b*) Officers who transfer from a Short Service List to the Permanent List will not be entitled to a gratuity in respect of the completed portion of their Short Service Commission in addition to the Permanent Commission Grant. Any Officer who has completed his Short Service Commission and received a Short Service gratuity, and is granted a Permanent Commission in the Medical Branch of the Royal Navy, will have deducted from his Permanent Commission Grant the sum which he has received as a Short Service gratuity.

Note.—The retired pay of Officers who received the special £1,000 gratuity as a result of transfer to the Permanent List before 1st July, 1946, will be reduced at the rate of £4 10s. a year for each year or part of a year of service short of a total of 25 years, subject to a maximum deduction of £54 a year.

14. On transfer to the permanent service Surgeon Lieutenants must provide themselves with the complete outfit of uniform prescribed by the Regulations.

Surgeon Commander and above is by selection, subject to completion of such periods of service and sea service and subject to such other conditions as may be specified from time to time.

Seniority

16. (*a*) Previous Service in the Armed Forces.—Previous commissioned service on the Active List in the Armed Forces as a Medical Officer will be allowed to count as commissioned medical service in full towards seniority, promotion and pay, whilst other previous commissioned service on the Active List in the Armed Forces will count as half for seniority, promotion and pay. All previous commissioned service in the Armed Forces from age 21, subject to there not being a break of more than 5 years before re-entry, will count in full for retired pay. In any case where there is a break of more than 5 years a Ministry of Defence decision should be sought.

(*b*) Recognised Medical experience after full registration in a hospital or civilian practice may render an Officer eligible for the grant of an ante-date of seniority up to a maximum of 7 years. The Medical Director-General (Naval) will decide as to the suitability of the Officer's civilian experience for the purpose of granting an ante-date. Additional seniority so granted will count for increase of pay and promotion but will not reckon as service for retired pay or gratuity.

The basis of calculation will be:—

First 4 years' approved experience ..	in full
Subsequent experience as a Specialist ..	in full
Other recognised experience	in half

(*c*) Transfer to permanent list.—Any Officer who has, for recognised medical experience in a hospital or in civil practice, been given an ante-date of seniority during his Short Service Commission will transfer to the Permanent List with that seniority. Any Officer who has not been given such an ante-date of seniority but whose previous experience in a recognized hospital or civil practice might justify an ante-date, may apply for this to be taken into consideration in determining his seniority on transfer to the Permanent List.

Emergency List

17. Officers leaving the Active List on completion of their Short Service engagements will be placed on an Emergency List, and will be liable for service in war or emergency during the subsequent 4 years.

Medals and Prizes

18. Awards and prizes open to Naval Medical Officers are the Gilbert Blane Medal, Chadwick Naval Prize, and North Persian Forces Memorial Medal, the Parkes Memorial Prize and the Erroll-Eldridge Prize.

Post-Graduate Instruction

20. Medical Officers selected for specialist duties are given ample opportunity to prepare for and take degrees and diplomas in their specialist subjects.

Kitchener Medical Scholarships

21. Ex-holders of Kitchener Scholarships are entered into the Royal Navy for 5 years' short service. On completion of 5 years' full pay service they will be eligible to withdraw from the Royal Navy with tax-free gratuities calculated under the same terms as for other short service officers. Since the cost of Scholarships awarded to candidates who enter the Royal Navy is borne by Naval Funds such cost will be deducted from the withdrawal gratuity any balance of the cost in excess being waived.

22. Ex-Kitchener Scholars are eligible to apply for transfer to the Permanent List. The full cost of the Scholarship may be deducted, at the discretion of the Ministry of Defence from any withdrawal gratuity which may be payable to an ex-Scholarship holder who is transferred to the Permanent List and who fails to serve for 15 years in the Royal Navy.

23. Ex-Kitchener Scholars who transfer to the Permanent List will be eligible for the Permanent Commission Grant as set out in paragraph 13 above except that in their case the grant will be paid in two instalments of £750 (taxable). The first instalment will be paid on transfer, subject to at least 1 year's service having been completed, and the second instalment will be paid on the completion of 5 years' full pay service.

Medical Cadetships and Pre-Registration Entry

24. The Royal Navy offers two methods of entry to men who wish to serve with its Medical Branch. The special feature of these schemes is that they offer to those not yet registered as doctors commissions with full naval pay, appropriate allowances, and financial assistance towards their studies.

25. Medical Cadetships are open to medical students who have obtained their second M.B. (or equivalent) but who have not yet qualified; pre-registration year commissions are available to doctors who have qualified and are about to take up their pre-registration appointments.

26. Both schemes lead to Short Service Commissions in the Medical Branch on registration. Opportunities will also exist to make a permanent career in the Royal Naval Medical Service, and holders of Short Service Commissions under these schemes will be able to apply for Permanent Commissions on completion of one year of their Short Service Commission.

27. Full details of these methods of entry may be obtained from the Medical Director-General (Naval), Ministry of Defence, Empress State Building, London, S.W.6.

Kitchener Dental Scholarships

18. Ex-holders of Kitchener Scholarships are entered into the Royal Navy for 5 years' short service. On completion of 5 years' full pay service they will be eligible to withdraw from the Royal Navy with tax-free gratuities calculated under the same terms as for other short service officers. Since the cost of Scholarships awarded to candidates who enter the Royal Navy is borne by Naval Funds such cost will be deducted from the withdrawal gratuity, any balance of the cost in excess being waived.

19. Ex-Kitchener Scholars are eligible to apply for transfer to the Permanent List. The full cost of the Scholarship may be deducted, at the discretion of the Ministry of Defence, from any withdrawal gratuity which may be payable to an ex-Scholarship holder who is transferred to the Permanent List and who fails to serve for 15 years in the Royal Navy.

20. Ex-Kitchener Scholars who transfer to the Permanent List will be eligible for the Permanent Commission Grant as set out in paragraph 13 above except that in their case the grant will be paid in two instalments of £750 (taxable). The first instalment will be paid on transfer, subject to at least one year's service having been completed, and the second instalment will be paid on the completion of 5 years' full pay service.

Dental Cadetship

21. A limited number of Dental Cadetships are available to male dental students who have not more than seven terms of study remaining before the expected date of qualification; Cadetships are tenable for the last six, or any less number of terms of study before this date. Preference is given to unmarried students.

22. Cadets hold commissioned rank, with naval pay and allowances, and they receive financial assistance towards the cost of their studies. They enter the Royal Navy in the rank of Surgeon Sub-Lieutenant (D) and continue their studies in the normal way. There are no fixed age limits, but candidates are normally required to be no more than 25 years of age at the time of appointment to cadetships.

23. After qualifying, the Cadet will be promoted to Surgeon Lieutenant (D) and must undertake a 5-year Short Service Commission as a Dental Officer in the Royal Navy. The Cadet will also be required to register himself with the General Dental Council as a dental practitioner.

24. Full details of cadetships may be obtained from the Medical Director General (Naval), Ministry of Defence, Empress State Building, London, S.W.6.

ENTRY AND TRAINING OF ARTIFICER APPRENTICES

METHOD OF SELECTION. Artificer Apprentices are selected by interview and aptitude test from candidates who qualify educationally in a written examination or who have been granted exemption from this examination on producing evidence that they have:

(*a*) obtained passes at the ordinary level in mathematics and an acceptable science subject in a General Certificate of Education examination;

or (*b*) obtained grade 1 passes in the Certificate of Secondary Education in Mathematics and a science subject;

or (*c*) obtained passes at the ordinary level in mathematics and an acceptable science subject in a Scottish Certificate of Education examination;

or (*e*) obtained passes in mathematics and in an acceptable science subject in the Grammar School Senior Certificate Examination of the Ministry of Education for Northern Ireland.

or (*f*) passed any examination which in the opinion of the Ministry of Defence is of equivalent or higher standard.

(*Note: "Arithmetic" is not accepted as "Mathematics".*)

Educational Examination. Normally held locally on the second Tuesday in February, May and October. The question papers are the same for all candidates, and will be supplied to the Education Authority, Governing Body or Superintendent of the School or Establishment who arrange to hold the examination and notify the candidates of the arrangements.

The examination is completed in one day and consists of five papers as shown below:—

	Maximum Marks	*Time Allowed*
Mathematics	300	1½ hours
Science	200	1 hour
Essay	100	¾ hour
English (Comprehension Test)	100	¾ hour
General Paper	100	1 hour

The mathematics and science papers are taken in the morning, and the remaining papers in the afternoon.

The worked papers are forwarded for marking to the Ministry of Defence (Director of Naval Education Service), immediately after the examination.

Failure in any particular examination will not render a candidate ineligible to compete again if otherwise eligible; nor will it render him ineligible for direct entry, should he subsequently gain exemption from the educational examination.

RECOMMENDATIONS. Boys who wish to try for an apprenticeship should apply for recommendation to one of the following authorities:

(1) Local Education Authorities in Great Britain and Northern Ireland.

(2) Youth Employment Committees of Local Education Authorities or of the Ministry of Labour.

(3) The Governing Bodies or their representatives of other secondary type schools and training ships.

Note.—Boys who are not entitled to a recommendation from one of the above authorities may be accepted as candidates at the discretion of the Ministry of Defence.

Recommendation forms are supplied to local Education Authorities and Youth Employment Officers. Further copies are obtainable from the Director of Naval Careers Service or any R.N. and R.M. Careers Office.

Completed forms must reach the Director of Naval Careers Service not later than the fifteenth day of the month previous to that in which the examination is to be held.

Note.—Recommendations of candidates who are exempt from the educational examination should also be submitted by the above-mentioned day.

Digitized by Google

AGE. Candidates must be between the ages of 15½ years and 17½ years on the 1st day of the month of entry, i.e., either January, May or September. The upper age limit may, however, be extended to 17 years 10 months on 1st day of month of entry for candidates who have completed a two-year course of further education and obtained G.C.E. "O" level passes at least in mathematics and a suitable science subject.

A rating already serving in the Royal Navy, who is within the prescribed age limits may become a candidate for an apprenticeship at the discretion of his Commanding Officer who, for the purposes of the foregoing instructions, will be regarded as a recommending authority.

NATIONALITY. Candidates must be British subjects or British-protected persons or citizens of the Irish Republic and normally the sons of parents both of whom are (or, if deceased, were at the time of death) British subjects or British-protected persons or citizens of the Irish Republic.

SELECTION PROCEDURE AND MEDICAL EXAMINATION. Candidates will have to satisfy the Selection Board that they will make good Artificer Apprentices. There will be practical tests designed to show the candidate's aptitude for craftsmanship.

A candidate who fails in the selection procedure may, provided he remains within the age limit, undergo one other test without the necessity of taking the educational examination again, provided he furnishes proof of having attended school continuously since passing that examination with mathematics and science included in his curriculum. (*Note:* this proviso may be waived if the second test is the one immediately following the one failed). Those who wish to avail themselves of this concession must, however, apply to do so during the month in which the relevant educational examination is held. The candidate should apply by letter to the Director of Naval Careers Service.

Candidates will be examined by a Naval medical officer to ensure that they are in good health and, as far as can be ascertained, free from any defect that would render them unfit for the duties of Artificer. Details of the medical standard are set out below.

MEDICAL STANDARD

Candidates must be in good health and of sound constitution, and be free, as far as can be ascertained, from any disease or defect that would unfit them for the duties of Artificer in the Royal Navy.

HEARING must be unimpaired.

VISION. Naval eyesight standard 6. Distant vision 6/60: 6/60. With glasses at least 6/12 in each eye or 6/6: 6/24. Near vision with glasses N.5 one eye, N.6 other eye. Hypermetropia limits as for Standard 3. Myopia limits: Age not exceeding 16—1.5 dioptres in meridian of greater error: Age 16–16½—2.0 dioptres in meridian of greater error: Age 16½ and over—3.0 dioptres in meridian of greater error. Binocular vision is required. Spectacles may be worn on duty.

TEETH must be in good condition and afford an efficient masticating area, including sound functionally opposed molars and incisors on both sides of the mouth. The wearing of dentures will not cause rejection provided they fit well.

HEIGHT. Candidates must be at least 5 feet in height.

All candidates must be willing to be vaccinated, re-vaccinated, and inoculated if necessary and to undergo such dental treatment as may be necessary. Parental consent to this must be produced.

PRELIMINARY MEDICAL EXAMINATION. To lessen the chances of subsequent disappointment, candidates are advised to present themselves for preliminary medical and dental examination at the nearest headquarters careers office and at some time before sitting for the educational examination. The preliminary medical examination would be free of charge, but intending candidates would be required to pay their own travelling expenses. It must be clearly understood that the preliminary medical examination is suggested as a guide to candidates and would not influence the final examination mentioned above. Application may, if necessary, be made to the Director of Naval Careers Service, Old Admiralty Building, London, S.W.1, for guidance as to the most convenient Careers office.

CONSENT OF PARENT ON ENTRY. A successful candidate must produce the consent, in writing, of his parent, guardian or nearest relative, to his entering the Navy and engaging to serve for 12 years (Continuous Service) from the age of 18 in addition to whatever period may be served before he attains that age.

A serving rating who is a successful candidate must similarly produce written consent to his transfer to Artificer Apprentice and to the change of engagement entailed.

CANDIDATES WITH SERVICE CLAIMS

Candidates with Service claims will be selected for entry in preference to others of equal ability. An application for a Service nomination is not an application to be a candidate. This must be rendered separately by the appropriate authority. Candidates are recommended by Commanders-in-Chief at home and abroad, the Admiral Commanding Reserves, Flag Officers Commanding in Home Waters, and the Commandant General Royal Marines.

Candidates must be sons of Commissioned Officers, Chief Petty Officers or Petty Officers of the Royal Navy; Commissioned Officers or Non-Commissioned Officers, of or above the rank of Sergeant, of Royal Marines; Clerks, Draughtsmen, Inspectors and Foremen of the Artisan branches, or skilled Artisans not below the grade of Chargeman, of H.M. Dockyards. Service nominations are restricted to:—

(*a*) boys whose fathers are dead;

(*b*) boys whose fathers have been invalided or who have, for some similar reason, strong claims to special consideration on compassionate grounds;

(*c*) boys whose fathers can show long and faithful service, or other sound reasons for consideration.

In allotting Service nominations under subheading (*a*), preference will be given to boys whose fathers have been killed in action, lost at sea on active service, or killed on duty; or have died of wounds in action or injuries received on duty, within 6 months from the date of such actions or injuries. Boys who are ineligible solely because their fathers were below the rank or grade specified in the paragraph above may be included in the recommendations for nomination if considered deserving and suitable candidates. Their names will, however, be considered after those of candidates whose fathers were of the necessary rank or grade.

Parents, if serving, should apply for a recommendation through the Commanding Officer of the ship or establishment in which they are serving, who will transmit the request to the appropriate authority. If not serving, parents should apply to the Commander-in-Chief at the nearest Home Port. Royal Marines, if not serving afloat, should apply to the Director of Pay and Records, Royal Marines, Melvill Camp, Eastney, Southsea.

Recommendations by one of the authorities quoted above can be accepted at the Ministry of Defence at any time after the boy has attained the age of 14 years 9 months. The latest date for the receipt of recommendations is the closing date for the receipt of applications for the last examination for which the boy is eligible by age.

Candidates will be eligible for nomination to an apprenticeship in connection with any competition held after the receipt of the recommendation at the Ministry of Defence. If a candidate fails to qualify at the first attempt and competes on one or more further occasions, the original recommendation for a Service nomination holds good.

A brief note of the father's services and of the family circumstances must be given.

Digitized by Google

In exceptional circumstances officers and men holding the ranks or rates mentioned above may apply for a recommendation for boys to whom they stand in the position of guardian. Independent evidence that the boy has been brought up by his guardian for 5 years or more should be forwarded with the recommendation.

THE TRAINING OF AN ARTIFICER

On entering the Navy the Artificer Apprentice joins H.M.S. *Fisgard*, the Royal Naval Artificers' Training Establishment at Torpoint, Cornwall. Here he lives and is educated free of charge in an establishment run on the lines of a good technical college. He is appointed to one of the Houses, each of which is named after a famous Admiral, and his work and recreational activities are directed by the House Tutor and House Officer.

The Apprentice spends two or three terms, which last 8 or 12 months, in H.M.S. *Fisgard*. During this time, he is trained in general craftsmanship, including woodwork, fitting, metal working and machining as appropriate. He is also taught the rudimentary principles of all types of machinery to be encountered in the Service.

The educational side of the training of Artificer Apprentices is along the broad lines of the Ordinary National Certificate and all apprentices also have opportunities to sit for General Certificate of Education examinations.

CATEGORY AND TRADE SELECTION. At the end of one term at H.M.S. *Fisgard* the Apprentice is asked which category he would like to join—Aircraft, Engine Room, Electrical, Control (Weapons) or Shipwright. It cannot be guaranteed that he will enter any particular category, but his wishes and his aptitude are carefully considered. During his last 4 months at H.M.S. *Fisgard* he starts on the specialized work of the category to which he has been allocated.

Within the Engine Room category, Apprentices specialise in various trades, namely, fitting and turning. Here again, consideration is given to the Apprentice's preference, but his aptitude and the demands of the Service will determine the final choice.

SPECIALIST COURSES. After leaving H.M.S. *Fisgard*, Aircraft Artificer Apprentices join H.M.S. *Condor*, the Royal Naval Artificers' Training Establishment at Arbroath, Scotland. Apprentices of the Electrical and Control (Weapons) Categories join H.M.S. *Collingwood*, the Royal Naval Electrical School near Fareham, Hants., and from there Electrical (Air) and Radio Electrical Artificer Apprentices (Air) go on to H.M.S. *Ariel*, the Royal Naval Air Electrical School, Lee-on-Solent, Hants. Engine Room and Shipwright Apprentices go to H.M.S. *Caledonia*, the Royal Naval Artificers' Training Establishment at Rosyth on the Firth of Forth; these apprentices go to sea for the last 4 months of their apprenticeship.

After eight terms' training, Aircraft Artificer Apprentices spend one year at an air station gaining practical experience before returning to H.M.S. *Condor* for a further year's training.

Electrical Artificers (Air) and Radio Electrical Artificers (Air) do the same after nine terms' training but spend only eight months at an air station.

At these training establishments and in ships, apprentices receive both theoretical and practical instruction in the operation and upkeep of the machinery and other equipment of the kind for which they will later be responsible. There will, for instance, be lathe work, the taking to pieces and assembling of engines and pumps, aircraft and electrical components, in addition to lectures in which the function of these machines is explained.

At these specialist training establishments, academic work proceeds in parallel with the technical instruction for most of the time. The brighter apprentice should gain the Ordinary National Certificate in mechanical or electrical engineering or naval architecture according to Branch.

Throughout the apprenticeship great emphasis is put on the development of character and powers of leadership to fit the apprentices for the positions of responsibility which they will subsequently hold in the Service.

PASSING-OUT EXAMINATION. Naval Artificer Apprentices of each category have to pass an examination and a practical test set for their category, and provided they are successful they are rated Artificer 3rd Class on completion of their apprenticeship and go to sea.

Further details and pamphlets describing the entry may be obtained on application to the Director of Naval Careers Service, Old Admiralty Building, London, S.W.1, or at any R.N. and R.M. Careers Office.

His hearing must be unimpaired; and the sight of both eyes must be sufficiently good for the performance of any work that may be required of him. He will be required to pass a medical examination.

Candidates will be required to reach the following eyesight standards:—

A candidate who reads all the plates correctly will be accepted. If he makes any mistakes he will be referred to the nearest Naval establishment holding a Martin Lantern for a confirmatory Martin Lantern test. Candidates will not be rejected on account of colour blindness, but colour blind candidates who wish to be electrical fitter apprentices should note that they will be restricted to certain work, and that this may affect their prospects of promotion.

The medical examination of the successful candidates will be held as soon as possible after the result of the competition is known.

* Candidates whose fifteenth birthday anniversary falls on 1st May or 1st September will be eligible to compete at the appropriate examination, but not on the occasion when their seventeenth birthday so falls.

6. The Competitions will be held by the Ministry so far as circumstances permit, in or near H.M. Dockyards and Naval Establishments.

Where travelling expenses within the United Kingdom exceed 5s. the whole cost may be reclaimed. Travelling expenses should be calculated on the basis of the cost of second class rail or bus fares from the candidate's place of residence to the nearest examination centre.

A candidate will normally be expected to travel to his place of examination and interview and back on the same day if this is possible, but if he is obliged to pay for accommodation (or for a sleeping berth on a train or ship), the Ministry will refund reasonable expenses on evening meal, bed and breakfast up to a maximum of 33s. for each night necessarily spent away from home. A claim for this refund must be supported by a receipted bill or voucher for each night's accommodation. Apart from this, expenses on accommodation and meals cannot be refunded.

Any candidate requiring a form on which to claim refund of travelling expenses should apply to the Superintendent of the Establishment to which he is competing for entry.

Expenses incurred by candidates from outside the United Kingdom in travel to this country from abroad, cannot be paid by the Ministry of Defence.

Craft apprenticeships will also be offered to boys within the stipulated age limits who satisfy an interviewing Board as to their suitability and are able to perform satisfactorily an intelligence and aptitude test. Notice of entry by interview will be given in the local Press from time to time, and candidates should address their applications to the Head of the Establishment at which they wish to be considered for entry. Boys accepted for apprenticeship by this means will be required to complete a period of 6 months' probationary service. On satisfactory completion of this service indentures will be signed, dated with the original date of their entry.

It is customary for the ribbons of these Orders and Medals to be worn immediately on the Appointment or Award being published in the London Gazette or promulgated to the Fleet.

* As from 14th January, 1958, appointments to or promotions in, the Order of the British Empire and awards of the British Empire Medal, when granted for gallantry, are so described in the announcement in the London Gazette and are distinguished by the wearing of a silver oak leaf Emblem on the ribbon. When the ribbon only is worn the Emblem will be in miniature. This arrangement applies both to military and civil awards. Classification of an award as made for gallantry has no effect on seniority or precedence in the various classes of the Order. A person appointed to the Order after 14th January, 1958, for gallantry and subsequently promoted in the Order, retains and wears the Emblem whether promoted for gallantry or otherwise. A holder of the British Empire Medal for gallantry, granted after 14th January, 1958, if subsequently appointed to the Order, will continue to wear the Emblem on the ribbon of the medal; he will wear the Emblem also on the ribbon of the Order only if appointed to the Order for gallantry.

On the riband of the British Empire Medal for Gallantry, the Gallantry Emblem is worn above any Bar which may have been granted, and when ribands are worn alone the Gallantry Emblem is worn further from the left shoulder than any silver rose Emblem denoting the award of a Bar.

(*b*) On the ground of having 18 years' service with continuous "V.G." character subsequent to that assessment.

The conditions laid down in clause 1 (*a*), (*b*), (*c*) and (*e*) will apply to all men. Desertion at any time will render a man ineligible for the award of the medal, except in special circumstances where a man can show the necessary period of service with continuous "V.G." character commencing from the date of recovery from desertion.

4. Service in the Royal Fleet Reserve for years for which a reservist is not required to perform drill, and is not able, therefore, to earn a "V.G." assessment of character, is to be regarded as equivalent to "V.G." service for the purposes of paragraphs 1 and 3 provided that the other conditions of service are complied with.

5. Men in possession of the Royal Fleet Reserve Long Service and Good Conduct Medal who subsequently re-enter the Royal Navy or Royal Marines on regular engagements and qualify for the award of the Active Service, Long Service and Good Conduct Medal, will be required to surrender the Reserve Medal on being awarded the Active Service Medal. Similarly, men who possess the Royal Fleet Reserve Medal will be required to surrender it on being subsequently awarded the Long Service and Good Conduct Medal of any Commonwealth Navy.

6. When the conduct of any man after he has been awarded the medal is considered to be such as to disqualify him from wearing it, he may be deprived of it by the Commander-in-Chief or the Commandant General, Royal Marines. The deprivation will be reported to the Ministry of Defence (NP2).

When reservists are mobilised or re-entered in the Royal Navy, the regulations for the deprivation of the Active Service, Long Service and Good Conduct Medal (Queen's Regulations and Admiralty Instructions, Chapter 19) are to apply equally to the deprivation of the Royal Fleet Reserve Medal.

7. A man who has been deprived of the medal for misconduct may have it restored at the discretion of the Commander-in-Chief or the Commandant General, Royal Marines, on completion of 5 years' service with "Very Good Conduct" before discharge, or on discharge from the Reserve provided that he has completed at least 3 years' service with "Very Good Conduct" since being deprived of the medal.

8. When it is desired to replace a medal which has been accidentally lost, the man to whom the medal belonged must make a declaration before a Magistrate or Registrar of the Royal Fleet Reserve, stating the circumstances in which the loss occurred, together with his rating, name, class, number in the Reserve, and Royal Naval official number, or Royal Marine register number. This declaration will be sent to the Principal Director of Accounts (Naval) through the Registrar of the Royal Fleet Reserve, and the Medal will be replaced, on payment, if the explanation of its loss is considered satisfactory.

9. Medals are to be worn, in conformity with the Regulations for Naval Uniforms (Ratings), with No. 2 dress (or No. 7 in hot climates) on those occasions when the wearing of No. 1 or No. 6 dress is authorised for Active Service ratings, i.e., at inspections and musters, on ceremonial occasions, and on Sundays in harbour. Medals are not to be worn on any other occasion.

GOOD CONDUCT MEDAL AND GRATUITY

Qualification for Award.—The Long Service and Good Conduct Medal represents, with Good Conduct Badges, the highest standard of conduct in the Service and it is important that recommendations for the award of the medal should not be made as a matter of course on completion of the necessary period of qualifying service.

2. *Gratuities.*—Except where otherwise stated, the award of a Good Conduct Medal will carry with it, irrespective of rating, a gratuity of £20, payment of which will be authorised by the Principal Director of Accounts (Naval).

3. *Entitlement.*—(*a*) To be entitled to the award of the Long Service and Good Conduct Medal and Gratuity, a Naval rating or a Royal Marine must:—

(1) have completed 15 years' pensionable service with continuous "Very Good" character, and with previous character not inferior to "Good" in service which is reckonable for pension purposes. Where character during such service has been assessed as "Good" on the 31st December in any year, time reckoning for the medal will not commence until the 1st January following;

(2) have actually re-engaged to complete time for pension (but see clause (*b*) below regarding ratings on non-continuous service engagements);

(3) be in possession of the full number of Good Conduct Badges which he could have earned during his service;

(4) be provisionally recommended by the Captain of the ship or the Commanding Officer of the establishment in which he is serving at the time of the application as in every respect deserving of the award.

(*b*) *Non-Continuous Service.*—Maltese ratings serving on non-continuous service engagements are eligible for the award of the medal and gratuity under the foregoing conditions, except that clause 3 (*a*) (2) above is not applicable. Ratings locally entered at Hong Kong and Singapore are eligible for award of the medal and a gratuity of £10 under the same conditions. Other locally entered ratings may be awarded the medal without gratuity if their records of service and character conform to the requirements for an award under the ordinary rules.

(*c*) Desertion will render a man ineligible for the award of the medal under the ordinary regulations (see Article 8—Special Recommendations).

4. *Long Service and Good Conduct Gratuities.—Additional Allowance.*—(*a*) Ratings, including Maltese ratings, who are awarded the gratuity of £20, are also eligible to earn an additional allowance which is payable in a lump sum with the first payment of pension on discharge, at the rate of £1 for each year of qualifying service with "Very Good" character rendered subsequent to the award or restoration of the medal. The lump sum is not payable to non-European locally entered ratings.

(*b*) A rating who is promoted to officer after the award of the medal and gratuity will be allowed, on confirmation in rank, to receive payment of any additional allowance that may have been earned up to the date of his promotion.

(*c*) Service during which a "Good" character is awarded will not count as qualifying service for the additional allowance, notwithstanding that the man may not have been deprived of the medal.

(*d*) When a man is deprived of or forfeits his medal he will forfeit the additional allowance already accrued. If the medal is restored before he is pensioned, the amount earned subsequently to the date of restoration only will be awarded.

(*e*) When a man is invalided after having been awarded the medal and gratuity, and before completion of the full time for pension, he will be granted any additional allowance that may have been earned up to the date of his discharge.

(*f*) Any man who voluntarily quits the Service after the award of the medal and gratuity, and before becoming entitled to a pension, will forfeit all claim to any additional allowance that may have been earned.

(*g*) Where a man who has been discharged to pension is permitted to re-engage for a further period of service subject to relinquishment of pension, such further service will be allowed to count for purposes of the additional allowance under the usual regulations, provided that the man is qualified in all respects for this allowance.

5. *Long Service and Good Conduct Gratuities and Additional Allowances of Dead Men.*—If a man should die after the award of his medal any gratuity or additional allowance to which he may be entitled will be paid to his widow, or next-of-kin if dependent upon him.

6. *Breaks in Service.*—A break in service not due to desertion, dismissal, sentence of imprisonment, or other misconduct on the man's part, will not be considered as breaking the continuity of his "Very Good" character, or of recommendations for the medal and gratuity, provided that he rejoins within 5 years or, if invalided, as soon as the state of his health permits, or if approval has been given to bridge the break in service of more than 5 years.

7. *Recommendations.*—(*a*) The names of men provisionally recommended for medals and gratuities, are to be sent to the Principal Director of Accounts (Naval) on Form S.218, accompanied by their Service Certificates or certified copies thereof, in sufficient time to allow for verification of entitlement and preparation of the medal (normally one calendar month), and for approval to be received and presentation to be made on the date when the award is due.

(*b*) Recommendations for Royal Marine ranks are to be forwarded through the Director of Pay and Records, Royal Marines, six weeks before the medal is due.

8. *Special Recommendations.*—(*a*) If a man has the essential service qualification of 15 years with continuous "Very Good" character in accordance with

Digitized by Google

the foregoing articles but is ineligible for the award of the medal under the ordinary regulations, the Secretary of State will consider any recommendation for a special award of the medal on the grounds that the man has displayed heroism or gallantry in action or has rendered some special service in time of emergency, during service qualifying for the medal and subsequent to the lapse which disqualifies him under the ordinary rules. The recommendation should be made by letter submitted through the Commander-in-Chief or administrative authority, or, for a Royal Marine, through the Director of Pay and Records, stating fully the circumstances in which the application is made.

(*b*) A recommendation for a man who has a record of 18 years' qualifying service with continuous "Very Good" character will also be considered although he may be disqualified under the ordinary regulations.

9. *Presentation of Medal and Gratuity.*—(*a*) When approval has been received, the medal is, if possible, to be presented by the Commanding Officer before the ship's company or Royal Marines Unit. The gratuity is to be paid on the authority which will be issued by the Principal Director of Accounts (Naval). In no circumstances is the medal to be presented or the gratuity to be paid before the date on which the award is due.

(*b*) The award of the medal and gratuity is to be noted on the Service Certificate. In order that the possession of the medal may not be overlooked when consideration is being given to deprivation of a Good Conduct Badge, the award of the medal is to be noted at the foot of the Badge column in addition to the Medals section of the Service Certificate.

10. *Misconduct pending presentation.*—The Ministry of Defence is to be informed by signal if the man's conduct falls below the requisite standard in the interval between the recommendation and the date when the award becomes due. The medal is not to be awarded and, if received in the ship, is to be returned to the Principal Director of Accounts (Naval) with an explanation and with the authority for paying the gratuity.

(2) If the presentation of the medal is delayed for any reason beyond the date when the award is due, and misconduct (other than a trivial offence not breaking the continuity of the man's "Very Good Conduct" or "V.G." character) occurs in the interval, the medal is to be withheld and a report made to the Commander-in-Chief or Flag Officer or, for Royal Marines on shore, the Commandant General, Royal Marines. Unless the offence, or the punishment awarded, automatically involves loss of the medal, the report is to state whether deprivation would have been proposed if the medal had been in the man's possession at the time of punishment. If deprivation would have been automatic or proposed, the higher authority may direct that the medal should be regarded as awarded on the due date, and deprived. If this course is considered inappropriate, the higher authority is to report the matter to the Ministry of Defence. When deprivation would have been neither automatic nor proposed, the medal should be awarded from the due date and retained (but, if the man has lost a good conduct badge, the medal should not be presented until the badge is restored).

Note.—The rules about restoration of the G.C. Medal are contained in the Queen's Regulations and Admiralty Instructions, Chapter 19.

11. *First Clasp.*—A man holding the medal who completes a further 15 years' service on any kind of Royal Naval engagement, T.124 and variants excepted, with the character qualification required for the original award may be awarded a clasp to the medal. The award of the clasp will not entitle the recipient to any further gratuity or pension addition. Applications for the award are to be made on Form S.218 endorsed "CLASP ONLY," and forwarded as directed in clause 7, accompanied by the Service Certificate or a certified copy thereof.

12. *Second Clasp.*—A man holding the medal and clasp who completes a further 15 years' service under the same conditions required for the award of the first clasp, may be awarded a second clasp to the medal. Applications for the award are to be made on Form S.218 as directed above.

Note.—Pensioners are not debarred from counting the additional service for the award of the clasps.

13. *W.R.N.S. Ratings.*—W.R.N.S. ratings will qualify for the medal and clasp under the same conditions as for men. The gratuity will however, be £17 and the additional allowance 17s. 0d. a year.

MERITORIOUS SERVICE ANNUITIES AND MEDALS (ROYAL MARINES)

A sum not exceeding £400 a year is available for distribution in annuities not exceeding £20, as rewards for distinguished and meritorious service. This award was open either before or after discharge to Senior Non-Commissioned Officers of the Royal Marines who had completed 21 years' service, or had been granted a life pension on account of wounds or hurts received in action or otherwise in the execution of duty.

2. As Royal Marines receive the L.S. and G.C. gratuity of £20, they are no longer eligible for this award. The Meritorious Service Medal has been awarded to all ranks who were registered in the Department of the Commandant General Royal Marines on 16th May, 1947, and no further awards will be made. Those to whom the Medal has been awarded remain eligible for the annuity and awards will be made, as and when vacancies occur.

3. The Medal and annuity are liable to forfeiture by recipients on conviction of treason, sedition or mutiny.

REGULATIONS RESPECTING THE ACCEPTANCE AND WEARING BY CITIZENS OF THE UNITED KINGDOM AND COLONIES OF ORDERS, DECORATIONS AND MEDALS NOT CONFERRED BY THE QUEEN BUT BY THE GOVERNMENTS OF MEMBERS OF THE COMMONWEALTH OVERSEAS OR BY RULERS IN THE FEDERATION OF MALAYA

The Queen has approved the following Regulations respecting the acceptance and wearing by citizens of the United Kingdom and Colonies of Orders, Decorations and Medals not conferred by Her Majesty but by the Governments of Members of the Commonwealth overseas or by Rulers of States of the Federation of Malaya.

ORDERS

1. No citizen of the United Kingdom and Colonies may accept or wear the Insignia of any such Orders without having previously obtained Her Majesty's permission to do so.

2. Such permission, if granted, will be either:—

(*a*) unrestricted, allowing the Insignia to be worn on any occasion;

(*b*) restricted, allowing the Insignia to be worn only on the particular occasions specified.

3. Full and unrestricted permission is contemplated in the following cases:

Digitized by Google

For an Order conferred:—

(*a*) for distinguished services in the saving or attempted saving of life;

(*b*) on any officer in the Royal Navy, Army or Royal Air Force, or any United Kingdom official, in recognition of services while lent to the Government of a Member of the Commonwealth overseas or to a Ruler of a State in the Federation of Malaya;

(*c*) on any other citizen of the United Kingdom and Colonies in recognition of services in the salaried employment of the Government of a Member of the Commonwealth or of a Ruler of a State of the Federation of Malaya;

(*d*) in other special circumstances when it is deemed expedient that the Order should be accepted.

4. Restricted permission is contemplated for Orders conferred:—

(*a*) on United Kingdom officials in Member countries of the Commonwealth overseas in connection with a State visit of Her Majesty to the Member of the Commonwealth concerned;

(*b*) on exceptional occasions when in the public interest it is deemed expedient that they should be accepted.

Permission will *not* be given to:—

(*c*) United Kingdom High Commissioners or their staffs in Member countries of the Commonwealth overseas, when leaving, whether on transfer or on final retirement;

(*d*) Officers of Royal Navy, Army or Royal Air Force units visiting Members of the Commonwealth overseas.

5. Both in the case of full and restricted permission, the matter will be submitted to The Queen by Her Majesty's Principal Secretary of State for Commonwealth Relations who shall be under no obligation to consider applications for permission unless the desire of the Government or Ruler concerned to confer upon a citizen of the United Kingdom and Colonies is notified to him before the Order is conferred. Such notification should be made through the United Kingdom High Commissioner in the territory. Services to be recognized must have been rendered within a period of five years immediately preceding the notification to the Secretary of State.

Neither full nor restricted permission will be given when considerations of general policy or public interest must be held to preclude the grant of either.

6. When Her Majesty's Principal Secretary of State for Commonwealth Relations shall have taken The Queen's pleasure on any such application, and shall have obtained Her Majesty's permission for the person in whose favour it has been made to wear the insignia of an Order with or without restrictions as the case may be, he shall notify this by letter to the person concerned. It will be made clear in relation to the grant of any Order that Her Majesty's licence and permission does not authorise the assumption of any style, appellation, rank, precedence or privilege appertaining to the degree of Knight Bachelor.

DECORATIONS AND MEDALS

7. Decorations and Medals not indicating membership of an Order, are, with the following exceptions, subject to those Regulations in the same manner as Orders. Decorations and Medals not indicating membership of an Order, conferred for saving or attempting to save life may be accepted and worn without Her Majesty's special permission, subject only to the restrictions imposed by the Regulations of the Service concerned. No permission is required to accept a Medal if it is not to be worn.

GENERAL

8. The wives of persons in the Crown Services of the United Kingdom are regarded for the purposes of these Regulations as sharing the disabilities of their husbands concerning the acceptance of awards from the Governments of Members of the Commonwealth overseas or from Rulers in the Federation of Malaya.

9. Persons, whether commissioned or salaried, employed in the Crown Service of the United Kingdom on a temporary basis are subject to these Regulations in the same way as those employed on a permanent and pensionable basis.

10. Members of the various police and constabulary forces maintained in the United Kingdom are uniformly regarded as subject to these Regulations as United Kingdom officials, with the exception however of British Transport Commission Police and Dock and Harbour Police Forces established under private Statutes.

11. Persons who have retired from the Crown Services of the United Kingdom remain subject to these Regulations in so far as concerns the acceptance from the Governments of Members of the Commonwealth overseas or from Rulers in the Federation of Malaya of Orders, Decorations or Medals offered in respect of services rendered before their retirement.

REGULATIONS CONCERNING THE ACCEPTANCE AND WEARING OF FOREIGN ORDERS, DECORATIONS AND MEDALS BY PERSONS IN THE SERVICE OF THE CROWN

(United Kingdom and Dependent Territories)

ORDERS

1. No person in the service of the Crown may accept and wear the insignia of any Foreign Order without Her Majesty's permission.

2. Such permission, if granted, will be either:—

(*a*) unrestricted, conveyed by Warrant under the Royal Sign-Manual and allowing the insignia to be worn on any occasion; or

(*b*) restricted, conveyed by letter from Her Majesty's Private Secretary and allowing the insignia to be worn only on the particular occasions therein specified.

3. Full and unrestricted permission by Royal Warrant is contemplated in the case of Orders conferred:—

(*a*) for distinguished services in saving or attempting to save life.

(*b*) on any officer in the Royal Navy, Army or Royal Air Force, or any British official in recognition of services while lent to a foreign Government, if not in receipt of any emoluments from British public funds during the period of such loan.

4. Restricted permission is particularly contemplated in the case of Orders conferred in recognition of personal attention to a foreign Sovereign, the Head of a foreign state, or a member of a foreign Royal Family, on the occasion of State or official visits by such personages.

5. Restricted permission will also be given for the wearing of insignia of foreign Orders conferred:—

(*a*) on members of Her Majesty's Missions abroad in connection with a State visit by Her Majesty to the foreign capital concerned.

(*b*) on members of deputations of British regiments to foreign Heads of States.

Digitized by Google

(*c*) on members of Special Missions when the Queen is represented at a foreign Coronation, Wedding, Funeral, or similar occasion; or on any Diplomatic Representative when specially accredited to represent Her Majesty on such occasions (but not on the members of his staff).

Permission will *not* be given to:—

(*d*) the Heads or other members of Her Majesty's Diplomatic or Consular establishments abroad when leaving, whether on transfer or on final retirement.

(*e*) officers of British naval, military or air squadrons or units visiting foreign countries, except as provided at (*b*) above.

6. Application for the Queen's permission, whether full or restricted, will be submitted to Her Majesty by her Principal Secretary of State for Foreign Affairs, who however shall be under no obligation to consider them unless, before the bestowal of the Order, the Government of the foreign country concerned has ascertained either through the British Diplomatic Representative there or through its Diplomatic Representative at Her Majesty's Court, that having regard to these Regulations the award would not give rise to any objection.

In no case can applications be considered in respect of Orders conferred more than five years previously or offered in connection with events so long prior to the proposal to award them.

7. When Her Majesty's Principal Secretary of State for Foreign Affairs shall have sought and obtained Her permission for a British subject to wear the insignia of a foreign Order without restriction, he shall signify the same to Her Majesty's Principal Secretary of State for the Home Department, or to Her Majesty's Principal Secretary of State for Scotland if appropriate in the circumstances of the case, in order that he may cause a Warrant as contemplated in Rule 2, to be prepared for the Royal Sign-Manual.

When such Warrant shall have been signed by Her Majesty, a notification of the grant of permission shall be published in the London Gazette, or in the Edinburgh Gazette as the case may be.

8. The Warrant conveying Her Majesty's permission may, at the request and expense of the recipient, be registered in the College of Arms if it has been submitted to Her Majesty by Her Principal Secretary of State for the Home Department, or in the Court of the Lyon King of Arms if it has been submitted to Her Majesty by Her Principal Secretary of State for Scotland.

Every such Warrant shall contain a clause providing that Her Majesty's licence and permission does not authorise the assumption of any style, appellation, rank, precedence or privilege appertaining to the degree of Knight Bachelor.

9. Permission will not be granted for the wearing of the insignia of foreign Orders conferred otherwise than by the Heads or Governments of foreign States recognised by Her Majesty as such.

MEDALS

10. Medals, with the exceptions specified below, and State decorations not indicating membership of an Order of Chivalry, are subject to the Regulations in the same manner as Orders, but permission, if granted, is given by letter or certificate, and not by Royal Warrant.

11. Medals for saving or attempting to save life at sea or on land, whether conferred on behalf of the Head or Government of a foreign State or by private Life-Saving Societies or Institutions, may be accepted and worn, subject only to the restrictions imposed by the regulations for the Services concerned.

Applications for Her Majesty's permission to wear other Medals conferred by Private Societies or Institutions cannot be entertained.

12. Applications for permission to wear foreign medals gained in warlike operations will not be entertained if the grant of such permission would be at variance with considerations of general policy or public interest.

GENERAL

13. The wives of persons in the service of the Crown are regarded for the purposes of these Regulations as sharing the disabilities of their husbands concerning the acceptance of foreign awards.

14. Persons employed in the commissioned or salaried service of the Crown on a temporary basis are subject to these Regulations in the same way as those employed on a permanent and pensionable basis.

15. Members of the various police and constabulary forces maintained in the United Kingdom and Dependent Territories are uniformly regarded as subject to these Regulations, with the exception however of British Transport Commission Police and Dock and Harbour Police Forces established under private Statutes.

16. Persons who have retired from the service of the Crown remain subject to these Regulations in so far as concerns the acceptance of foreign Orders, decorations or medals offered in respect of services rendered before their retirement.

17. The Regulations shall be regarded as applying in the same way as to British subjects, to British-protected persons who are such by virtue of their connection with a Protectorate or Trust Territory administered under the supervision of Her Majesty's Principal Secretary of State for the Colonies or Her Majesty's Principal Secretary of State for Commonwealth Relations; they may also be regarded as applying in the same manner to British-protected persons who are such by virtue of their connection with a Protected State administered under the supervision of either of the said Principal Secretaries of State, but Orders, decorations and medals conferred upon such British-protected persons by their Rulers are not regarded as falling within the scope of these Regulations.

A Service in Government Publications

Her Majesty's Stationery Office offers its readers a comprehensive service that will enable them to judge which titles in the vast output of Government Publications would help them in their work or leisure.

Catalogues are published daily, monthly and annually; in the latter two cases, Statutory Instruments are omitted, and separate catalogues for these are published. In addition, numerous sectional catalogues, issued free of charge, list the publications sponsored by individual Government Departments, and in some cases lists covering special subjects are available.

You can obtain full information about this service by sending a postcard to Her Majesty's Stationery Office, P6A, Atlantic House, Holborn Viaduct, London EC1, asking for our—

CATALOGUE SERVICE LEAFLET.

Ask at the same time for the name and address of your nearest official agent for Government Publications.
